Cure for Hard Times.

If you want money to buy more land, to
pay off a mortgage or other debts, we would
advise you to see the reduced terms of the
Canada Permanent Loan and Savings Com-
pany, which has made more loans to farmers
for the last twenty-three years than any
other. You can get any time you want to
repay, up to 20 years. The full amount of
the loan is advanced, no deduction being
made for commission, payments in advance
or expenses.
For further particulars apply to

STOUFFVILLE.

The following is the full account of the
losses and insurance of the fire which occur-
ed at Stouffville last Thursday afternoon:
E. Miller, loss \$6000; insurance in the Water-
loo Mutual \$1200; E. Wheeler, loss on
dwelling house \$800; no insurance; W. Wat-
son, furniture, \$600 no insurance; J. Hop-
kins, loss on stables and removing furniture
\$500; Mrs. Johnston, removing furniture,
\$100; A. Parks, removing furniture, \$100;
Toronto & Nipissing R. R., loss on wood
\$300.

BEAVERTON.

Pic-nics are the order of the day, they
average about 4 per week.

Messrs. Garrow Henderson and Towke,
three Oshawa young men, have been camp-
ing here this last week. They intend to
leave this week and go farther north. They
are enjoying themselves first rate, their sport
consists of shooting, fishing, etc.

A cricket match was played here on Thurs-
day, the 6th inst., between the first and 2nd
eleven of the Beaverton cricket club. Rain
commenced to fall in the middle of the 2nd
eleven 2nd innings which put a stop to the
game, the score then stood 1st eleven 169
runs; 2nd eleven 96 runs, and 9 wickets to
fall.

LINDSAY.

Mr. M. Harrington of Emily, had a field
of fall wheat which yielded 40 bushels to the
acre.

At the council meeting on Monday even-
ing last a committee was appointed to en-
quire into certain charges made against the
Market Clerk and Constable Jane for receiv-
ing money in settlement from persons guilty
of violating the market by-law.

The following births, marriages and deaths
were registered at the office of the town
clerk, Division Registrar, for the month of
July:—Births, 9; marriages, 2; deaths, 2.
In Peterboro' for the same period there were
registered:—Births, 16; marriages, 9; deaths
2.—Herald.

UXBRIDGE.

\$368 will be required for County purposes
this year, whilst last year \$460 was required
a decrease of \$92 for the present year.

There will be no drill of Volunteers this
year, but as soon as the necessary steps can
be taken the drill shed will be removed
from its present location to some spot in the
neighborhood of the Elgin Park.

It is understood that Monday the 25th
inst., will be our Civic Holiday, when there
will be a grand excursion to Toronto and re-
turn for the low fare of 50 cents for adults
and 25 cents for children. This excursion
has every year been a great success.—
Guardian.

OMEMEE.

At noon yesterday the building occupied
by Mr. Wm. Dornan, as a black smith shop
and carriage factory, on King street, was
destroyed by fire. How the fire originated
is a matter of uncertainty but it was proba-
bly from the forge. The workmen left the
building with everything apparently all safe
but five minutes had not elapsed after their
departure before a great portion of the
structure was discovered to be in flames,
which spread so rapidly that but little could
be saved. Two horses and a few tools were
got out of the blacksmith shop, and a cutter
out of the contents were a total loss. The
building cost between \$600 and \$700 and was
insured for \$400. Mr. Dornan estimates his
loss on stock in the neighborhood of \$1000,
which is partly covered by an insurance of
\$200. Fortunately the wind was blowing
from the east, or the main portion of the
village most probably would have been de-
stroyed.—Herald.

We feel happy at the more than abundant
harvest that has fallen to the lot of most of
our neighbours. Every other farmer we
meet has a smile on his face, and all seem
busy on treating themselves by going on the
Excursion to Meaford. We think, consider-
ing the abundant harvest, the ridiculously
low fare, and the steady hard work farmers
have had for the last three months, we
would be sorry to say anything against their
going in on Wednesday for a regular day's
enjoyment. It will do them a big amount
of good. By all means go.

PETERBOROUGH.

On Tuesday evening last on the return of
the party from Oak Orchard, Mayor Lundy
entertained the band to an excellent supper
in Chamberlain's restaurant. A pleasant
evening was spent.

In accordance with a numerous signed
petition, the Mayor has named Monday,
18th instant as our Civic Holiday. Several
private pic-nics, and an exhibition game of
Lacrosse with the Shamrock Lacrosse Club
of Montreal are on the tapis, and it is only
to be hoped that the weather will prove
fine.

On Wednesday, afternoon at a few minutes
past three a fire was discovered in the stable
in the rear of the house occupied by Mr. F.
Millar, on Dublin street. The steam whistle
of Baptie's planing mill was immediately
blown, and a moment after the fire alarm
was sounded. The Brigade turned out in
quick time and soon reached the scene of
the fire. The stable was almost completely
destroyed, and only by great exertions on
the part of the Brigade, assisted by the
citizens, were the adjoining buildings saved.
—Times.

ORILLIA.

About fifteen minutes to two o'clock
Wednesday morning, a man conveying a
huge bundle was seen entering Mr. Scad-
ding's premises, and keeping close to the
fence, going to the boat-house where a boat
with sculls in it, was moored. Into this the
individual got, and rowed off rapidly down
the lake shore. There is little doubt the
bundle was goods stolen at the fire. Mr.
Scadding has not yet recovered his boat.

A most disastrous fire supposed to have
originated in a frame building occupied as a
liquor store, occurred on Wednesday, and
destroyed over twenty different buildings
in the very heart of the town, Mississaga
street, and caused a loss of property to the
amount of about \$100,000. The buildings
being all frame, and the wind blowing brisk-
ly in an easterly direction at the time, it
was impossible to subdue the flames; the
fireman confining their exertions to saving
the structures on the opposite side of the
street. It was supposed by many that at one
time the whole town was in danger, but
luckily the wind changed to a southerly di-
rection and stayed the spread of the flames.
As it is, a large portion of the business part
of the town is in ashes. From the corner of
Mississaga and Peter streets to Mr. Grib-
bin's store on the west, and up to and in-
cluding the Albion Hotel on the south, every-
thing has been swept away. A number of
the sufferers succeeded in saving a large
portion of their stock, but of course in a
very damaged condition.—Packet.

FENELON FALLS.

On Tuesday evening the driver of the mixed
train bound for Lindsay saw three cows on
the track a short distance south of McLaren's
creek, and, slackening speed, caused the en-
gine to emit the loudest and most terrifying
screams of which it was capable; but the
animals, though badly seared, persisted in
keeping between the rails, and quite an ex-
citing chase ensued. The passengers thrust
their heads and shoulders out of the car win-
dows in hopes of seeing the fun, and were
gratified by occasional glimpses through a
cloud of dust of the heels or tails of the
fugitives, who finally, after a mad gallop of
about half a mile, left the track and dashed
up a narrow path in the embankment which
probably led to their owner's premises.

On Saturday evening last, about half past
5 o'clock, Fenelon Falls was visited by a
storm which, though of very brief duration,
was one of the most violent that has been
witnessed here in a good while. It came up
suddenly from the west; lightning flashed
and thunder roared; rain fell in torrents,
and the wind blew with such fury as to raise
upon the main street a cloud of dust so dense
that the eye could not penetrate it for a
distance of more than twenty or thirty yards.
A good deal of damage was done to stand-
ing grain, garden produce and outbuildings;
the air was temporarily full of rails, boards
and other "portable property"; and our
cow, which is pastured in a field behind the
Methodist church, was apparently blown
over a solid board fence, for she was found
next morning on Bond street. In an angle
formed by the junction of Mr. Edward's
livery stable and driving shed stood two
handsome balsam-of-Gilead trees, springing
seemingly from the same root, and these
have both disappeared, one having been
broken off level with the eaves of the shed
and the other just above the ground. Not

a few farmers had to turn out all hands
work throughout the night hoisting fence
and some, we hear, had their crops ba-
injured. The storm seems to have rag-
ed over but a limited area, and only extend-
ed a very short distance to the south
of the Falls, though at Mr. Jordan's
house, about a mile from here, it could
distinctly be observed "carrying on" over
village.—Gazette.

OSHAWA.

A horse belonging to Mr. Charles Len-
rence strayed on to the line of the G. T.
on Sunday and was struck by a passing
freight train and killed.

McNaughton and Yellowhead, an Indi-
an from Lindsay, are matched to run a
mile race in the Driving Park, on Monday
the 18th inst., for \$25 a side, and on the
same day Geo. Hodder and M. Drew are
run a three mile race for \$5 a side. They
will be both good races.

Thursday next, 14th inst., has been pro-
claimed a public holiday. The Odd Fello-
ws are making preparations for an excursion
by rail, to Hamilton. A lawn party under
the auspices of the Ladies Aid Society of
St. C. M. Church, will be given on the ground
of the Mayor. Croquet, archery, and other
amusements will be provided.

On Monday morning the driver of a freight
train on the G. T. R. discovered the body
of a man lying by the side of the track about
two miles east of Oshawa Station. He
brought his train to a standstill, and put-
ting the body on board, brought it to Oshawa
Station, where it was recognized to be the
body of David Kennedy, a young man who
formerly lived in this place and up to the
month of May last, worked in Keele's
Barber Shop. Dr. Rae, Coroner, was no-
tified and empanelled a jury, and the follow-
ing facts were elicited. He jumped on an
eastern bound freight train at Toronto
Sunday evening, it is thought, with the in-
tention of coming to this Town to visit
his friends before going to work in a situa-
tion which he had received in Kingston. He
was discovered at Scarborough and put off the train.
When the next freight train came along
he asked the conductor to carry him to Oshawa
but the conductor refused to do so as it was
contrary to his instructions to carry passen-
gers. But it appears that he got on the
train and kept himself out of sight of the
hands, intending to get off when he arrived
at Oshawa Station, but the train did not
stop here, and it is believed that in attempt-
ing to jump off he was struck by the car
and instantly killed. The back part of his
skull was crushed by coming in contact with
one of the ties and one of his hands was
mangled by the wheels of the cars. Dr.
Coburn was examined as to the injuries which
deceased had received, and testified that his
death must have been instantaneous. Mr.
Wm. Murphy said that in company with
a young woman, he passed the place where
the body was found, and it was not there
at that time. They returned a couple of hours
later and saw the bloody and mangled re-
mains lying beside the track. The young
woman would not allow him to go near
them. When he got home he told a fellow work-
man of the circumstance, and asked him
to go with him and see what it was, but re-
fused to go and he did nothing more about
it.

The jury returned a verdict "that the
said David Kennedy came to his death by
injuries received in getting off a freight train
while in motion, and that no blame is attach-
ed to the Grand Trunk Railway Company
its employees."—Reformer.

ITEMS OF INTEREST.

The school rate in Cannington this year
is seven mills; last year it was eight and
tenths.

Cannington Council assists the Brock A-
gricultural Society by granting it \$15.

The average attendance of pupils at Peter-
borough Public School for June was 895 out
of a possible 1065.

The deepest running stream that is known
in the Niagara River, which, just under the
lower Suspension Bridge, is seven hundred
feet deep by actual measurement.

The occupants of the mail stage from
Fenelon Falls had a narrow escape of their
lives on Saturday. During a heavy storm a
large tree fell directly behind the coach.
The Beaverton foundry and machine shop
has turned out about 40 single reapers,
known as the Harvest Queen.

An extension of the Toronto and Nipissing
Railway from Cobocook, its present terminus,
northward to Minden is one of the rail-
way enterprises now talked of. The country
through which this projected line would pass
is very favourable to railway construction,
and stands greatly in need of an outlet for
mining, forest and agricultural produce. A
short branch would connect it with the
Snowdon iron district, while there are still
large quantities of lumber to be found for
export. The road, if built, will form one of
several railway arteries intended to penetrate
the free grant district in the direction of the
Upper Ottawa.

What a grand reunion of farmers there
will be on Wednesday next. Men who have
not met for years will meet that day, and
be happy, and bless those who got up such
a popular and cheap Excursion.
