This and That.

A young man writes us to know what will
bring out a moustache. Tie a cord around
it tightly, hitch the cord to a fence post and
then run backwards. This has never been
known to fail and although vigorous will
bring that moustache every time.

The rock on which many a constitution
rests to pieces is Dyspepsia. The loss of
vigor which this disease involves, the mala-
dies which accompany it, or which are ag-
gravated by it, the mental despondency
which it entails, are terribly exhaustive of
vital stamina. Its true specific is Northrop
& Lyman's Vegetable Discovery and Dyspeptic
Cure, which likewise overcomes bilious
maladies, female ailments, and those
coupled with impurity of the blood.

"I'd like to have you give me a good
sendoff," said a man to the editor the other
day. "Well, as soon as my boots come
back from the cobbler's I'll do it," was the
effective reply.

Mr. T. C. Wells, Chemist and Druggist,
Port Colborne, Ont., writes: "Northrop &
Lyman's Vegetable Discovery and Dyspeptic
Cure sells well, and gives the best of satis-
faction for all diseases of the blood." It
never fails to root out all diseases from the
system, cures Dyspepsia, Liver Complaint,
etc., purifies the blood, and will make you
look the picture of health and happiness.

An Anti-Scott Act speaker was captured
by the Salvation Army in Barrie. At the
time of his conversion he was billed for a
meeting in Penetanguishene, and he there-
upon declared his intention of proceeding to
fill his appointment by speaking in favour of
the Act. He was also taking orders for li-
quors and publicly tore up those in posses-
sion which had not yet been sent in to his
employers.

A Vassar girl writes:—"I haven't seen a
man in a month of Sundays. We were out
taking a 'constitutional' Saturday and came
across a scarecrow in a cornfield. All the
girls ran for it at once, and I only managed
to secure a part of one of the skirts of its
coats. Still it was something."

If your children are troubled with worms
give them Mother Graves' Worm Extermina-
tor; safe, sure and effectual.

Peterboro' post-office was robbed the
other night of \$1,400 worth of stamps and
about \$1,000 in cash. There have been an
extraordinary number of post-office rob-
beries in Ontario during the last few
months

Ill fitting boots and shoes cause corns,
Holloway's Corn Cure is the article to use.

Holloway's Ointment and Pills.—Abscess-
es, Erysipelas, Piles—Unvarying success
attends all who treat these diseases accord-
ing to the simple printed directions wrapped
round each pot and box. They are invalua-
ble to the young and timid, whose bashful-
ness sometimes endangers life. Though
apparently local, diseases of this nature are
essentially blood diseases, but a little atten-
tion, moderate perseverance, and trifling ex-
pense will enable the most diffident to con-
duct any case to a happy issue without ex-
posing secret infirmities to any one. The
Ointment checks the local inflammation and
alleviates the throbbing pains. These di-
rections also clearly point out when and
how Holloway's Pills are to be taken, and
their purifying and regulating powers may
assist by adjusting and strengthening the
constitution.

Most excruciating are the twinges which
rack the muscles and joints of the rheuma-
tic. Northrop & Lyman's Vegetable Dis-
covery and Dyspeptic Cure, by promoting
increased action of the kidneys, by which
the blood is more effectually depurated, re-
moves through the natural channels certain
acid elements in the circulation which pro-
duce rheumatism and gout. The medicine
is also a fine laxative and bilious medicine
and general corrective.

"Yes," said the society young man,
"I think she is indeed a charming girl;
and such a brilliant conversationalist!
I talked with her for upwards of ten
minutes the other evening, and we
didn't refer to the weather but just
once during the whole time."

"What is the first thing done in
curing by the laying on of hands?"
asked a Brooklyn invalid of a quack of
the order of the electric-eel species.
"The first thing required," replied the
"doctor," with a bland smile, "is the
laying down of greenbacks by the pa-
tient." The invalid "dropped to his
lay" and went out.

"Yes," said the merchant, "I al-
ways mark the most expensive of my
goods as 'Sold,' during the holiday sea-
son. Then when women read the
signs it makes them crazy to have the
same article, and they are so disap-
pointed, that I finally promise to try
and get them another—which, of course,
I have no trouble in doing. Oh, it's a
great scheme, I tell you, and never
fails."
