

**Death of Rev. Prof. Torrance.**

The following sketch of the career of the Rev. Prof. Torrance taken from an exchange, and whose death was chronicled in our columns last week, may be of interest to our readers as many of them were well acquainted with the deceased gentleman:—On Wednesday last a telegram from Bobcaygeon announced the death of the Rev. Professor Torrance, which took place about noon that day at the residence of Mr. G. C. Read, who is married to his cousin, the eldest daughter of Mr. Thomas Torrance of this village. Professor Torrance, who was well known to many of our readers, was the only child of Mr. Alexander Torrance late of the township of Verulam, but now of Philadelphia, Pa., whither he moved about three years ago, shortly after the death of his wife. His son was until lately Principal of the Canadian Literary Institute at Woodstock, and Professor elect of New Testament Interpretation in the new Baptist Theological College in Toronto, in which city he would have continued his ministerial labours had his life been spared. He had been in failing health for some time past, and, in hope of receiving benefit from a change of air and rest from his mental labours, went a few days ago to Bobcaygeon. At first he appeared to improve to the great relief of his many friends; but on Monday diarrhoea suddenly set in, and proved fatal notwithstanding the vigorous efforts made to check it by medical attendants. He was only 42 years of age, though he looked much older in consequence of his intense mental labours and the premature whiteness of his hair. He was married young and leaves a wife and three children, the eldest about 16 years of age and the youngest about 12. For an account of his ministerial career we are indebted to the *Globe* of the 4th inst., which says:—

Principal Torrance was one of a class of men not uncommon in some of our Canadian churches, whose education is chiefly acquired comparatively late in life. His first connection with the Baptist College in Woodstock was as a student about fifteen or sixteen years ago. He was already married and the father of a small family when he entered there on his preparation for the University. He distinguished himself at Woodstock by the acuteness and force of his intellect and his power of intense application. He graduated from the University of Toronto in 1873 as silver medalist in metaphysics and prizeman in Oriental languages. He also received the degree of M. A. from the University the year following. He was for a year or two subsequent to graduation pastor of the Baptist Church in Yorkville, whence he was called to a Professorship in the Theological Department of the Institute at Woodstock. This post he occupied until the death of the Principal, the late Rev. Dr. Fyfe, in 1878, when he was promoted to the chair of the Theological Department of the College, and on the resignation of the head of the Literary Department in January last was made Principal of the whole College. This position he resigned a few weeks since, as already intimated, in order to accept a chair in the Toronto Baptist Theological College.

Principal Torrance was of Scotch descent. As a teacher and theologian he was marked by the clearness and strength of his convictions and his power of close logical analysis. As a preacher, his style was argumentative and forcible. His decease at middle age, and almost before reaching the maturity of his powers, will be felt loss to the denomination of which he was a prominent member.

All beds seem hard to the rheumatic. Their hearken ye peevish sufferers! Apply *Dr. Thomas' Electric Oil* to your aching joints and muscles. Rely on it that you will experience speedy relief. Such, at least, is the testimony of those who have used it. The remedy is likewise successfully resorted to for throat and lung diseases, sprains, bruises, etc.

The present harvest prospects throughout southern Russia are so brilliant that if they should be realized, the farmers think they will be able to dispense with any harvest during the next four years.

*T. Milburn & Co.*  
GENTLEMEN.—I have been for over a year subject to serious disorder of the Kidneys, often being unable to attend to business. Your Burdock Blood Bitters was recommended as a good remedy. I obtained a bottle, and am happy to say that I was relieved before the bottle was half used. I intend to continue, as I have confidence that it will entirely cure me.

Yours truly,  
BRUCE TURNER.

FRIDAY, between daylight and 3 p. m., the Chicago, St. Louis and New Orleans Railroad Company changed its gauge from New Orleans to Cairo, 571 miles; 8,000 men were employed and the work cost \$300,000.

Every observer who walks the streets of a great city, and scans with intelligent eye the colorless faces of more than fifty per cent of the people he meets, can easily agree with us in the statement, that this age, which makes such drafts upon the working energies of the greater part of men in the intense pursuit of business, has destroyed in a proportionate degree the annual health and robust constitution. Nature, in this stage of exhaustion, cannot be restored of itself, but requires some stimulating tonic, to strengthen and keep the system in regular order, and in Northrop & Lyman's Quinine Wine we have the exact remedy required. The peculiar operation of this medicine, in cases of general debility and nervous prostration, has undergone long and close observation, and it is believed it will never fail, if properly and judiciously administered. Prepared by Northrop & Lyman, and sold by all druggists.

Nearly all diseases have their origin in impure blood and improper action of the liver. Cleanse the blood, regulate the bowels, and keep the glandular system in healthy action by the use of BURDOCK BLOOD BITTERS, and sickness will be a stranger in your household. BURDOCK BLOOD BITTERS is sold by all dealers at one dollar per bottle.

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY. This preparation stands peerless as a remedy for all summer complaints. Have you diarrhoea? It will positively cure you. Is your stomach sour? It will positively cure you. Are you going on a sea voyage? Be sure and take a bottle of the Strawberry in your haversack, for use in sea-sickness, vomiting, and other irritations of the stomach and bowels; it will positively cure you. Every one speaks highly of it.

The contract for the building of a lock-up in this village has been let to Mr. John Sprout for the sum of \$148. It is to be finished and ready for occupation by the first of October next. The Council has rented a site from Mr. D. S. Brown, near the old Town Hall, for a term of ten years. —*Cleaner.*

*Uxbridge Journal* says:—We are informed that the branch of the Salvation Army to be organized in Uxbridge will not be under the auspices of the Free Methodist or any other particular denomination, but will be open to all Christian workers.

Mr. Thomas Keenan, one of the oldest and wealthiest residents of Lindsay, is about to leave for some town or city in the western States, where he will in future reside.

The Midland railway track between Lindsay and Beaverton is being laid with steel rails. The section men have laid the rails as far as Woodville, and the work will be completed as far as Beaverton shortly.

At a meeting of those interested in the Uxbridge market, on the 29th ult., for the election of provisional directors, &c., Dr. Black was elected President, W. B. Stewart, Sec. Treas. Dr. Bascom, J. A. McGillivray, Jas. Walker, T. Bolster, Sr., and A. T. Button, Directors. It was decided to open a stock book and receive subscriptions, and to proceed at an early date with the work, with a view to having the building ready by the middle of September.

*John Hays, Credit P.O.,* says:—"His shoulder was as lame for nine months that he could not raise his hand to his head, but by the use of *Dr. Thomas' Electric Oil* the pain disappeared, and although three months has elapsed, he has not had an attack of it since."

A despatch from Durban announces that Sococooni, the famous South African chief, who surrendered in December, 1879 and was sent by Sir Garnet Wolseley to Cape Town, has been released.

*Holloway's Pills.*—Prevention.—As autumn trends on winter, slender, delicate, and pale-faced youths become listless, languid and debilitated, unless an alternative, combined with some tonic, be administered to quicken their enfeebled organs. This precise requirement is supplied in these noted Pills, which can and will accomplish all that is wanted, provided the instructions surrounding them are met with scrupulous attention. Holloway's Pills are especially adapted to supply the medical wants of youth, because his medicine acts gently, though surely, as a purifier, regulator, alternative, tonic, and mild aperient. A very few doses of these Pills will convince any one that his cure lies in his own hands, and a little perseverance only is demanded for its completion.
