

Editorial Notes.

The Free Press is to be the name of a new paper to be started in Midland City next month.

Our cotem. the Lindsay Warden, came out in a new form last week. It is now an eight-page.

In October next Mr. Gladstone will have served a half century as a public man, and the event will be celebrated in England in splendid style. The veteran statesman issued his first election address from the Clinton Arms, Newark, on October 9th, 1832. He was returned to Parliament for the borough on the 11th day of December, nearly fifty years ago, and he has sat in every Parliament since that time.

We observe that the Village Council of Cannington have determined to obtain legal advice in regard to the collecting of moneys in commutation of statute labor from occupiers or parties on the assessment roll in brackets with owners.—This method of assessment is done simply to escape statute labor and should be carefully looked after.

Mr. C. Campbell, Woodville, has made additions to his stock of Boots & Good lines in Men's, Ladies' and Children's on hand, to be sold very cheap. Mr. Toddart, formerly of this place, is now last week visiting his friends. Mr. Lindsay for Millpoint, Ont., where he is more lucrative engagement. The Milland Railway brakemen seem fortunate. On Monday last week a man named Gott, fell between the Milland, and both his legs were run off. Only survived a few hours.

A student scientist says that when a man sits down without her nose being it shows that there is imperfect circulation of the blood, caused by tight shoes with gentlemen. A red nose is entitled to a vote should see to it that their names and descriptions are properly entered on these Voters' Lists. Every ratepayer who has a right to vote should see that he is properly entered. We trust nobody will be so foolish as to neglect this matter, and thereby find themselves deprived of a vote next year. Now is the time to look over these matters. When election time comes it will be too late.

The time for holding the annual fall shows is fast approaching and everyone should turn their attention to procuring something which can be shown. During the past few years a feeling of apathy in connection with our local Agricultural Societies has existed, but with the revival of good times and better crops this depression is fast passing away and this year we hope to see the best show in this village which has ever been held here. Let everyone assist and endeavor to produce something worthy of exhibition. The Agricultural Society is capable of doing much good if handled in a proper manner, and we are in hopes of seeing it so handled.

YELLOW AS A GUINEA.—The complexion, in a case of unchecked liver complaint, culminating in jaundice, is literally "as yellow as a guinea." It has this appearance because the bile, which enables the bowels to act, is directed from its proper course into the blood. In connection with this symptom there is nausea, coating of the tongue, sick headache, impurity of the breath, pains through the right side and shoulder blade, dyspepsia and constipation. These and other concomitants of liver complaint are completely removed by the use of NORTROP & LYMAN'S VEGETABLE DISCOVERY AND DYSPEPTIC CURE, which is also an eradicator of scrofula, erysipelas, salt rheum, ulcers, cancers, humours, female weakness, jaundice, and lumbago. It tones the stomach, rouses the liver, and after relieving them, causes the bowels thereafter to become regular. High professional sanction has been awarded to it; and its claims to public confidence are justified by ample evidence. Price, \$1.00. Sample Bottle, 10 cents. Ask for NORTROP & LYMAN'S Vegetable Discovery and Dyspeptic Cure. The wrapper bears a fac simile of their signature. Sold by all medicine dealers.

Toronto notices civic holiday on the 14th.

Among the most prevalent fatal and sudden attacks of diseases, are those incident to the Summer and Fall, such as cholera morbus, bilious colic, diarrhoea, dysentery, etc., that often prove fatal in a few hours. That ever reliable remedy Dr. Fowler's Extract of Wild Strawberry, should be at hand, for use in emergency.

Joseph Sayers, the shoemaker, sentenced in April last to six months at hard labor, and to receive twenty-five lashes of the "cat" at the end of three months, for an outrage on a little girl of 9 years at Oshawa, received the whipping portion of the punishment on Tuesday last. He was lodged in the Central Prison.

V. Edmondson of Bradford writes:—Burdock Blood Bitters is an excellent preparation, gives entire satisfaction, and sales increasing every day, it sells now on merits. —Burdock Blood Bitters Cures Scrofula Liver Complaint, Dyspepsia and Kidney complaints, in their worst form.

Thomas Myers, Bracebridge, writes: "Dr. Thomas' Electric Oil is the best medicine I sell. It always gives satisfaction, and in cases of coughs, colds, sore throat, &c., immediate relief has been received by those who use it."

Wanted. ONE OR TWO GOOD SOUND DRIVING HORSES, in exchange for Buggies or wagons, or Cash. Apply to R. J. HARWOOD, Carriage Maker, Woodville. August 2nd, 1882.

Wanted. A RESPECTABLE GIRL, willing to make herself generally useful. Apply to MRS. J. J. CAVE, Woodville, Ont.

Voters' List, 1882 Municipality of Thorah! COUNTY OF ONTARIO.

NOTICE is hereby given that I have transmitted or delivered to the persons mentioned in the 3rd and 4th sections of the Voters' List Act, the copies required by said section to be so transmitted or delivered of the List, made pursuant to said Act, of all persons appearing by the last revised assessment roll of the said municipality to be entitled to vote in the said municipality at elections for members of the Legislative Assembly and at Municipal elections, and that said list was first posted up at my office at Beaverton, on Thursday, July 27th, 1882, and remains there for inspection. Electors are called upon to examine the said list, and if any omissions or other errors are found therein, to take immediate proceedings to have the same corrected according to law. Dated this 27th day of July 1882. GEORGE SMITH, Clerk of Municipality, Beaverton, P. O.

McNAB'S, DAVIDSON'S OLD STAND, BEAVERTON.

Beaverton Local News.

The 34th Battalion will go into camp at Niagara about the middle of September. The women are smashing the currant crop all to a jelly.

COUNTY OF ONTARIO Assizes will be held at Whitby, Thursday, September 21st.

PATHMASTERS and others will do wisely to remember the duty the law imposes to slaughter Canadian thistles.

THE Autumn Sittings of the Court of Chancery for County of Ontario, will open at the Court House, Whitby, on Tuesday, September 12th, 1882.

WE noticed our young friends, Messrs. J. N. Adams and H. J. Cameron, in town last week. They are enjoying a short summer vacation among their friends here.

ASSISTED by one of our club, says the Port Hope Times, Millbrook won a Lacrosse Match from Beaverton in three straight games. This is a mistake, as the referee's decision gave the game to Beaverton.

CALIFORNIA editors use \$50 gold pieces for paper weights, and yet they are no happier than us chaps who use brick-bats.

RASPBERRIES are now nearly ready to pick, and the pickers are anxious to start. The hot weather has brought the berries on very fast the past few days. The crop will be small this year.

A DISTINGUISHED man once wrote to his newspaper, "Renew my name this year; send me your paper as long as I live, and if you can send it after me in the next world, do so." They say this man lived to a very old age.

PICNICS are "booming," hardly two days passing without a reminder of the festive season. Quite a large party left the village on Monday for Beaverton and Thorah Island, and had a most enjoyable time.—Gleaner.

An order in council has been issued limiting the carrying capacities of Canadian steamers. The "Emily May" will be permitted to carry 200 passengers and a crew of 10, total 300. The "Sutton Belle" 23 passengers and 2 of a crew, total 25.

MR. HENRY WESTCOTT has removed the old shoe maker's shop next to the establishment of Mr. J. Glover, to Osborne street, butting the "Iron Block." In this connection we would observe that the sanitary inspector should visit those premises as many complaints are being made of the foul smell proceeding from the rear of the same.

SOMETHING should certainly be done to have the water in the river drained and its bed cleaned. The hot weather is producing a bad smell from the stagnant water, and when it is remembered that a large portion of the village is drained into the river with no means of escape below the dam it will be seen that these remarks are not only in order but imperatively necessary to the health and well-being of the community.

Nor feeling satisfied with the game as it resulted at Beaverton, the Millbrook club through the Mail have challenged the Checkers to play a game at Lindsay. We learn the challenge has been accepted, and the match takes place next Monday. We are sorry our boys have had anything further to do with them after the contemptible ply both at Beaverton and Millbrook.

It is our sad duty this week to record the death of a very promising and highly respected young man in the person of Mr. George Watson, eldest son of Rev. David Watson. Commencing with an attack of typhoid fever last fall he had been in a very low state ever since, and last Monday his sufferings were ended by death. As we have before remarked he was a promising, intelligent young man and much beloved by all who knew him. An immense gathering of friends attended the funeral, the burial taking place at the stone church cemetery.

WE learn that Mr. R. G. Mulligan is about to build a large three storey brick hotel on his vacant lots. If this is engaged in a thorough manner it cannot fail to be a very profitable speculation. As we have before pointed out, no place on these waters presents a more inviting appearance for summer tourists than Beaverton, and all that is required is proper accommodation, and an energetic advertising of the many advantages and facilities for pleasure and recreation offered by this place, to make it the rival of Orillia, Barrie, or other places of note. Most conveniently situated it can not be rivalled for the salubrity of its atmosphere, while it is in close proximity to the finest fishing grounds on these lakes.

Holloway's Pills.—Nervous Debility.—No part of the human machine requires more watching than the nervous system—upon it hangs health and life itself. These Pills are the best regulators and strengtheners of the nerves, and the safest general purifiers. Nausea, headache, giddiness, numbness, and mental apathy yield to them. They disperse in a summary manner those distressing dyspeptic symptoms, stomachic pains, fulness at the pit of the stomach, abdominal distension, and overcome both capricious appetites and confined bowels—the commonly accompanying signs of defective or deranged nervous power. Holloway's Pills are particularly recommended to persons of studious and sedentary habits, who gradually sink into a nervous and debilitated state, unless some such restorative be occasionally taken.

DIED. At Beaverton, on the 31st ult., Geo. Watson, eldest son of Rev. David Watson, M. A., aged 19 years.
