

Editorial Dotes.

THE visit of the British Association to Canada, cannot fail to have a very powerful effect on the Old Land in its knowledge of this part of the Empire. Unfortunately for us Canada has usual. ly been known as the home of almost perpetual snows, the Indian and the bear. That such is not the case, and that we have with us the nucleus of, and all the elements which go to form a nation will have been made evident to all those representative gentlemen who for the past faw weeks have been travelling the land and it may reasonably be expected that a fair and honest report of our progress and capacity will now be furnished the people of Great Britain. If such does result, the British Association, will have done a great service both to Canada and England by its visit to this continent.

NEWSPAPER libel suits appear to be the order of the day at present. The Toronto Mail is the latest victim to its public position, The Canada Shipping Company ve. the Mail. The case is one exactly similar to that lately decided in favor of the Free Press of Qttawa.

PORT PERRY has at last decided to buy a fire engine and the other necessary fire apparatus. This is a wise move in behalf of Port Perry, but it has come almost too late. However, Best Dog Port Perry's experience should be a standing warning to other villages similarly situated. The maintainance Ram, aged of a fire engine is an .expensive affair, but after all not so costly as a large fire which it would possibly prevent.

The Omemee Herald is proposing the placing of street lamps in that village tor use during the winter nights, This would be an excellent thing for this village and we hope our town fathers will take the matter in hand; even if it be but a few lamps along the Main 1 street. The coat will be triffing and certainly the advantages are worthy of consideration.

As we auticipated in a recent issue, the opening prices of the grain market are low, and buyers cannot hold out any inducement for a raise. Several of our farmer friends have told as that, this tale is old and in seasons when they disposed of their crop early, the market was sure to advance. Just so, Strange things do sometimes happen, but it will be strange indeed if such a condition arises this year. Crops are turning out even better than at first reported, and this over almost the entire world. We see no present hope for an advance, even from the N. P. and we would therefore renew ou advice to our readers to market their grain as early as possible.

Fall Exhibitions.

THE following dates have been announced on which agricultural exhibitions will be held .-

Grand Dominion and 39th Provincial, at Ottawa, Sept. 22nd to 27th. Industrial Exhibition, Toronto, on Sept. 10th to 20th.

Farmers Take Notice.

. [Advertisement.]

Knowing that so much has been said about the Whithy trial of Binders by many nascrupulous agents, Messrs. A. Harris & 25 Son's have authorized me to make known the following facts :- They with the other manufacturers of Binders signed an agreement not to attend any contests of Binders, but it appears the cortest at Whitby was arranged and to which some of the others went. The "Little Brantford" did not compete, the company not allowing it after having signed the agreement not to do so. It has since been circulated throng's the Press and otherwise, for reasons better known to themselves that the "Brantford" Binder competed and was not successful, which is a misstatment and far from the facts. The public should know that the "Brantford" Company manufacture twice the number of Binders made by any other firm in Canada, and this season, so keen was the demand for this machine that early in the season their immense supply was exhausted, while other firms have still on hand a supply either unsold or returned. That the "Brantford" Binder has fully satisfied its purchasers, we quote from Mr. Donald Grant, one of Mariposa's best known farmers, and whose testimonial is but one of many stating; the same.

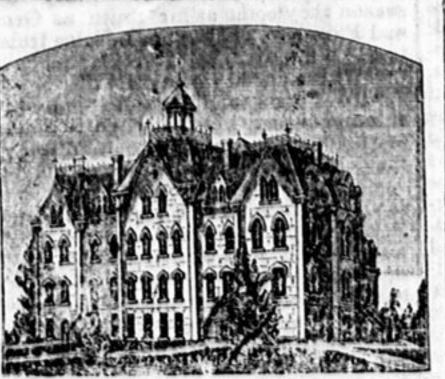

NORTH MARIPOSA, Aug 26th, 1884, A. HARRIS, SON & Co. GENTS - Having brought one of your "Little Brantford" Binders for the season of 1884. I feel it my duty to let my fellow farmers know what I think of it. In every respect it has worked to my entire satisfaction. I have cut about 90 acres of the different kinds of grain and a great deal of which was badly lodged. It did its work We have used two horses most of Have had no breaks or any Farmers who intend buying a Binder for 1885 cannot do better thep buy a "Brantford" from Mr. Wm. Cameron, the company's agent, as I fully believe it to be the best made machine in Canada. I am sure it is far more durable than a self-rake machine.

DONALD GRANT. Agent Harris Son & Co., Woodville. WM. CAMERON,

is Complete.

An Answer Wanted.

Can any one bring us a case of Kidney or Liver Complaint that Electric Bitters will not speedily cure? We say they can not, as thousands of cases already permanently and who are daily recommending Electric Bitters, will prove. Bright's Disease, Diabetes, Weak Back, or any urinary complaint quickly cured. They purity the blood, regulate the bowels, and act directly on the diseased parts. For sale at fifty cents a bottle by John McKinnon's Beaverton.

COLLEGE

Will Resopen on Sept. Ist.

PICKERING College is well known as holding a first place among the educational institutions of the Province. Young people of both sexes receive a thorough practical education and at the same time are surrounded by all the moral influences and guarded care of a well-conducted Christian home. The College buildings are complete in every respect, and are noted for their beautiful and healthful situation.

The staff of teachers is large and thoroughly competent, being composed entirely of University graduates. There are four distinct departments:—

I. THE PREPARATORY for Junior Students.
II. THE COMMERCIAL for those wishing a thorough business training.
III. THE COLLEGIATE for those preparing

for Matriculation in Arts, Law, Medicine, or Civil Engineering, for the primary examinations in Dentistry, Pharamacy, or Civil Service, or for any of the examinations for teachers. At the recent examinations for Second Class certificates all of the candidates from the College were
