Great Fatality.

The ravages of Cholera Infantum and Summer Complaints among children is truly alarming. The most reliable cure is Dr. Fowler's Wild Strawberry. Every bottle guaranteed to give satis action.

This year Fenelon Falls is to be the scene of the celebration of the 12th of July by the Orangemen of the district, and a targe crowd is expected. Preparations for the event are now being made, and everybody hopes that the day (Saturday next) will be fine.

Ayer's Sarsaparilla is the most effective blood purifier ever devised. It is recommended by the best physicians.

The road to success is not to be run kpen by seven-leagued boots. Step by step, little by little, bit by bit, that is the way to wealth, that is the way to wisdom, that is the way to glory. Pounds are the sons, not of pounds, but of pence.

Hall's Vegetable Sicilian Hair Renewer never fails in restoring gray hair to its youthful color, lustre, and vitality. Dr. A. A. Hayes, State Assayer of Massachusetts endorses it, and all who give it a fair trial unite in grateful testimony to its many

During a dense fog, a steamboat took landing. A traveller, anxious to go ahead, came to the unperturbed manager of the wheel, and asked him why they stopped. "Too much fog. Can't see the river." But you can see the stars over head." "Yes," replied the urbane pilot; 'but until the biler busts we aint going that way." The passenger went to bed.

"I never can enjoy poetry when I am 'cooking," said an old lady who dropped in on us recently, "but when I step out to feed the hogs and hist myself on the fence. and throw my soul into a few lines of "Cap'n Jenks,' it does seem as if this airth was made to five on after all."

The Oshawa Vindicator has the following pert remark, and which we commend to all business men: -- Judicions advertising is the key stone to success. But you have got to understand how to advertise first. Some business men will hire a cheap Jack to paint his name all over the fences and have large signs posted up in different parts of the country, paying the said cheap Jack more for two or three days services than would pay for a year, and then he thinks he is advertising his business extensively although his name will not appear in the newspaper from one year to another. Such men never make a success of business. They may make a living, but there was hever a thorough Lusiness man who neglected his advertise ment in the newspaper. If you take a space in a paper with a circulation of twelve to fifteen hundred, not less than ten thousand persons will see that paper every week. Make your advertisement readable; change it often. The man who attends to his advertisement is the man who makes money. No men ever made a fortune by advertising in hotel registers, theatre programmes, maps. or almanacs. He has got to fall back on the old newspaper if he has anything important to sell. The time of bills and dodgers as an advertising medium is past. If you want to make money you must take a space in your local paper and let the people know what you have got to sell. It is the cheapest and safest way of advertising now. Our fences are covered with names of former business men who are almost forgotten in Oshawa at the present time, But a monument of their folly remains as a warning to others. Ascertain the amount you can expend in a year on advertising and then make as good a bargain with the printer as posible, and you will find that at the end of the year you will be better off than when you began. Try it.

Modern Magic.

The magical power ove pain that Hagyard's Yellow Oil possesses, outrivals the marvels of ancient times. It acts in a natural manner to subdue inflamation; cures rheumatism, Croup, Deafness, Sore Throat, and painful injuries.

There are different grades of oil stones, hard and soft . The best oil to use on an oil-stone is paraffin; water is better on a hard stone.

Those twin foes to bodily comfort, Dyspepsia and Biliousness, yield when war is waged against them with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. Its use also insures the removal of Kidney and Uterine maladies, and promotes unobstructed action of the bowels. The purity of its ingredients is another point in its favor. As a blood purifies it has no equal It is also a great favorite with the ladies.

The throne of England, so splendid when covered with silk, velvet, and gold, is, in fact, only an 'old oak chair,' over 600 years in use for the same purpose. Its existence has been traced back to the days of Edward I. The wood is very hard and solid; the back and sides were formerly printed in various colors, and the seat is made of a In his extraordinary pedestal and ladder novelties | in length, 17 inches in breadth, and 191 in taickness, and in this stone lies the grand peculiarities of the chair.

Remarkable Restoration.

A Firm Opinion.

The firm of Ormand & Walsh, druggists, Peterbore, say Dr. Fowler's Wild Strawberry is one of their best Standard Medicines for Summer Complaints.

A Remarkable Escape.

Mrs. Mary A. Dailey, of Tunkhannock, Pa., was afflicted for six years with Asthma and Bronchitis, during which time the best physicians could give no relief. Her life was despaired of, until in last October she procured a bottle of Dr. King's New Discov ery, when immediate relief was felt, and by continuing its use for a short time she was completely cured, gaining in flesh 50 lbs. in a few months. Free Trial Bettles of this certain cure of all Throat and Lung Diseases at John McKinnon's Drug Store, Beaverton. Large Bottles \$1.00

Time, its value.

To-day is ours, why should we care? To-day is ours, why should we fear? To day is ours, why should we sorrow ? For to the gods belong to morrow. Therefore for to day, Chew Gold Coin Tobacco, it is the hast.

Most excruciating are the twinges which rack the muscles and joints of the rheuma tic. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, by promoting increased action of the kidneys, by which the blood is more effectually depurated, removes through the natural channels certain acrid elements in the circulation which produce rheumatism and gout. The medicine is also a fine laxative antibilious medicine and general corrective.

Rev. Father Wilds' EXPERIENCE.

The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows:

"78 E. 54th St., New York, May 16, 1882. MESSRS. J. C. AYER & Co., Gentlemen : Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intolerably at night, and burned so intense-ly, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good. Yours respectfully. Z. P. WILDS."

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSA-PARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.
