

BEAVERTON.

(From our own Correspondent.)

ILL.—We are sorry to learn that one of our merchants, Mr. A. Montgomery, has decided to retire from business, and in consequence is disposing of his stock as fast as possible. For some time Mr. Montgomery's health has been steadily failing, until at present he is unable to leave his bed and hopes of his recovery are uncertain.

COUNCIL.—Thorah Council meets here on the 5th of October.

CASH VS. CREDIT.—Our merchants are sadly feeling the present ruinous system of giving long credit, and it is hoped a wave of the cash movement started in Woodville will reach this place, bearing healing on its wings.

CANNINGTON.

[From The Gleaner.]

HEAVY LOSS.—On Tuesday last a young man named Wm. E. Wight left this place for Hartley, having with him \$480 in \$20 bills of the Ontario Bank. On his arrival at his destination the money was missing, having been lost in some way on the road. He immediately had posters issued, offering a reward of \$50 for the recovery of the money. Mr. Wight is a hard-working, industrious young man, and had just returned from working on the Canada Pacific Railway, west of Thunder Bay.

Rev. Mr. Hanna, of Virginia, occupied the pulpit of the Presbyterian Church in this village last sabbath, and will also do so next Sabbath.

BURGLARY AT MILNESVILLE.—On Monday night, Mr. John Gregory, Postmaster, Milnesville, awoke about twelve o'clock, and thought he smelt paper burning. On getting up and going in to the office, which is situated in the front room of the house, he found a mass of paper on fire, which he stamped out. Two minutes more and the whole place would have been in flames. Evidence was discovered of persons having forced an entrance, and failing to find any money, they set fire to the premises. Mr. Gregory lost about eight dollars in postage stamps, which were burnt.

PATENTS

Obtained for Inventors, in the United States, Canada and Europe, at reduced rates. With our principal office located in Washington, directly opposite the United States Patent Office, we are able to attend to all Patent Business with greater promptness and despatch and less cost, than other patent attorneys, who are at a distance from Washington, and who have, therefore, to employ "associate attorneys." We make preliminary examinations and furnish opinions as to patentability, free of charge, and all who are interested in new inventions and Patents are invited to send for a copy of our "Guide for Obtaining Patents," which is sent free to any address, and contains complete instructions how to obtain Patents, and other valuable matter. We refer to the German-American National Bank Washington, D. C.; the Royal Swedish, Norwegian, and Danish Legations, at Washington; Hon. Joseph Casey, late Chief Justice U. S. Court of Claims; to the officials of the U. S. Patent Office, and to Senators and Members of Congress from every State.
Address: **LOUIS BAGGER & Co., Solicitors of Patents and Attorneys at Law, Le Droit Building, WASHINGTON, D. C.**

Uxbridge Organ Manufacturing Company,

UXBRIDGE, ONTARIO,

STYLE E.

Has just been introduced for the **FALL TRADE.** The whole construction has been got up with care and special attention has been given to the Durability of the instrument, and its capacity for clearness and Beauty of Tone.

The Drawings have been made by our designer who has a wide-spread reputation in the United States and Canada for his taste in Organ Building.

The Organ is of Solid Black Walnut, with heavy Hand Carved Trusses. The ends and Front Panels are raised and finished with French Walnut Stock, highly polished. It has beautiful Lamp Stands placed in a convenient and safe position for use.

There is a high Faucy Back attached, made and finished in harmony with the case, with a neat Vase Stand that adds very materially to the beauty of the same.

The Fall Board is the most simple and convenient of any in use. Any child can open and close it with ease. When open it forms a neat and convenient Rack for Music. These Falls are placed so that they cannot interfere with the musical qualities of the Organ.

Our designer has given great attention to the parts that have to be removed for the purpose of cleaning dust from the reeds or boards, which can be got at without removing a screw or nail.

He has also given special attention to the Bellows capacity, which he has left roomy and large, allowing free space for working the pedals, which attachment is put on with the greatest care for Strength and Durability.

The Action Work has been improved wherever improvements have been found to be an advantage.

We still hold our Wide Spread Reputation for the power and Clear Smooth Tone of the instrument. The number of sales we make and the reputation we have for first-class Organs amongst our customers throughout Canada and England is a sufficient guarantee.

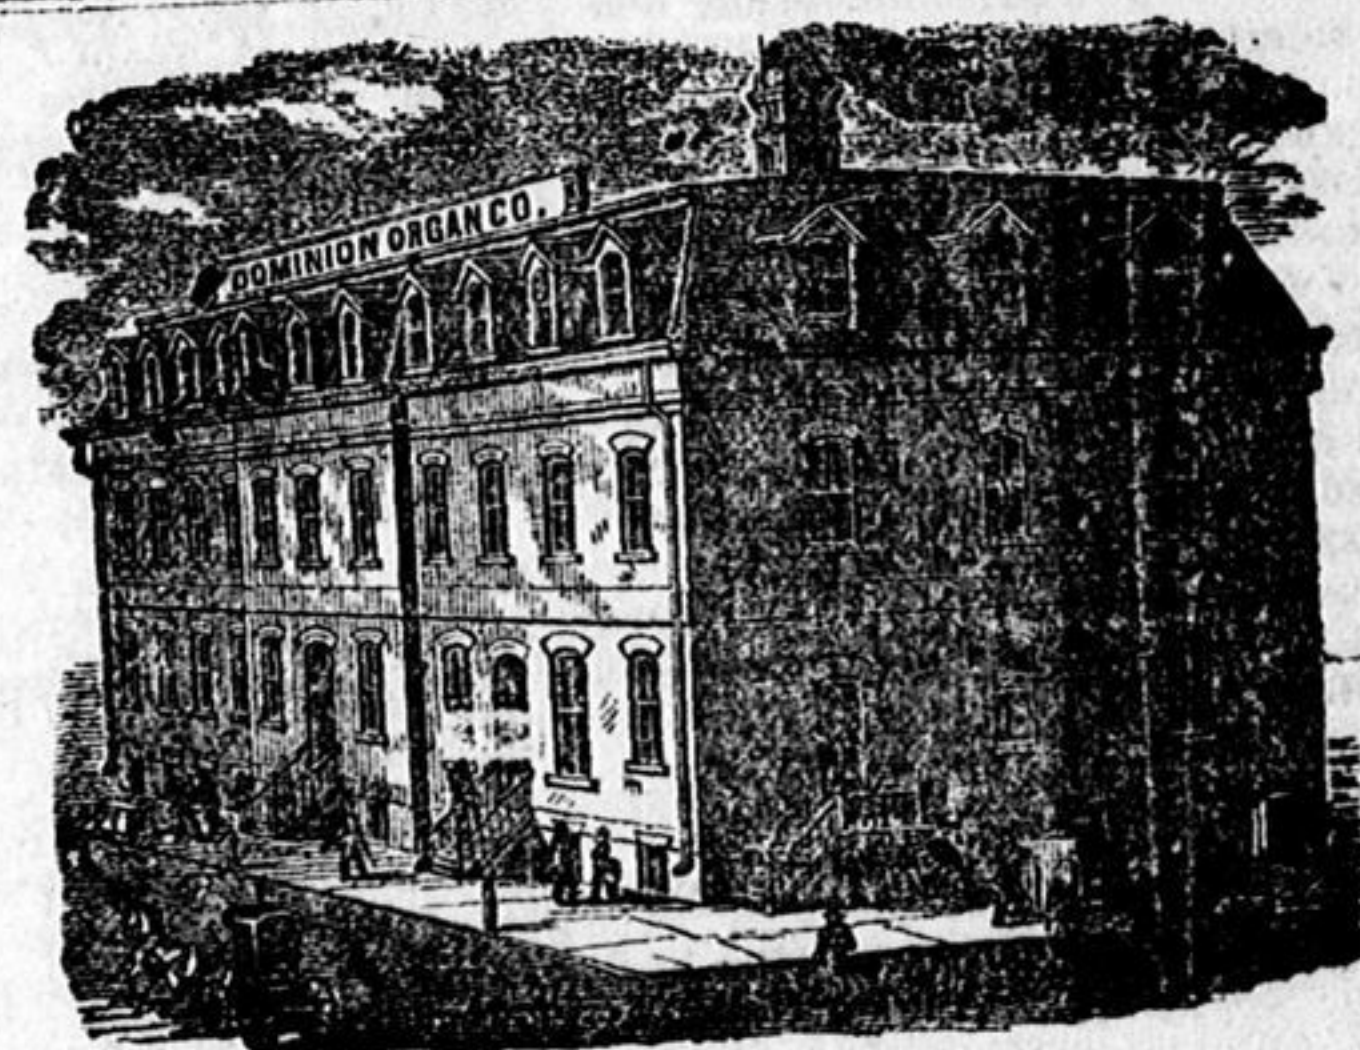

By close attention to business,—selling only to Safe customers,—Selecting First-class class Stock at cash prices,—using Economy in every particular,—having a great variety of Wood Working Machinery adapted purely to our work,—and thoroughly competent Hands, enables us to give better value than ever before to our customers.

We have now made arrangements to furnish a well-made Music Stool with every Organ.

Every Organ Warranted for Five Years.

For terms, &c., apply to

SAMUEL UMPHREY, President.

COPY

Of Official Report of Award to **DOMINION ORGAN COMPANY,** Bowmanville, for Organs exhibited at the Centennial Exhibition, Philadelphia, 1876.

INTERNATIONAL EXHIBITION.
PHILADELPHIA, 1876.

The United States Centennial Commission has examined the report of the Judges, and accepted the following reasons, and decreed an award in conformity therewith.

PHILADELPHIA, December 5th, 1876.

REPORT ON AWARDS.

Product, **REED ORGANS.** Name and address of Exhibitor, **DOMINION ORGAN COMPANY, Bowmanville, Canada.**

The undersigned, having examined the product herein described, respectfully recommends the same to the United States Centennial Commission for Award, for the following reasons, viz:—

"Because they have produced in their instrument a pure and satisfying tone, by their method

of voicing, and have a simple and efficient stop-

action, with satisfying musical combinations, and

elastic touch, and good general workmanship."
