### Local Matters.

**Heavy frost Wednesday morning.**  
Look out for Jamieson's advertisement next week.

**Owing to the space taken up by the Eldon prize list this week a lot of local matter has been crowded out.**

**Live Stock.**—A number of drovers have been through the back Townships buying sheep and cattle for export.

**There is a large quantity of grain still unhoused, north of us, and the recent bad weather has done considerable damage.**

**Mr. Gilchrist has just got home from the city with a large stock of new and well selected goods. Just the thing. Call and inspect.**

**The Rev. Mr. Jewell is to lecture in the Town Hall, on Friday evening, under the auspices of the I. O. G. T., to commence at 8 o'clock.**

**Last week White & Bro. of the Nipissing Iron works, shipped one of their plows to Nova Scotia, and another to the Province of Quebec. They are getting to be widely known.**

**Fire Engine.**—The *Warder* says Lindsay has a hand fire engine which they have no further use for, and advise the Council to try and sell it to Woodville. Now is our chance.

**Orchard Thieves.**—Last week three young lads were brought before a magistrate in Orillia for robbing orchards. There are several youngsters around here who run the risk of being brought before our J. P. if they don't quit their stealing.

**Will some one kindly lend us a musket till we shoot the dog that nightly howls under our bedroom window. One of our neighbors says the time of sausages and the thinning out of dogs is drawing nigh. We hope so, it is time some of the dogs in this neighborhood were killed.**

**Our Boys.**—"What are we to do when the cold weather sets in?" is the question which is agitating the minds of the young men of our village at present. A number of suggestions are thrown out, but none as yet have met with approval. Now would be the time to start that Mechanics' Institute that there was so much talk about last year.

**Just so.**—We say again as we said "afore," we are not the least bit cold-blooded, but we wish that when "the ship went down with the fair young bride that sailed from Dublin Bay," a certain young man who is continually singing about her had been on board. Stick to "Darling Nellie Gray," young man, or she may be taken away from you also, and when you practice please go down to the swamp with the other croakers.

**Those Sidewalks.**—If the Commissioners are not going to do something towards repairing the sidewalks, the villagers will have to turn out and fix them, as they are in a frightful condition. It is the greatest wonder in the world that some one is not dangerously hurt these dark nights, and some one will be if the sidewalks are not repaired soon. One man in half a day could do all that is required to make them so that a person could walk on them without tripping on loose boards or falling.

**Don't wait till some one gets a limb broken, by locking the stable door should not be "stolen" with a vengeance.**

**Colman's**

**J. C.** n, on being senting Alex. S. Campbell's riately ins. Call and examine to have father's lemang home one night last iberly saw it pass and rate. He wasn't but when he arrived as he was pulling as if part in a foot race; time before he could tell what was wrong. es the apparition from the glimpse he got of it as about eight feet high, neither man or beast, and travels with lightening rapidity. The ghost or whatever it is, has been seen since by several other reliable parties, and although it is impossible to get an accurate description of it, there is no doubt that a "spirit" of some kind is hovering around that neighborhood. A fellow wickedly insinuated 'whiskey,' but then he might be mistaken.

**Excursions.**—A large number are going into Toronto to the Exhibition. A large crowd passed through from Fenelon Falls and that neighborhood, and Conductor Lethbridge informs us that he had over five hundred passengers on his train on Tuesday.

**Admitted to the Bar.**—Mr. A. Jackson, who has been in Mr. Adam Hudspeth's law office for several years, passed a very creditable final examination the week before last. We congratulate Mr. Jackson, who has been made a member of the firm, which will hereafter be known as Hudspeth, Barron & Jackson.—*Warder*. Mr. Jackson is a brother of Mr. Donald Jackson, of "Stonefield," Eldon, and was a former resident of this place. His many friends will be glad to hear of his success.

**Loafers.**—A lady correspondent from "back North" asks:—"Can nothing be done to rid our village stores of the number of loafers who nightly congregate there, and smoke and chew as if that was the only thing in the world worth living for, to the disgust of customers—especially ladies—who have to wade up to the counters through clouds of smoke and oceans of tobacco juice?" The only remedy we can think of at present is for the storekeepers to take one or two of the most inveterate by the back of the neck and the seat of their unmentionables and pitch them into the street. If they return repeat the dose, mixing in a little shoe leather. A third application will cure the very worst case.

INVALIDS, do you wish to gather flesh, to acquire an appetite, to enjoy a regular habit of body, to obtain refreshing sleep, to feel and know that every fibre and tissue of your system is being braced and renovated? If so, commence at once and use the Quinine Wine prepared by Northrop & Lyman, of Toronto, and in a short time you will feel the whole system invigorated and strengthened. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for general debility this combination will be found superior to all other preparations. And combined as it is with fine sherry wine and choice aromatics, it is made an agreeable and pleasant invigorator to the whole system. The properties of Quinine are a febrifuge tonic and antiperiodic. Small doses, frequently repeated, strengthen the pulse, increase muscular force, and invigorate the tone of the nervous system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation, and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character. Persons of weak constitution may take it without the least difficulty, as it strengthens the stomach and digestive organs, and seldom require more than one, or two bottles to effect a decided benefit as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by Northrop & Lyman, Toronto," and we are sure you will be satisfied that you have full value for your money. Sold by all Medicine Dealers.
