Produce. D. W. ROSS, Proprietor.

This and That.

A young man writes us to know what will bring out a moustache. Tie a cord around it tightly, hitch the cord to a fence post and then run backwards. This has never been known to fail and although vigorous will bring that moustache every time.

The rock on which many a constitution goes to pieces is Dyspepsia. The loss of vigor which this disease involves, the maladies which accompany it, or which are aggravated by it, the mental despondency which it entails, are terribly exhaustive of vital stamina. Its true specific is Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which likewise overcomes bilious maladies, female ailments, and those coupled with impurity of the blood.

"I'd like to have you give me a good sendoff," said a man to the editor the other day. "Well, as soon as my boots come back from the cobbler's I'll do it," was the effective reply.

Mr. T. G. Wells, Chemist and Druggist, Port Colborne, Ont., writes: "Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure sells well, and gives the best of satisfaction for all diseases of the blood." It never fails to root out all diseases from the system, cures Dyspepsia, Liver Complaint, etc., purifies the blood, and will make you look the picture of health and happiness.

An Anti-Scott Act speaker was captured by the Salvation Army in Barrie. At the time of his conversion he was billed for a meeting in Penetanguishene, and he thereupon declared his intention of proceeding to fill his appointment by speaking in favour of the Act. He was also taking orders for liquors and publicly tore up those in possession which had not yet been sent in to his employers.

A Vassar girl writes:—"I haven't seen a man in a month of Sundays. We were out taking a 'constitutional' Saturday and came across a scarecrow in a cornfield. All the girls ran for it at once, and I only managed to secure a part of one of the skirts of its coats. Still it was something."

If your children are troubled with worms give them Mother Graves' Worm Exterminator; safe, sure and effectual.

Peterboro' post-office was robbed the other night of \$1,400 worth of stamps and about \$1,000 in cash. There have been an extraordinary number of post-office robberies in Ontario during the last few months.

Ill-fitting boots and shoes cause corns. Holloway's Corn Cure is the article to use.

Holloway's Ointment and Pills.—Abscesses, Erysipelas, Piles.—Unvarying success attends all who treat these diseases according to the simple printed directions wrapped round each pot and box. They are invaluable to the young and timid, whose bashfulness sometimes endangers life. Through apparently local diseases of this nature are essentially blood diseases, but a little attention, moderate perseverance, and trifling expense will enable the most diffident to conduct any case to a happy issue without exposing secret infirmities to any one. The Ointment checks the local inflammation and alleviates the throbbing pains. These directions also clearly point out when and how Holloway's Pills are to be taken, that their purifying and regulating powers may assist by adjusting and strengthening the constitution.

Most excruciating are the twinges which rack the muscles and joints of the rheumatic. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, by promoting increased action of the kidneys, by which the blood is more effectually depurated, removes through the natural channels certain acid elements in the circulation which produce rheumatism and gout. The medicine is also a fine laxative antibilious medicine and general corrective.

"Yes," said the society young man, "I think she is indeed a charming girl; and such a brilliant conversationalist! I talked with her for upwards of ten minutes the other evening, and we didn't refer to the weather but just once during the whole time."

"What is the first thing done in curing by the laying on of hands?" asked a Brooklyn invalid of a quack of the order of the electric-eel species. "The first thing required," replied the "doctor," with a bland smile, "is the laying down of greenbacks by the patient." The invalid "dropped to his lay" and went out.

"Yes," said the merchant, "I always mark the most expensive of my goods as 'Sold,' during the holiday season. Then when women read the signs it makes them crazy to have the same article, and they are so disappointed, that I finally promise to try and get them another—which, of course, I have no trouble in doing. Oh, it's a great scheme; I tell you, and never fails."
