Beaverton Local News.

FRIDAY, AUGUST 26, 1887.

Arriving.

Another car load of Coal Oil. We are selling genuine refined Canadian Oil at 20 cents per gallon. H. Westcott, Beaverton.

Profitable Use of Advertising.

"What do you think of the practical results of newspaper advertising?" asked a "Globe" reporter of Mr. Thos. Thompson, of the Mammoth House, and one of the largest advertisers in Toronto. "We believe in newspaper advertising as the best means of reaching the public. We think it gives character to a business man. One great desideratum in this connection is honest advertising—that is, never advertising what one does not possess. A very common custom is to write an advertisement in an office in a general sort of way. This is very absurd. A man ought to find out just what goods in a particular department he wants to put before the public, and he must take care that he has those goods on hand when he advertises them. There is nothing more annoying to a customer than to come into your place for an article that has just been advertised and to be told you are out of it, and that what he saw was merely an advertisement. Such advertisements causes advertisements to be discredited, and brings no result to the advertiser. We believe it is necessary for a merchant to have his name before the public if he expects to deal with the public. Judicious advertising is the key to success." This is the verdict of a firm which from the liberality of its advertising is known over the length and breadth of the Dominion. The same sound reasoning applies to the business men of Beaverton and elsewhere. If you have goods to sell endeavor to let the public know what they are and how you propose to sell them.—[Ed.]

Busy! Busy!! Busy!!!

Too busy to write "ads." for weeks past. All hands busy from the top flat down to the basement, in every department, selling goods at from 25 to 100 per cent. less than usual prices. Heavy reductions in many lines. The Cash Store does and will do the business. John Hodgson, Beaverton.

Repairing.

Workmen have been engaged during the week in repairing the centre crib of the bridge which was seriously undermined by the ice and water in the spring.

Farmers.

Cash for Butter, Eggs, Potatoes and any kind of Farm Produce at R. Dunsheath's, Beaverton.

R. Dunsheath's for Fresh Groceries. Passed Successfully.

Mr. Geo. Young succeeded in passing the Port Ferry School Examination for second class certificate, Mr. Alex. Brain also passed for a third. We are pleased to learn of the success of these young men.

Housekeepers.

Any quantity of fresh Raspberries, Huckleberries and other fruits can be secured by leaving orders at Hodgson's cheap store, Beaverton.

Garden Seeds

Field and Garden Seeds of all kinds fresh and reliable, at Jno. McKinnon's, Beaverton.

The Only One.

The editor of an exchange says he never saw but one ghost, and that was the ghost of a sinner who died without paying for his paper. 'Twas horrible to look upon.

Beaverton Roller Mills.

The Dominion Mechanical and Milling News says: One of the finest mills in the province of Ontario is situated at Beaverton, Ont., on the shores of the beautiful Lake Simcoe. It is the property of Messrs. Dobson & Campbell. The building is of white brick on a stone foundation. Its size is 60x40 and its height four storeys and basement. It is run by water and steam power, the latter taking the place of the former during low water. A 13-foot head of water is obtained from the Beaver river, which flows past the mill and empties into the lake a few hundred yards below. Three water wheels supply the power when water is used. When water becomes scarce a 50-h. p. Corliss engine, made by Messrs. Inglis & Hunter, lends its powerful aid. The mill was built in 1873 by Mr. J. A. Proctor on the site of an old sawmill. Mr. West of Peterboro did the millwrighting and placed the stones and other machinery in the building. In 1882 the mill was changed to the roller process by the Barter Co. In 1885 it was rented to Messrs. Dobson & Campbell, who purchased it one year later. About four months ago the firm remodelled the mill, using Goldie & McCullough's rolls and the Dobson patent flour dresser. The proprietors claim that theirs is the only mill in Canada using an entire flour dressing system. The capacity of their mill is one hundred barrels in twenty-four hours. Their trade is almost entirely local.

Bargains! Bargains!!!

At Hodgson's Cheap Wholesale and Retail House, Beaverton.

Returned with Honors.

The Orillia "Times" says: Lt. J. Birchard of Beaverton, stopped here on Sunday and Monday on his way home from Toronto School of Instruction, where he has been in attendance for the past six weeks. He passed with a creditable showing and looks none the worse of wear in consequence.

All

Kinds of Firewood for sale and delivered to any part of the village—P. McMillan & Sons, Beaverton.

Worth Trying.

It is given on the authority of a professor that a tablespoonful of turpentine added to a pail of water will disinfect a cesspool instantly, and in the sick chamber will prove a powerful auxiliary against germs and bad odours.

At Cost.

Men's and Women's Summer Goods running off at cost till stock taking, 15th August, at L. J. Cameron's, Beaverton.

Please Pay Up.

Many of our subscribers are still in arrears to this journal and we would request them to settle with us at once. The many little trifles which go to make the total of a newspaper's revenue are so small that the public, individually, are apt to think payment a matter of little moment. It is a serious consideration to the publisher, however, and means a very large sum in the aggregate. Those who are indebted to us will confer a favor by paying up at once.

Balls.

Base Balls, Foot Balls, Lacrosse Sticks, etc. at Jno. McKinnon's, Beaverton.

Repairs.

Repairs are being made to the bridge and in consequence traffic by this road is blocked. Those desiring to cross the stream have to seek the river bed and tread their way among the boulders with their teams. Surely the road commissioner could have had a temporary road cleared through the bed of the river at trifling cost for the convenience of the traffic from the north which by the way is decidedly worth cultivating both animals and rigs by the roughness of the path.

Ladies.

Please bear in mind that Hodgson's big bargain house bought so largely in Cottonades, Shirtings, Sheetings, Cottons, Tickings etc. before the late advances in price that he can supply a million in those lines at his last summer's prices and they were then from 2 1/2 to 6 cents per yard less than every opponent north of Toronto.

Something Wanted.

If the grove is to continue to be the rendezvous of the various parties who visit this place, in common justice to the visitors as well as of convenience to themselves the proprietors of the grove should see that some little effort be made to render it attractive. A well is required in the worse possible way and also other conveniences of a like necessary nature. The public will willingly pay for its accommodation if such is provided.

Distressing Accident.

Mr. Jas. McNabb, hostler at the "Hamilton House," met with an accident last week which in all probability will leave him an invalid for life. While tending a horse in the stable one day last week, the animal suddenly kicked, when McNabb, being in position received the blow in the breast, breaking three of his ribs, while another kick broke his arm. The unfortunate man was promptly placed under medical care but at present he lies in a very critical condition.

Sugars.

For your sugar be sure and go to L. J. Cameron's, Beaverton.

The Best Yet.

A teapot and 10 lbs of tea for \$1.00, at R. Dunsheath's Beaverton.

Village Pic-nic.

The village pic-nic on Tuesday, (the civic holiday), was a largely attended affair and, altogether proved very enjoyable. The band attended and rendered a number of selections very creditably. St. Andrew's church Sabbath School also held their annual pic-nic in the grove at the same time but from some hitch in the arrangements the two parties did not join as freely as could have been desired. During the afternoon a yacht race was arranged and also a skiff race. A number of young men also amused themselves with foot-ball. In the evening dancing was engaged in until a late hour.
