

**This and That.**

The annual fall exhibition of the township of Scott, will be held at Zephyr this year, on Friday 30th September.

About \$900 of the Whitty taxes for the year 1879, and over \$3,000 for the year 1880 still remain uncollected.

Mr. JOHN WEIR, of Reach, has grafts of this year's growth, in his orchard which measured over six feet in length.

The proceeds of the Uxbridge Mechanic's Institute excursion to Toronto in July amounted to \$10.

The sugar mill for the new sugar factory at Osirwa has arrived and operations will begin shortly.

The people of Penetanguishene complain loudly of their being no postal communication between them and Midland.

The farm of Mrs. Bacon, Sunderland, was sold by auction on Saturday the 3rd, for \$2,850, the purchaser being Mr. W. H. White of Brock.

"Arkansas or Arkansas." It is immaterial which pronunciation is adopted in this case, but quite material that the citizens of Arkansas with the rest of the United States and the Dominion should be supplied with good pens. Esterbrook's are popular, reliable and standard.

The death is announced of Mrs. Proctor, widow of the late Mr. George Proctor, of Beaverton, which took place at Beaverton on Wednesday, the 7th inst. She survived Mr. Proctor only one year.

Mrs. Barnhart, cor. Pratt and Broadway, has been a sufferer for twelve years through Rheumatism, and has tried every remedy she could hear of, but received no benefit, until recommended to try Dr. Thomas' Electric Oil; she says she cannot express the satisfaction she feels at having her pain entirely removed and her rheumatism cured.

The scarcity of logs at home on account of the drought, the fighting of fire by the mill hands, and the devastating fires in the lumber regions of Michigan, will it is anticipated cause a short lumber supply.

Money saved and pain relieved by the leading household remedy, Dr. Thomas' Electric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

An Ameliasburg farmer sowed some rye on the afternoon of the 2nd, and the next day, while running water furrows through, was astonished to see that it had sprouted. Three days later it was fully three inches high.

"The Leaves shall be for the Healing of the Nations." The leaf of the Wild Strawberry has verified that Scriptural quotation. Dr. Fowler's Extract of Wild Strawberry is the marvel of healing in all varieties of Summer Complaints, and Fluxes, Cholera Infantum and every form of Bowel Complaint of children or adults promptly yields to its power of healing.

On Monday night, the 5th inst., some parties attempted to make a forcible entrance into the house of Mrs. Wrightman, Cannington, and could not be persuaded to desist until she fired a shot from a revolver at them. On Wednesday morning one of the parties was brought before the magistrates and fined \$2 and costs.

The best remedy and preventative for Sea Sickness is Dr. Fowler's Extract of Wild Strawberry. It is also the best remedy for all forms of Summer complaints, whether on sea or land it will not fail you. All Druggists sell it at 37 1/2 cents per bottle.

The amount of Taxes to be levied this year for the village corporation of Uxbridge is \$7,200, of which \$2,700 is for school purposes. A by-law will be passed by the Council charging interest on all unpaid taxes after about the 15th December.

Dr. Fowler's Extract of Wild Strawberry is the best, most prompt and safest cure for Cholera Morbus—Dysentery—Sick Stomach—Cramps—Cholic and Cholera Infantum that has yet been discovered. Its popularity is undimmed by age. All medicine dealers sell it.

THERE has been a tremendous destruction of property in the rich and flourishing township of Darlington for the past two weeks. The bush fires are still raging. A Cartwright farmer set fire to twenty acres of fallow and the fire was blown south into the township of Darlington and caused the destruction described.

Grandmother used to say, "Boys if your blood is out of order try Burdock tea;" and they had to dig the Burdock and boil it down in kettles, making a nasty smelling decoction; now you get all the curative properties put up in a palatable form in Burdock Blood Bitters. Price \$1.00, trial size 10 cents.

The following taken from the assessment roll for the year 1881, will no doubt be interesting to many of our readers:—

Population	692	assessment	\$135,750 00
Methodist	320		62,022 00
Anglican	241		48,238 00
Presbyterian	118		22,945 00
Baptist	8		1,250 00
Catholic	4		500 00
No Denomin'n	1		700 00
Total	692		\$135,705 00

We have reason to believe the census will show about 60 more making the population of the village about 750.—Omnes Herald.

Holloway's Ointment and Pills.—Rheumatism and rheumatic Gout are the most dreaded of all diseases, because their victims know that they are safe at no season, and at no age secure. Holloway's Ointment, after fomentation of the painful parts, gives greater relief than any other application; but it must be diligently used to obtain this desirable result. It has been highly commended by rheumatic subjects of all ages and of both sexes, for rendering their attack less frequent and less vigorous, and for repressing the sour perspirations and soothing the nerves. In many cases, Holloway's Ointment and Pills have proved the greatest blessings in removing rheumatism and rheumatic gout which had assailed persons previously at the prime of life.

A son of Mr. J. J. Smith of Orillia on Sunday afternoon last while swimming his dog from the head of the wharf by some mishap fell overboard. The dog caught him and held him above water until assistance came from the shore and rescued him.

**HEAD LAKE.**

From our own Correspondent.

A great many in this place have suffered from the ravages of the last fire, both in the destruction of buildings, fences and hay. The following are the names of those who got their hay burnt: Messrs. Peel, Maxwell, Parks, Burgess, Adair Tom and Isaac Gostlin. The loss of this hay will be felt considerably an account of the amount of stock these parties have to winter.

Mr. Stuart preached his farewell sermon last Sunday in this place and is now about to leave for college. He takes with him the thanks and high esteem of the people for his valuable services in this place during this summer.

We believe the Rev. Mr. Paul from Balsore, is going to deliver a sermon in this place on Sunday, the 25th September, and also Mr. Scott from Cambury, is going to deliver another on Sunday, 9th October. We hope and trust that those Rev. gentlemen will receive as large an audience as possible on these occasions.

**BEXLEY.**

From Our Own Correspondent:

The fire which visited this neighborhood last week was one of the most terrific in the history of the township. It had been burning for some time north of Corson's Siding, but on Thursday it took a strike north aided by a south-east wind. The settlement was in great danger for the sparks from the burning woods were carried a great distance in the air. It is reported that they fired one barn as many as twenty times, and it would have been burned only that a keen watch was kept. A spark caught in the grass in an orchard attached to the same and burnt for four or five rods before it was extinguished. The school house in S. S. No. 3 was in great danger but not so much as some other buildings around it. The damage done to the woods is great. Some of the most beautiful hard-wood bushes being destroyed. Several fences were also burnt. The fires which have this year swept over the township will long be remembered. The school house at Corson's Siding was burnt last Thursday. The school had been closed for a week previous on account of the fires in that district.

**VICTORIA ROAD.**

From Our Own Correspondent.

The fire swept off part of this village last Thursday. Several buildings were burnt, including McTaggart's saw mill, with a quantity of lumber, the buildings of the North Victoria Agricultural Society, and Boomer's tinshop. The ties were burnt from under the rails along the railway on account of which the mail train did not enter the station. On Friday gangs of men were sent to replace the ties. A fire engine arrived on the same evening to extinguish the remainder of the fire. The mill was insured for \$3,000 and some of the furniture of the dwellings was also insured.

**Local Matters.**

LEMON water and barley are now to be seen on the tables of most great houses in England, while at the London clubs lately the run on the iced barley water was very great.

We have received from the publishers, Wm. Warwick & Son, a number of the "Girls' Own Paper." It is certainly the most refined and elegant periodical for ladies we have yet seen. It should be in the hands of every young lady in the land it being remarkably cheap, \$1.00 per annum.

THE saw mill known as Ashman's mill, 10th Con. Eldon, together with a large barn and contents belonging to Mr. Jno. Birmingham, were totally destroyed by fire on Thursday last. From what we can learn the fire originated from the furnace while the hands were engaged at the bush fire which destroyed the barn and contents of Mr. Duncan Jamieson. Mr. John Birmingham has \$1,500 insurance on his property. The stable in connection with the mill was also destroyed together with a valuable team of horses belonging to Mr. Angus McFadyen, who happened to be waiting the sawing of some lumber.

AN observant contemporary notes that whenever a newspaper says a kind word of a man, that man never discovers the favor; but if a newspaper handles a man a little roughly, the man finds it out the same day the paper is published. This is the kind of a man who, when conferring with the editor upon his grievance, says his "attention has been called" to the article in question.

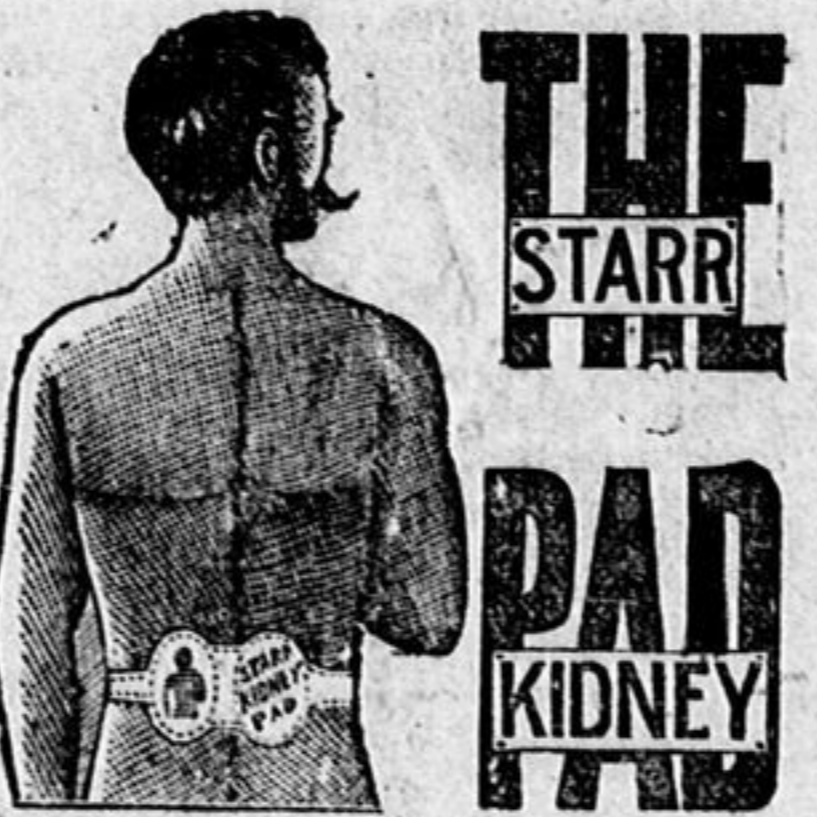

WHILE Mr. J. Johnston, Jr., son of Jas. Johnston, jeweller, Whitby, was in the act of lighting the lamps in the store on Friday evening last, the small alcohol lamp used as a light, exploded. The contents of the lamp were thrown over Mr. Johnston, setting fire to his hair and taking the skin completely off his face and hands. After extinguish-

ing some paper which had caught fire, Mr. Johnston ran to Whitfield's drug store and had his wounds attended to. His face presents a ghastly appearance.—It is surprising that some inventive genius does not substitute some other device for the dangerous spirit lamp. It is but a short time since a Woodville jeweller met with an accident of the same kind which confined him to bed for some weeks.

**A BLACK LIST.**

We should be sorry if any names appended are those of men who, from adverse circumstances, have been unable to pay. We do not think however that such is the case, as ample time has been given to each party to settle. We shall continue this list until accounts are settled and intend adding others whom we have notified, if not paid before our next. We hope our readers will note the names in this list for their own protection.

- Alex. Weeks, Shoemaker, late of Beaverton, to Printing..... \$1 50

**HONEY'S IMPROVED FANNING MILL.**

We desire to call the attention of the farming community to the above well known Fanning Mill, now being manufactured at our works. We are prepared to give

**A WRITTEN GUARANTEE THAT OUR MILL IS ALL THAT IS CLAIMED FOR IT.**

It is a perfect cleaner, and chaffer. It will take out Wild Oats perfectly. It will take out all Cockle, Chess and other foul seeds, making a perfect sample of Market Wheat. It is a most perfect separator, and will separate all the large kernels from the small and shrunken kernels. It is very rapid in its action. It separates all kinds of grain as well as seeds, and if Oats and Peas, or Timothy and Clover seed are mixed together and put through this Mill, they will come out perfectly separated. It will separate small and split Peas from large Peas, taking them from the chaff in the most perfect manner. The Honey Improved Fanning Mill and Separator, is acknowledged by all to be

**The Best Mill Manufactured In The Dominion.**

And in proof of this strong statement, we can furnish abundant testimonials from those having them in use. To intended purchasers we would say, come and see it for yourselves, and we feel confident you will be entirely satisfied that they are all they are represented.
