Local Matters.

Iron stone Cups and Saucers, only 50 cts. a doz., at the Regulator.

A slight flurry of snow on Saturday last.

Eldon Voters' List has not yet made its appearance.

Lamps.—Lamps of all kinds selling at cost at Gunn's. Call and see them.

Money.—Our merchants say money comes in slow, very slow. For our part we are not going to complain, but if any person has a dollar to spare we won't object at all to give them a receipt for it.

Wm. Henry has just received another large stock of those cheap Dress Goods.

Shooting Match.—The boys intend to have a big time on Thanksgiving Day, Nov. 6th. Everybody that can scrape up a musket or other fire-arms and bows and arrows are prohibited they not making noise enough—is requested to be on hand early in the morning. Messrs. Robt. Wilson and Robt. Morrison, of Toronto, are to be the captains, and a medal is to be presented to the man that shoots the most game; also, a leather medal is being manufactured for the party who shoots the least. Sides will be chosen at the "Eldon House" on the evening of the 5th.

See the large stock of Boots and Shoes they have just received at the Regulator.

St. Andrew's Day.—As the year rolls along it brings us again to this auspicious day, and we feel with a heart full of gratitude, that the monotony of our existence is again to be broken by a real event. We have come to look upon this annual festival with a feeling whose warmth cheers us during the entire year; a feeling akin to love, together with a slight sprinkling of reverence and a dash of superstition and incredulity, which, together with our profound ignorance as to St. Andrew and his doings leaves us in a cloud of uncertainty and mystery which for the balance of the year we vainly endeavor to dispel. However, St. Andrew and his origin aside—his day is close at hand and we hope our St. Andrew's Society will rouse themselves to action and see what can be done to furnish an entertainment this year as in the past. A very successful meeting was held last year and no doubt a better one awaits them this. Just one month to prepare, gentlemen.

I have till on hand a large stock of Millinery, Mantles, &c., in great variety of styles and prices.—Wm. Henry.

Naigheachd Taitneach do'n a Gaidheil.

Honey's Improved Fanning Mill!

We desire to call the attention of the farming community to the above Fanning Mill now being manufactured at our works. It is an Established fact that the farmers of Ontario have in the past purchased largely of machinery which has been represented to them as perfect in every particular, and which too often proves utterly worthless, or unequal to the wants of the purchaser, but which he is compelled to retain against every desire or protest. This manner of dealing has been practiced in no class of implements more than in FANNING MILLS which the number of inferior mills now in use too clearly indicates. This objection, we desire to state, does not exist with us, on the contrary we are prepared to give

A WRITTEN GUARANTEE that THE ABOVE MILL is ALL THAT is CLAIMED FOR IT

To intending purchasers we would say, that Honey's Improved Fanning Mill is a perfect cleaner and chaffer. It will take out Wild Oats perfectly. It will take out ALL Cockle, Chess and other foul seeds, making a perfect sample of Market Wheat, and adds 5c to 8c per bushel to the value over and above that cleaned by any other Fanning Mill.

IT IS A MOST PERFECT SEPARATOR.

And will separate all the large kernels from the small and shrunken grains, and is warranted to make a perfect sample of Seed Wheat. It is very rapid in its action, and will easily make twenty-five bushels of seed wheat per hour. It separates all kinds of grain as well as seeds, and if Oats and Peas, or Timothy and Clover seed are mixed together and put through this Mill, they will come out perfectly separated. Every farmer can save the price of a Mill every year saving the seed that collects on the barn floor and mangers, and putting it through this Mill. It will separate small and split Peas from large Peas, taking them from the chaff in the most perfect and speedy manner. A large number of these Mills have been sold to the most practical farmers of the country, who all declare, that for speed of work, and the perfect manner in which it is done, and the perfect adaptation of the screens to all kinds of Grain and Seeds, by which it is enabled to do a greater variety of work than any other Mill, that it is altogether

THE BEST FANNING MILL MANUFACTURED IN THE DOMINION

In proof of this strong statement WE ARE PREPARED TO FURNISH ABUNDANT TESTIMONIALS FROM THOSE HAVING THEM in use. To those contemplating purchasing we would say,

COME AND EXAMINE IT FOR YOURSELVES

As we feel confident you will be entirely satisfied they are all they are represented.
