In another paragraph we claim for Woodville the best market for grain in the district and the reports at the T. & N. R. station more than justify our position. Since the season opened each day has more than doubled its predecessor of last year in quantity received, and the income is still increasing. This is as it should be—Woodville is the market for this section and it will pay farmers not to forget it.

HONEY'S IMPROVED FANNING MILL.

We desire to call the attention of the farming community to the above well known Fanning Mill, now being manufactured at our works. We are prepared to give
A WRITTEN GUARANTEE THAT OUR MILL IS ALL THAT IS CLAIMED FOR IT.
It is a perfect cleaner, and chaffer. It will take out Wild Oats perfectly. It will take out all Cockle, Chese and other foul seeds, making a perfect sample of Market Wheat. It is a most perfect separator, and will separate all the large kernels from the small and shrunken grains. It is very rapid in its action. It separates all kinds of grain as well as seeds, and if Oats and Peas, or Timothy and Clover seed are mixed together and put through this Mill, they will come out perfectly separated. It will separate small and split Peas from large Peas, taking them from the chaff in the most perfect manner. The Honey Improved Fanning Mill and Separator, is acknowledged by all to be
The Best Mill Manufactured in The Dominion.
And in proof of this strong statement, we can furnish abundant testimonials from those having them in use. To intended purchasers we would say, come and see it for yourselves, and, we feel confident you will be entirely satisfied that they are all they are represented.
