### Woodville Local News.

PARTRIDGES are very numerous this season. The mail carriers report seeing them daily on the road and their being very tame.

Our accounts are due 1st of October, interest will be charged for every day overdue. McIntyre & Prior, Woodville.

THE fall wheat of which a large area has been sown in this locality is snowing up nobly.

If you owe McIntyre & Prior one dollar or more it means you, and we want the money.

Gent's, if you want a suit of clothes made out of choice tweeds, and by one of the best fitting tailors in the county select your cloth and leave your measure at Hodgson's, Cannington.

HARD frosts have prevailed during the week.

At a large law reform demonstration in Dingwall lately, Rev. Mr. McTavish of Inverness, formerly of Beaverton, Ont., demanded the establishment of a peasant proprietary. Rev. James Cumming of Melness, insisted on the inalienable right of the people to the soil. He avowed himself in favor of the nationalization of the land.

THIS is the usual time to renew your subscription to the newspaper. Reader, if you are not a subscriber to this newspaper, read it carefully, and having done so, you will conclude you cannot do better than have it sent to you. \$1.00 pays for the ADVOCATE from now until January 1886.

THE first snow of the season fell on Wednesday of last week. (October 22nd.) Quite a heavy fall occurred.

ALL accounts not paid by the 15th of November, will be placed with our Solicitor for collection. McIntyre & Prior, Woodville.

THE Woodville School Board will meet at the School House, on Saturday next, the 1st of November, at 6 o'clock p. m. As the matter of engaging teachers will be considered at the meeting any person interested should be present.

BLOOMING Rose Lodge, I. O. G. T., will hold their first open temple of the season, on Friday evening. A good programme has been prepared, and Mr. W. H. Hoyle, of Cannington, has kindly offered to deliver his popular lecture "From Toronto to London, England." Mr. Hoyle is a fluent and pleasing speaker, while his subject is one of much interest. We hope a large attendance will be present and encourage something from which much real pleasure may be derived. A collection we learn will be taken up to defray expense.

J. Hodgson would respectfully notify the inhabitants of Woodville, etc., that he has opened out in the Leidlaw Block, Cannington, one of the largest and most attractive stocks of Groceries, Dry Goods, Ready-Made Clothing, Millinery, Boots and Shoes, Crockery, Glassware, etc., to be seen in the county.

Moved by Mr. Donnell, seconded by Mr. Galloway, that the amended agreement for sale of the old wharf made between James White the younger and Geo. Smith, Township Engineer, be provisionally adopted and that a copy of the same be transmitted to A. White, Esq., manager of the Midland Railway with the following proposition. That the corporation of Thorah are willing to annual so much of the supplementary agreement between the said corporation and the railway company as relates to the wharf and track on their line, west of Queen street, on condition that the said company purchase the "old wharf" on the terms set forth in the aforesaid agreement, between James White and George Smith. A fine constitution may be broken and ruined by simple neglect. Many bodily ills result from habitual constipation. There is no medicine equal to Ayer's Pills to correct this evil, and restore the system to natural, regular, and healthy action.

### Beaverton Local News

MR. ALEX. DOBSON, has added still another improvement to his woollen mill, in the shape of a Knitting Machine. All kinds of knitted goods are now manufactured at the mill, the machine knitting being quite equal to the best hand work.

THE Road Commissioner has had the main Street scraped clean of mud during the week. This makes a decided improvement in the appearance of the street, and is something, which as we heard a commercial traveller remark, is not often done in country villages.

THE Lacrosse Tournament which was billed to take place on Friday last, did not occur. This was owing to the inclemency of the weather. A number of clubs announced their intention to be present. But none appeared save the Cannington team. Had the weather been fine an immense crowd would have been present and every preparation was made for the event. During the afternoon a game was played between the "Checkers" of Beaverton, and the "Shanrocks" of Cannington, and although in the face of a driving snow storm the game was pluckily contested and resulted in a draw.

CAPTAIN GILBERTSON is now home from the Lakes.

The history of Down's Exlixir is identified with the history of New England for the last fifty years. It cures coughs and colds.

DR. B. GRANT JEFFERIES, formerly of Orillia and Beaverton, and now of Cain City Kansas, has been elected to the office of Judge. He now presides on the bench, practises medicine, and edits a newspaper. Since Canadians are so highly appreciated in that part of Uncle Sam's dominions, it is a pity that they have "not enough to go around" and at the same time fortunate that the few they have possess such remarkable versatility.

Call and See our stock of Jewelry and Watches. Cheaper than ever, at the "Medical Hall," Beaverton.

MASTER J. A. McMILLAN, son of Mr. P. McMillan, left on Monday of last week, for Charlotte, North Carolina, where he enters the store of Mr. John Calder, formerly of Beaverton. Dr. A. Grant, has also left for a two months visit to New York. Dr. Lockhart, who is well known in connection with Dr. Grant's practice here, takes charge of the business during his absence.

THE usual thanksgiving services were held in the English Church, on Sunday last. The church was handsomely decorated for the occasion and was visited by large audiences at the several services.

No neater or better paper comes to our sanctum than the *Orillia Packet*, and we are pleased to notice its continued prosperity. Not long since a new dress was introduced, and now it has been enlarged to a thirty two column quarto paper. For general business and tasty get-up, the *Packet* is a gem.

ACTIVE steps are being taken by the Department to prevent the violation of the Fishery laws in Lake Simcoe. The "Steamer Queen of the Islands" has been engaged under the command of Capt. Grant-Dalton, Fishery Officer of this district. He reports having found no infringements of the Fishery laws, except a few Indians, who do not seem to understand that they are amenable to the same laws as the white man. Mr. Grant-Dalton will confiscate the outfit of the next Indian or white man found contravening the law.

Now is the time to secure bargains in Wall Paper. We are clearing out stock at very low prices. John McKinnon, "Medical Hall," Beaverton.

**Lorneville.**

From Our Correspondent.

Mr. Nil Smith and Sons who reside a short distance from here, dug from two acres of ground, the enormous yield of six hundred bushels of potatoes. The variety was early rose. We would like to hear of a better yield than this.

800 hundred bushels of Mangolds were taken from three-quarters of an acre on the farm of Mr. Wm. Rei, 4th Con. of Eldon. This has been a famous year for roots of all kinds.

Rev. Mr. Gillies will preach at Mr. John Campbell's, near Eldon Station, on Sabbath next, consequently no service will be held in St. Andrew's Church.

What we would like to see—the annual raffle come off soon. What we would like to know—Why some of our enterprising farmers did not exhibit their thoroughbred stock at the Eldon fair this fall? If that young lady is going to propose during leap year and get a copy of THE ADVOCATE.

Mrs. McDonald and sister from the west, who have been on a visit to their friends in this vicinity, have returned home.

**Jubilee Singers.**

The most interesting feature of the recent exhibition at Montreal, was a company of colored Jubilee Singers engaged in manufacturing the celebrated Gold Coin Chewing Tobacco, and at the same time delighting the crowds of spectators with exquisite southern melodies. A gold medal and a special diploma were awarded to this popular band of chewing tobacco and the thanks of the committee tendered to the Adams Tobacco Co. for their attractive exhibit.

### A MARVELOUS STORY

TOLD IN TWO LETTERS.

**FROM THE SON:** "28 Cedar St., New York, Oct. 28, 1882.  
Gentlemen: My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the enclosed letter will tell you what a marvelous effect

**Ayer's Sarsaparilla**

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly,  
W. M. PHILLIPS."

**FROM THE FATHER:** "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

**Ayer's Sarsaparilla.**

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the Sarsaparilla in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882.

Yours gratefully,  
HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Bolls, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.
