NEW ADVERTISEMENTS.  
JONES BROS. & MACKENZIE.—Auction Sale of Lands, &c.  
A. J. SMITH.—New Harness Shop,  
G. C. SMITH.—Money Wanted.  
MRS. EDWIN PRINGLE.—Music Class.

**Local Matters.**

**ARTIFICIAL TEETH.**—Mr. Gross, Dentist, of Lindsay is making Artificial Teeth till January 1st, next, for one half the regular price. 146-4t

**Money.**—Mr. G. C. Smith, the butcher, wants all those who are owing him money to call and "plank their dimes" before the 1st of next month.

**New Harness Shop.**—Our young friend, Mr. Arch Smith, has opened out in the Harness line, opposite the Eldon House. We wish him success.

**The Band** was out last evening with their new hat lamps. This is a nice improvement, and adds much to the appearance of the Band, especially when marching.

**To Subscribers.**—Those of our subscribers who are satisfied with THE ADVOCATE will do us a favor by sending in the name of one or more new subscribers each.

The "Boy's Own Paper," published by W. Warwick, Toronto, comes to hand with a splendid selection of tales. It is worth far more than \$1.50 per annum, the publisher's price.

If the party who took the Clevice from the Nipissing platform last Friday, will return the same at once, no questions will be asked. If it is not returned this week he will be prosecuted.

We would ask the gentlemanly editor of the Post if it is our lonely and unprotected state he is hinting at in his paragraph of last week, or whether it is genuine information he wants—if the latter, we are not sure that we could supply him.

**Music Class.**—As will be seen by advertisement column, Mrs. Edwin Pringle, a lady of large experience, wishes to start a class in Woodville for instruction on the piano or organ. Her terms are very low, only \$4 for twenty lessons, provided a class of ten is formed.

**Personal.**—The Bethany correspondent of the Omemeo Herald says Messrs. Geo. McCartney & Bro. have opened up a first-class carriage and wagon factory in that village. The Messrs. McCartney were residents of our village for some time, and we heartily wish them success in their undertaking.

**Farm for Sale.**—Mr. Perdue offers for sale his valuable farm, the west half Lot No. 6, 6th Con. Thorah, containing 100 acres, 69 of which are cleared. Any person wishing to buy a good cheap farm could not do better than apply to Mr. Perdue for particulars, or to Mr. Frank Madill, Barrister, Beaverton.

We do not know whether the hint conveyed in THE ADVOCATE has had the effect of stirring our bachelor friends into activity or whether it is owing to the improved prospects this fall; it is certain, however, that there is a perceptible improvement in the matrimonial market, and the minister's prospects for a good fall trade are brightening.

**The Weather.**—Did you ever see such a beautiful month of October in Canada, is asked by everybody. Well, no, I never, that is, hardly ever, is the usual reply. One old gentleman however, says the only one he can remember being as fine as the present, was in 1826, and that was still more delightful. He was married that fall. That explains it, and we reject his testimony. He is a prejudiced witness, and sees the long past October of fifty three years ago, through a halo of pleasant memories rising from the dim and shadowy past, clothing the fields with richer verdure and the forests with more gorgeous foliage.

**Hymenial.**—We have to record the fact this week that another of our bachelor friends has "went and gone and done it." The name of the fortunate individual is Mr. Wm. C. White, of White & Bro., who took unto himself Miss Josephine Rodgers, daughter of Mr. Alex. Rodgers, of Eldon. The interesting ceremony took place at the residence of the bride's father, Lot 13, Con. 6, Eldon. Quite a number of friends of both bride and bridegroom from Woodville and neighbourhood were present and a very pleasant time was spent. The happy pair started by the afternoon Nipissing train for a short tour. We wish them much happiness and prosperity. Next!

**Honey's Improved Fanning Mill!**

We desire to call the attention of the farming community to the above Fanning Mill now being manufactured at our works. It is an Established fact that the farmers of Ontario have in the past purchased largely of machinery which has been represented to them as perfect in every particular, and which too often proves utterly worthless, or unequal to the wants of the purchaser, but which he is compelled to retain against every desire or protest. This manner of dealing has been practiced in no class of implements more than in FANNING MILLS which the number of inferior mills now in use too clearly indicates. This objection, we desire to state, does not exist with us, on the contrary we are prepared to give

**A WRITTEN GUARANTEE that THE ABOVE MILL is ALL THAT is CLAIMED FOR IT**

To intending purchasers we would say, that Honey's Improved Fanning Mill is a perfect cleaner and chaffer. It will take out Wild Oats perfectly. It will take out ALL Cockle, Chess and other foul seeds, making a perfect sample of Market Wheat, and adds 5c to 8c per bushel to the value over and above that cleaned by any other Fanning Mill.

**IT IS A MOST PERFECT SEPARATOR,**

And will separate all the large kernels from the small and shrunken grains, and is warranted to make a perfect sample of Seed Wheat. It is very rapid in its action, and will easily make twenty-five bushels of seed wheat per hour. It separates all kinds of grain as well as seeds, and if Oats and Peas, or Timothy and Clover seed are mixed together and put through this Mill, they will come out perfectly separated. Every farmer can save the price of a Mill every year by saving the seed that collects on the barn floor and mangors, and putting it through this Mill. It will separate small and split Peas from large Peas, taking them from the chaff in the most perfect and speedy manner. A large number of these Mills have been sold to the most practical farmers of the country, who all declare, that for speed of work, and the perfect manner in which it is done, and the perfect adaptation of the screens to all kinds of Grain and Seeds, by which it is enabled to do a greater variety of work than any other Mill, that it is altogether

**THE BEST FANNING MILL MANUFACTURED IN THE DOMINION.**
