FRIDAY AUGUST 10, 1888.

Legitimate Results.

As we expected the late meeting held in the matter of the closed hotels has made Beaverton and its people the laughing stock of the Dominion. To have a series of resolutions such as were passed there placed on record was bad enough but to have them given to the world in a newspaper such as the "Empire," is adding insult to the injury done the place. Almost all our exchanges have commented on the matter and each and everyone has come to the conclusion that the people of Thorah and Beaverton as shown through that report and in those resolutions must be extremely silly. And now comes to hand the "Whitby Chronicle" which says : "Reeve McRae presided at a meeting of whiskey-heads at Beaverton last week, who had come together to beg and beseech the Scott Act authorities to allow Beaverton hotel-keepers to sell in the day time. It seems that the North Ontario License inspector has been making it so hot for whiskey sellers round Beaverton that they have been closed up, and the "Heilander has had to go wussout his whuskey." With terribly parched mouths the meeting besought the whiskey men to open their dens once again, and in return the hotelkeepers each gave the village \$100 to be used on sidewalks. Thus the village of Beaverton has practically undertaken per a few soakers, to license whiskeyselling at \$100 a bar. It looks like blood-money. The most ridiculous part of the meeting was when several supposed informers were named and a speaker demanded that they be hauled forward and compelled to give bonds not to lodge further information on these matters. Back country law, this is .-"Chronicle".—How is this for sympathy? And yet it is only a fair view of what the outside world think of that which is being done here as presented by the perpetual scribblings to foreign newspapers. What a town, the general public must think we have, when the law of the land can be annulled at will and an offensive measure be removed by the payment to the general treasury of a few dollars. The worst feature of the case is the fact that these reports are absolutely untrue. The village of Beaverton has not leased bars nor has it accepted any money to recognize them or in any way interfere with the operation of the present law. Our council has sense enough to know that such is not possible and would be the last to even tolerate such overtures.

Editorial Dotes.

GENERAL PHIL SHERIDAN, General of the United States Army; died on Sunday night.

THE Hon. Edgar Dewdney has been appointed Minister of the Interior and Superintendent of Indian affairs. Mr. John Haggart has received the appointment of Postmaster-General.

It is proposed to create a battalion of volunteers for Victoria alone. An exchange says : "The headquarters of the 45th and 46th battalions of active militia are now in the County of Durham ; but four of the companies of the 45th are raised in the County of Victoria, which county, on account of its material dovolopment, is desirous of maintaining a battalion of its own. It has therefore been proposed to make such a redistri-Bution of the companies as will give one Bottalion to the County of Victoria and one to the County of Durham."-We have no doubt an excellent battalion can be formed as many of our young men already belong to companies in other counties.

THAT the Prohibitionists are going to play an important part in national politics this year there can be no question. Their candidates for President and Vice-President are very clever men. They are good fighters and not inclined to lose their tempers. Their speeches at the ratification meeting did not "scatter." They ignored the Democratic party as being past hope so far as Temperance Reform was concerned, and merely appealed to the anti-saloon minority of that party to join the Prohibition movement. The Republic party they attacked tooth and nail. It was once a grand party, General Fisk declared, but now, like his field of New Jersey sweet potatoes, the best part of it was underground. -[Chicago News.]

OLD DR. CHASE'S

NEW RECEIPT BOOK.

Published in both English and German.

His Last & Crowning Life Work.

Dr. Chase's Third, Last and Complete Receipt Book and Household Physician, or the Book for the Million, contains nearly 900 pages and sells for \$2.25 in cloth binding and \$2.50 in imported oil cloth, marble edge, and is justly by him called

"THE CROWNING WORK OF MY LIFE" It is the result of over a half a century's observation, study and experience. Yet this embodies no compilation of his former books. It is wholly a new book. If 30 years ago he could produce a book that has had a sale of over fifteen hundred thousand copies, and has made his name familiar in nearly every English-speaking home in the United States, Canada, and thousands of homes in Europe, Australia and South America, what KIND of a book could or would be produce as his Crowning Life Work, WITH MORE THAN THIRTY YEARS OF ADDITIONAL PRACTICE AND EXPERIENCE? The book itself answers the question, and is the most valuable production in the history of book publishing.

CAUTION I Unscrupulous and pirating publishers are attempting to copy this book by taking portions of it out and palming it off on the public as the complete work. We own the manascript, purchased from Dr. Chase's heirs. See that you get the genuiue book. See that it has our name on the title page and is copyrighted by us.
