OUR NEIGHBORS.

GAMEBRIDGE.

SCOTT ACT.—Mrs. F. Mechiem, proprietress of the Gamebridge Hotel, was fined \$50 and costs last Friday for violation of the Canada Temperance Act.

GONE FOR HOLIDAYS.—Our highly esteemed teacher, Mr. L. Rush has gone away for his holidays. We hope he will enjoy himself as he is deserving of a much needed rest.

PERSONAL.—Miss Kate Simpson and Miss Jessie McKay are once more in our midst, looking hale and hearty.

LORNEVILLE.

PERSONAL.—Mr. Duncan Jackson of Winnipeg paid a short visit to the home-stead last week. He came to see his mother who is not very well. Many of his friends were disappointed at not seeing him, his stay was so short.

BASE BALL.—Our school boys went out to Coboconk on Dominion Day to play a game of base ball, in which they were defeated, but the kind way in which they were entertained took away the sting of defeat. It is expected that the return match will be played here in the near future, when our boys may show their appreciation of the Coboconk hospitality by returning like for like.

FINE DRIVER.—Mr. D. McCrimmon has obtained from Mr. J. Black of Palestine, a beautiful roan driver which is the admiration of many.

RENOVATION.—The G. T. R. Company has men engaged in deepening the wells at the tank house.

ENTRANCE EXAM.—Two pupils from this school wrote at the entrance examination held at Kirkfield.

ARGYLE.

BASE BALL.—Our base ball club went to Palestine last Saturday and were defeated. The best feeling prevailed between the contending clubs. This is the second defeat sustained at the hands of the same club this year.

BARN RAISING.—A fine barn 50 x 72 was raised on the farm of Mr. William McIntyre, last week.

PALESTINE.

BEREAVEMENT.—Deep sorrow is felt for the loss of a bright little girl, Emma Holmes, daughter of Mr. Wm. Holmes, who died of diphtheria. The bereaved parents have the sympathy of all.
Pic-nic.—The S. S. picnic held in Mr. John Shier's bush on Dominion Day was a grand success.

VICTORIES.—Our boys were again victorious in the base ball match against Argyle, on Saturday last.

THORAH.

HARVEST MOWER.—The hum of the mower is now heard in the land and the air is fragrant with the smell of new mown hay and lardine oil. The old meadows are almost without exception, light; the new are ditto and the yield will not be near up to the average.

PROMISES WELL.—Barley, wheat and oats are since the late rain “bobbing up serenely” and promise well.

ROOT CROP.—The root crop looks fair, except turnips, which have not “showed up” yet and unless they do so quickly will have to be re-sown.

Pic-nic.—Point Mara and 1st con. picnics came off last week and were not rivaled up to the usual standard, the Point picnic being decidedly tame.

WHY THIS THIRST.—Can it be that people are getting weary of the usual picnic bill of fare, of square dances, strawberry lemonade (no strawberries and 4 lemons to a barrel of water), indigestible fruit cakes (4 lbs. to the square inch), and dried apple pies? Such a supposition seems absurd still it would be advisable to try something fresh next year.

Holloway's Ointment and Pills.—Debilitated Constitutions.—When climate, age, or hardships have undermined the health, skin diseases are prone to arise and augment the existing weakness. Holloway's medicaments daily prove most serviceable even under the most untoward circumstances. This well-known and highly-esteemed agent possesses the finest balsamic virtues, which soothe and heal without inflaming or irritating the most tender skin or most sensitive sore. Holloway's Ointment and Pills are infallible for curing bad legs, varicose veins, swelled ankles, erysipelas, scaly skin, and every variety of skin disease. Over all these disorders Holloway's remedies exert a quick and favourable action, and where cure is possible, gradually but certainly arrive at that consummation. They are invaluable in the cure of scrofula and scurvy.

District Gleanings.

A glue factory is to be started at Orillia.

The first session of the Ontario summer school of music will be held in Welland, Ont., beginning July 10th.

Dr. T. G. Smith, General Secretary, Queen's University, Kingston, proposes to raise \$60,000 to endow a chair in honor of Principle Grant.

The Beeton “World” announced an eclipse of the moon for a certain night, and then apologized to all who sat up waiting for it. The eclipse didn't come off.

Dundalk thieves will steal anything from a mosquito's luncheon to a minister's wood pile, and a nightwatchman now guards the steeple of the village church.

A man in Brockton squirted a solution of carbolic acid in the nooks of his buildings infested by sparrows, and the pests have moved bag and baggage.

It will cost \$30,000 to improve and enlarge Williams' piano factory, Oshawa.

There is some talk of electric light for Georgetown.

A Belleville woman was sent to jail for a week for bigamy.

Boyd, a Gravenhurst hotel keeper, refused to pay Mr. M. J. Herbert for \$150 worth of beer, because the Scott Act was in force and therefore Mr. Herbert could not legally collect the money.

The G. T. R. has decided to remove the steam hammer for forging purposes from Toronto to the Allandale yard. The workshops at that place are likely to follow very soon also.

Last week fourteen hens were sun-struck at Campbellford and all of them died a short time afterwards.

The project to supply St. Catharines with natural gas will remain in abeyance for another month.

The poor box in the Catholic Church, Mewmarket, was broken open and rifled last week.

Gravenhurst saves \$600 by altering the plans for the new school to be built and yet it remains as convenient.

The 17th anniversary of the Battle of the Boyne will be celebrated in Norwood this year by the Orangemen of East Peterborough.

The editor of the Mount Forest “Representative” says he spends his spare moments stonning potato bugs off his garden. He says it is doubtful whether he or the bugs will get the potatoes.

The town of Gait is rather strangely situated at the present time in regard to ministers. The Catholic church is the only one that has a pastor over it that was in Gait three months ago. Two pastors are away, two churches are vacant, and two are changing.

In their presentation the grand jury at Oxford June sessions declared that, although they favored temperance, the Scott Act has not accomplished the object for which it was intended.

The Government has set aside the Coldwater river for four years for fish-breeding purposes, and will put one million of the speckled beauties in the river next spring.

Rev. Mr. Galbraith on leaving Orillia Methodist church was presented by the congregation with an address, a dressing gown and Morocco Travelling Bag fitted with all necessary toilet appliances.

Port Hope's Central exhibition will take place on the 2nd and 3rd of October.

Dr. Lavell, Warden of the Kingston penitentiary, traces the starting point of most of the criminals under his charge to disobedience to parents, bad company and neglect of Sunday observance.

One Saturday afternoon lately Callaghan Bros. lumber and shingle mill, situated on the south shore of Sturgeon lake near the mouth of Emily creek, was destroyed by fire, which broke out in the engine-room. As the mill was only about a year old, and the machinery, which was new when put in, had been very little used, the loss will be heavy, and the building and its contents were only insured for about half its value.

Orillia seems to be the paradise for early-closing. Merchants and customer alike seem to come to the conclusion that business can be done in certain hours, that people are not expected to work all the time, and they just close up at six o'clock, and there is no more about it. This is about as it should be, and that is about the essence of it in Penetanguishene, and we fancy it will be come general, and need no compulsory by-law.—[Peatanguishene Herald.]

A woolen mill and paper mill will be built at Belleville.

London is having its hydrants tiled to prevent them from freezing in winter. The work is being done under the supervision of Mr. James McGee.

Peeling and drawing tan bark afford employment for farmers at Muskoka Falls when their own work is slack.

Mr. Nathan Michaels, tobaccoist, St. James street, Montreal, having placed in the centre of his store a bronze statuette of Sir John A. Macdonald smoking a cigar, said cigar being a gas jet for the use of customers, advertised in the papers that the right honorable gentleman would hold a daily reception on the premises. Sir John took exception to this familiarity, and has instituted an action against Mr. Michaels for \$5,000 damages for using his name for advertising purposes.—[Witness.]

A human skeleton was found at Mr. D. Cameron's Point, Lake Simcoe, a few days ago. The action of the waves had washed it partly out of the bank where it had been buried. Some bits of a canoe which had been used as a coffin, rusty nails, metal buttons and a few copper coins, struck about the year 1800 were found with the bones. One piece was plainly marked with the head and name of Wellington and dated 1814. The other pieces appeared to be French or Spanish coins, and unrecognizable. Who the unknown one was, when and how he died, who performed the rites of burial in the dark “forest primeval” by the lonely shores of Simcoe, are questions which may never be answered.

While Mr. M. W. Brandon and a commercial traveller with whom he is acquainted were sailing on Cameron Lake one day last week and running before a stiff breeze, a good-sized “lunge” suddenly rose to the surface close to the bows of the canoe, into which, the next instant, it leaped. Mr. Brandon killed the fish with one of his paddles, the blade of which was so sharp that, in striking at the invader, he cut a slit in the side of the canoe, and had to plug it up with a handkerchief to keep the water out until they got to shore.

On their return from the North-West campaign in 1885, the East Durham contingent of the Midland Battalion brought from Frog Lake a church bell which they found on the Roman Catholic chapel at that station. The bell now adorns an Orange Hall in Millbrook. The Bishop of Saskatchewan demanded the restitution of the bell, and the Minister of Militia sent Mr. Ward, M. P., to secure it, but the Millbrook Orangemen refused to give up the trophy, and say it shall never again be sounded on a Roman Catholic church.

The Port Hope “Times” says:—Four years ago a daughter of Mr. R. Sanderson, North Monaghan, while playing with some companions, had the stone of a choke-cherry blown into her ear. It affected her hearing and although the best medical aid was summoned, the stone was not removed. Last week she took the stone out herself with a hairpin and her hearing is improving.

Allan McDougall, a Lobo farmer, after butchering, washed his hand which was cut, in a pail containing blood and water. Poisoning ensued, his arm was amputated, but he died last week.

Mr. McCool, principal of Hanover public school, was fined \$1 and costs by a local magistrate a short time ago for giving a boy in his school five slaps on the hand with a small rubber strap. Mr. McCool appealed and the case came up at Grey County Court held at Owen Sound a few days ago. The respondent, Bryden, failed to appear, consequently the conviction was quashed.

At a recent meeting of the village council of Shelburne, it was resolved to submit a by-law for \$20,000 to secure a system of waterworks for fire protection and domestic purposes.

We are pleased to notice that the Board of License Commissioners for the town of Parry Sound, backed by the concurrent opinions and support of the council and leading citizens, have refused to grant any licenses for the sale of intoxicating liquors within the limits of the town.

Monday was the first holiday under the licensed liquor traffic since the repeal of the Scott Act, and observant people will now be prepared to judge which is better—public amusement under license or prohibition. The verdict must certainly be against the traffic. There was no holiday during the three years of local prohibition when drunkenness, blasphemy, obscenity and quarrelsomeness were anything like so prevalent and obtrusive as last Monday.—[Orillia Packet.]

Several of the family of Rob. Linton, of Campbellford, were poisoned by eating canned salmon on Thursday evening. Medical aid was called in and all are improving.
