

Woodville Local News.

BEAUTIFUL weather.
FALL WHEAT rapidly ripening.
PLANK to hand for the new sidewalk.
Cannington had a civic holiday last Monday.

A Large Stock of Harvest Mitts very cheap at H. Wilson's.

Pure Sugar-Cane Syrup, only 75cts. a gallon, at A. C. Campbell's.

Just arrived, Beautiful New Prints, at McIntyre & Prior's, Woodville.

The Toronto Industrial exhibition will be held in Toronto from the 5th to the 16th of September. \$25,000 is offered in prizes.

Harvest tools and Machine Oils at McIntyre & Prior's Woodville.

Mr. Wm. McKenzie of Kirkfield returned from the North-West last Saturday. He intends returning. Mr. Robt. C. Campbell also returned on Monday last.

Just arrived a large assortment of White & Oxford Shirts, Linen, & Paper Colours at A. C. Campbell's, Woodville.

Mr. Jno. McNeill, of 7th Con. Eldon, met with a severe accident to his left hand last Saturday, from a circular saw, at Eldon Station.

A. C. Campbell, Woodville, has made large additions to his stock of Boots & Shoes. Good lines in Men's, Ladies' and Children's on hand, to be sold very cheap.

We have before us a copy of Stone and Wellingtons Fonthill Nurseries, catalogue. This work is about the most complete one of the kind we have yet seen. It is handsomely got up.

"TEA-BERRY" whitens the teeth like chastened pearls. A 5 cent sample settles it.

"The match between the Lindsay and Woodville lacrosse clubs took place at the agricultural grounds yesterday afternoon."

Post—It is easily to be seen that victory did not perch on Lindsay's banner or the Post would have filled a column in behalf of the champions. Woodville scored three straight games.

A REWARD—Of one dozen "TEA-BERRY" to any one sending the best four line rhyme on "TEA-BERRY" the remarkable little gem for the Teeth and Breath. Ask your druggist for address.

A French scientist has made some experiments recently which go to show that all classes of insects, in proportion to their size, are from fifteen to forty times as strong as a horse. If you don't believe in the strength of insect life, watch the velvety little Humble-bee, with the topical poison, and see him lift a two-hundred-pound picnic man out of the grass.

We have before us some heads of fall wheat plucked indiscriminately from a field on the farm Mr. Wm. Cameron and grown by Mr. Neil McMillan which we do not think have been beaten by any season yet, the head has filled and the berry is a fine large size. We have also some specimen of barley which look equally as well and the stalks of which measures no less than four feet five inches in length. We do not think the crops in this locality ever promised better than at present.

BAD BLOOD.—The blood is the true essence of vitality, without pure blood there can be no healthy action in the system. Boils, blotches, pimples and the various humors and blemishes of the skin are only symptomatic of bad blood—that needs purifying at its fountain head, to render its tributaries pure. Burdock Blood Bitters effectually cleanse the blood from all humor, obtains a healthy action of the liver, bowels, kidneys, skin, etc., and strengthening while it regulates and purifies.

A new fish called the manhaden swarm the waters of Lake Ontario. Since their appearance the eisecos have taken their leave, and while they are here, pike pickerel, maskinonge and bass refuse to bite at the troller, preferring rather to gorge themselves with manhaden.

The well known drug firm of N. C. Polson & Co., of Kingston, writes that Dr. Fowler's Extract of Wild Strawberry has long been considered the best remedy for summer complaints in the market, and adds that their customers speak in the highest terms of its merits. Wild Strawberry is the best known remedy for Cholera Morbus, Dysentery and all Bowel Complaints.

"The act relating to the sale of railway passenger tickets in Canada" is now in force throughout the Dominion. Under the new law no person, unless he is authorized by the railway company, can sell a passenger ticket without being liable to fine or imprisonment. If, carried out, puts an end to all second hand ticket selling. Those who travel only a portion of the journey on a ticket can demand the return of the portion of his money within thirty days, less the ordinary fare between the two points for which the ticket was issued.

The other day Henry Rheinberg, a tramp, applied at the Westmorland County Almshouse for a night's lodging. The steward told the man he must submit to a scrubbing in the bath room. Rheinberg hesitated, but at last consented. He handed the steward a bag of gold, then removed his outer garments and disclosed two large leather belts containing gold, silver and American and German securities, amounting to nearly \$21,000. The tramp was furnished with supper, retired, and in the morning was found to be ill with typhoid fever. He died on Wednesday. The authorities have the address of Rheinberg's relatives in Germany. Rheinberg was a miserly beggar of the worst type.

WALNUT has become scarce enough and dear enough in Canada to suit almost anybody's idea; but England can beat us a trifle in walnut expensiveness. Two walnut trees blew down in England recently, and the timber was sold for over \$500.

A survey is begun in connection with the Trent Valley canal from a point on the River Trent some two miles below Hastings village, through Campbellford, down to Percy Boom, four miles south.

A WISE PRECAUTION.—During the summer and fall people are liable to sudden attacks of bowel complaint, and with no remedy or medical aid at hand, life may be in danger. Those whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a Physician is seldom required.

Holloway's Ointment and Pills.—Diseases of the Bowels.—A remedy, which has been tested and proved in a thousand different ways, capable of eradicating poisonous taints from ulcers and healing them up, merits a trial of its capacity for extracting the internal corruptions from the bowels. On rubbing Holloway's Ointment repeatedly on the abdomen, a rash appears, and as it thickens the alvine irritability subsides. Acting as a derivative, this unguent draws to the surface, releases the tender intestines from all acrid matters, and prevents inflammation, dysentery, and piles, for which blistering was the old fashioned, though successful treatment, now from its painfulness fallen into disuse, the discovery of this Ointment having proclaimed a remedy possessing equally derivative, yet perfectly painless, powers.

ZOPESA.
(FROM BRAZIL.)

The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

A. McFADYEN,
BEAVERTON.
