

BOLSOVER.

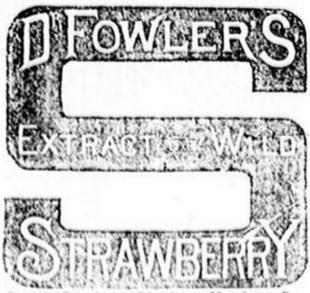

From our own Correspondent.

SCHOOL PICNIC.—Our School Picnic was held here on Friday, July 7th, and turned out to be an entire success. The Public School examination took place in the forenoon in the school house, which was well attended by the parents and the friends of education. The teacher offered a very nice silk pocket-handkerchief as a prize, to the best speller in the school. Mr. Moir conducted the spelling match in a very just and orderly manner. Miss Mary Jane Collins succeeded in winning the prize. After some singing by the pupils, school was dismissed and all proceeded to the picnic grounds, where a number of bountifully supplied tables awaited them. After dinner Mr. Crawford, of Haliburton, took a photograph of the scholars and another of the picnic party, both of which were elegant pictures. Mr. Moir and Mr. McInnes then collected about five dollars of prize money for running races. The following is a report of the races:—Boys' Foot Race—1st, Thomas Farde; 2nd, Joseph Foster. Girls' Race under ten years, 100 yards—1st, Emma Nix; 2nd, Millie Follott. Girls' Race over ten years, 100 yards—1st, Elizabeth Campbell; 2nd, Hannah Dunn. Men's Race, 200 yards—1st, D. Hall; 2nd, Wm. Nichols. Men's Three-legged Race, 100 yards—1st, John Moir and Wm. Nix; 2nd, David Hall and Wm. Nichols. A base ball game was then started, Mr. John Moir being chosen as umpire and John D. Reid and Dan. Munro as captains. The game, which proved to be a very exciting one, was played in a very friendly manner, and passed off without any disputing. The umpire decided the game in favor of John D. Reid. The ladies then prepared tea, and after the guests had satisfied themselves on the rich repast, the Rev. Mr. Paul addressed the party on the benefits of these social gatherings, and dealt for some time on the progress of the scholars, general interests of the school, and was also very liberal in offering a prize to the scholar who showed the most proficiency in school during the term. Mr. Follott was then called on to address the audience, which he did in a very able manner. A vote of thanks was then tendered to Miss Ross, formerly assistant teacher here, her brother and sister, Mr. and Miss Andrews, for their efforts to furnish the party with music. The crowd dispersed shortly afterwards.

WHEN EXAMINED AFTER DEATH, the lungs of those who have died of tubercular consumption are found to be honey combed with little cells full of purulent matter. To this terrible condition the lungs of any one may be brought who neglects a cough or cold. Unfortunately, so-called cough remedies are ineffective as well as injurious, containing ingredients absolutely prejudicial to the physical well-being of those who use them. There is, however, a source of renewed health and strength upon which persons harassed and weakened by lung and bronchial affections can depend with certainty. We refer to Northrop & Lyman's Emulsion of Cod Liver Oil and the Hypophosphites of Lime and Soda, which is justly esteemed throughout the Dominion for its effectiveness and purity. The medical faculty have long recognized the value of purified oil, obtained from the cod's liver, in throat and lung affections, and the hypophosphites are universally prescribed in cases of pulmonary decline and general debility. In this preparation the phosphorus which it contains (phosphorus being an important natural constituent of the physical organism) serves to supply stamina and vitality, by enriching the blood, while the lime and soda are of incalculable service in solidifying and strengthening the bones. This medicine not only counteracts pulmonary inflammation and arrests physical decline, but is a valuable remedy in serofulous cases. As a means of checking and compensating for the tremendous waste of badly tissue caused by lung and chest diseases—of healing and soothing the irritated membrane of the breathing organs, and of promoting the development of pure, rich blood, this preparation has no equal. All druggists sell it.

KENDALL'S SPAVIN CURE.

THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. READ PROOF BELOW.

KENDALL'S SPAVIN CURE HAMILTON, Mo., June 14th, 1881. B. J. KENDALL & Co., Gents:—This is to certify that I have used Kendall's Spavin Cure and have found it to be all it is recommended to be and in fact more so; I have removed by using the above: Callous, Bone Spavins, Ring-bones, Splints, and can cheerfully testify and recommend it to be the best thing for any bony substance I have ever used and I have tried many I have made that my study for years.

Respectfully yours, P. V. CRIST. FROM COL. L. T. FOSTER.

Youngston, Ohio, May 10th, 1880. DR. B. J. KENDALL & Co., Gents:—I had a very valuable Hambletonian colt that I prized very highly, he had a large bone spavin on one joint and a small one on the other which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express. I determined at once to try it and got our druggists here to send for it, they ordered three bottles; I took them all and thought I would give it a thorough trial, I used it according to directions and the fourth day the colt ceased to be lame and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it.

Very Respectfully, L. T. FOSTER.

Froment, Ohio, Jan. 25th 1881.

DR. B. J. KENDALL & Co., Gents:—I think it my duty to render you my thanks for benefits and profits which I have derived from your invaluable and far famed Spavin Cure. My cousin and I had a valuable stallion, worth \$4000 which had a very bad spavin and was pronounced by four eminent veterinary surgeons, beyond any cure, and that the horse was done for ever. As a last resort I advised my cousin to try a bottle of Kendall's Spavin Cure. It had a magical effect, the third bottle cured it and the horse is well as ever. Dr. Dick of Edinburgh, the eminent veterinary surgeon was an uncle of mine, and I take great interest in assisting his profession.

Yours truly, JAMES A. WILSON, Civil Engineer.

KENDALL'S SPAVIN CURE ON HUMAN FLESH.

West Enosburg, Vt., Feb. 15th, 1881. DR. B. J. KENDALL & Co., Gents:—Several months ago I injured my knee joint which caused an enlargement to grow the size of a large walnut and caused me very severe pain all the time for four or five weeks, when I began to use Kendall's Spavin Cure with the most satisfactory results. It has entirely removed the enlargement and stopped the lameness and pain. I have long known it to be excellent for horses but now I know it to be the best liniment for human flesh that I am acquainted with.

Yours truly, T. P. LAWRENCE.

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.
