An honest medicine is the noblest work of man, and we can assure our readers that Dr. Fowler's Extract of Wild Strawberry is not only reliable, but is almost infallable to cure Cholera Morbus, Dysentery, Canker of the stemach and bowels, and the various Summer Complaints, whose attacks are often sudden and fatal.

Owing to certain contagious sickness being in this section, the re-opening of the school is postponed to the fourth day rof September.

Rev. Mr. McLaren, present pastor of the Presbyterian congregation, Kirkfield preached in the Eldon School House last Sunday evening to a very large and attertive audience, his sermon being as on former occasions able and impressive. Mr. McLaren is highly esteemed by all in this section, and as a proof that he has the approbation of the young in this section together with their respect, the children attending school got up a small gift in the form of a purse, filled with shining specie and had it conveyed to him one morning last week by their teacher. Several other friends lent a help to the children in their scheme. Accompanying the gift was the following address :-

ELDON STATION, August 15th, 1882. MR. McLaren, -Our very dear and respected friend,-We the undersigned in behalf of the pupils attending school in School Section No. 7, Eldon, beg to offer you this humble gift as a slight token of the regard the pupils of said school entertain towards you and have entertained ever since they first made your acquaintance. We trust you will accept our small present in the same spirit in which tendered. May unerring wisdom guide your steps and choose your inheritance for you for time and eternity, is the earnest wish, and will always be the prayer of your many friends in this section.

THIS AND THAT.

When washing lisle-thread gloves do not use soap; instead of that put a teaspoonful of ammonia in one quart of water. If washed in this way, there is no danger of there being spots and streaks in the gloves, as there would almost certainly be if washed in the usual way.

I. F. Smith, Druggist of Dunville, under date of June 1st. writes of Dr. Fowler's Extract of Wild Strawberry. "It sells immensely in fact has the largest sale during the summer of any patent medicine in stock," and adds that he can heartily re-recommend it to the public. The above named remedy is nature's grand cure for Cholera, Dysentery and all summer complaints.

Farm hands are so scarce that women work in the fields. On Monday we noticed one working a horse rake and another placing the grain ready to be drawn in.-Whitby Gazette.

The wild raspberry crop is this year pretty near a failure in this part of the country. It is supposed that the cold weather in the early summer destroyed the bloom. The loss will be felt by many, for in ordinary years a large amount of money is made by picking and selling this delicious fruit .- Sutton Times.

LIVER COMPLAINT .- Is rather an indefinate term, as comonly understood it consists of a torpid sluggish state of the liver, a deficiency or a superabundance of bile, or an alteration from its proper character.
