Moved by Mr. Broad, seconded by Mr. Bowes, that this Council adjourn to meet again on the first Monday in August next. Carried.

**Holloway's Ointment and Pills.**—Self Help.—Prior to the discovery of these remedies an easy, ready and reliable remedy for outward disfigurements and inward complications was, practically speaking, unknown. No one need now be at a loss if they should, unfortunately suffer from ulcers, sores, tumours, boils, bruises, sprains, &c. Enclosing Holloway's medicines are very intelligible printed directions for using them, which should be attentively studied and immediately followed by all who resort to his treatment. Sooner or later the sufferer will assuredly triumph over the worst diseases. This searching Ointment disperses all those malignant humours which aggravate diseases of the skin, prevent the cicatrization of ulcers, and excite inflammatory tendencies in the system.

### Uptergrove.

On Friday evening 13th inst., a number of the friends in and around Uptergrove of J. H. Maguire late station agent here, met with him and presented him with an address, accompanied with a gold locket, on which was engraved his initials, a costly writing desk bearing his name in full, and a very valuable gold headed cane mounted with fine ebony, beautifully chased and embossed bearing a suitable inscription, all being an expression of their esteem and respect for him and in appreciation of his many and varied acts of kindness and generosity as well as his gentlemanly and Christian bearing towards all classes of the community during the number of years he has been among us. (The presentation took place in the station house and was made by Rev. H. Sinclair of this place, after which Mr. Maguire made a very suitable and feeling reply.

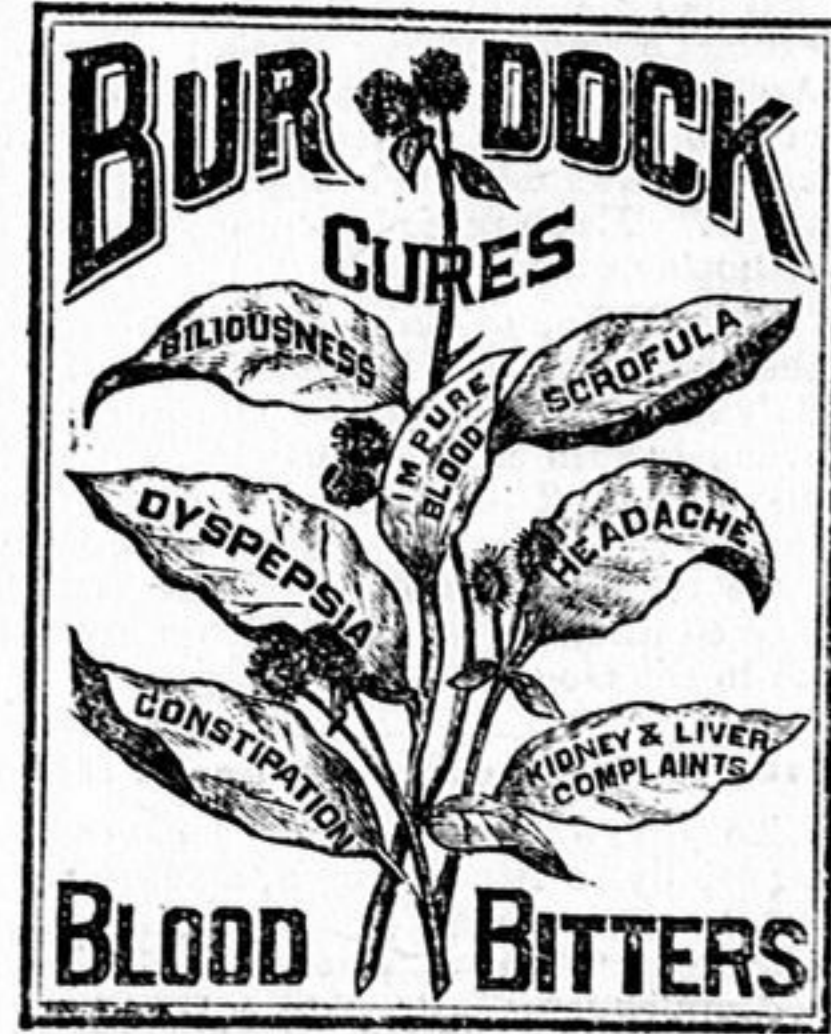

### District Jottings.

The Brock Fall Show is to be held at Sunderland this year. It will be remembered the place was changed to Cannington, but it was found to be illegal.

The late rains have washed large ditches across several of the Streets of Port Perry. A LITTLE son of Mr. D. Smelt, of the Uxbridge car shops was drowned in Gould's pond Uxbridge, on Monday of last week. It is not known how the accident occurred.

The Uxbridge car shops are being closed and the machinery removed to Port Hope. BARRIE is to have a public park. The voting on the by-law was carried by a large majority.

The Markham Sun gives terrible accounts of the havoc played by the recent storms on the Sutton Branch of the Midland Railway. Track, Mills, Dams, culverts and bridges were carried away and in one instance the track was hung in the trees some feet from the ground. Mount Albert is a scene of desolation and Sutton has suffered severely.

A CHANDELIER in the store of Mr. D. McKenzie fell Monday evening last, breaking all the lamps and chandelier. Fortunately the oil did not take fire, or we might have been called upon to chronicle a more serious disaster.

A CRICKET match between elevens of the village club took place on the cricket ground on Wednesday of last week. The teams "Mechanics" vs. "Professions" made a good game resulting in a severe defeat for the "Professions" by eight wickets.

MESSRS SMITH & Co., of the Beaverton Foundry inform us that they are being made the victims of a large amount of falsehood and misrepresentation by agents of other companies, located in neighbouring villages and that every effort is made by these unscrupulous individuals to divert the attention of customers from the merits of our foundry's goods. One of these individuals from Cambridge happened in the village one day last week and after drowning his discretion in liquor proceeded to the foundry where he bestowed an amount of filthy abuse upon its worthy manager which would make even a tramp blush. Mr Smith we learn did not have the scoundrel arrested and fined as he should have done, but he will beware of further aggressions.

THE Midland Railway's appeal from the Court of Revision of the township of Thorah was heard in the Court House on Tuesday, before His Honor Judge Dartnell. The grounds of appeal were, over assessment on the station grounds and buildings at Beaverton, and upon the value of the roadway through the township of Thorah. As to the first ground it appeared that the Assessment was no higher than it had been for several years. The Company objected that one building situated on their grounds did not belong to them, but to one Gordon, but as they had been assessed for years at the same rate, the Judge held that their remedy, if any, for this year must be against the owner, Gordon. As to the Roadway, it was found that the Company owned several acres more than they were assessed for, and the average value of the lands through which it passed was greater than their assessment. Appeal dismissed with costs. J. L. Biggar, Belleville, for Railway; J. E. Farewell, for Tp. of Thorah
