

West Victoria Teachers' Association.

The semi-annual meeting of the teachers of West Victoria met in the school house at Coboconk on Friday October 6th, 1887.

The Convention was opened in the usual form by the president, Mr. Reazin. Inspector Knight, of East Victoria was present in behalf of the teachers of Somerville and gave valuable assistance throughout.

In the absence of Mr. Powles, Mr. Reazin took the subject "Mental Arithmetic." He gave some excellent hints to the teachers, how they should present this subject to their classes. An interesting discussion followed, after which Mr. Morris gave a short lecture on "Writing." He gave some points that are essential to success in teaching writing.

Mr. Birchard read a well arranged paper on "Essay Writing" in which he gave many good ideas of interest to teachers. A lively discussion followed.

Mr. Knight introduced the discussion on the "New Public School Text Books" and was followed by Mr. Reazin and others. Mr. Knight took the subject "Local Geography." He illustrated his lecture by a map of the township of Somerville, on which he marked the concessions and side roads and explained the manner of numbering lots.—Convention adjourned.

At 1:30 p. m., convention re-assembled. Mr. Reazin gave a very interesting and instructive lecture on "Geology." He gave facts to show how that it may be known what minerals, (if any) can be found in certain localities. He also gave the causes of volcanoes and earthquakes. Mr. Weir took the subject "Factoring in Algebra." He illustrated his method by working out examples of elementary factoring. He was followed by Mr. Gilchrist who read a paper on "Composition in Junior Classes."

The question drawer was then opened and Messrs. Knight and Reazin answered the questions. A motion was passed that the next Convention be held in Woodville, Convention adjourned to meet at the call of the president.

L. GILCHRIST, Secretary, H. REAZIN, President.

Holloway's Ointment and Pills.—Rheumatism and rheumatic gout are the most dreaded of all diseases, because victims know that they are safe at no season, and at no age secure. Holloway's Ointment, after fomentation of the painful parts gives greater relief than any other application; but it must be diligently used to obtain this desirable result. It has been highly commended by rheumatic subjects of all ages and of both sexes, for rendering their attacks less frequent and less vigorous, and for repressing sour perspiration and soothing the nerves. In many cases, Holloway's Ointment and Pills have proved the greatest blessings in removing rheumatism and rheumatic gout which has assailed persons previously and at the prime of life.

Tottenham, Ont., May 3rd, 1887.

I have been troubled with nasal catarrh for the last five years. Seeing Nasal Balm advertised I procured a bottle, and although I have only used part of it, I do not hesitate to pronounce it the best remedy in the world for that loathsome disease, catarrh. It is easy and pleasant to use, soothing and healing in its action, instant in giving relief removes and changes the poisonous secretions to a healthy state, stops the droppings from the head into the throat and removes all the symptoms of catarrh and cold in the head. In fact if the directions are faithfully followed nothing but a sure and permanent cure can be the result.

Yours Truly,
JNO. S. GEORGE,
Baker and Confectioner.

In Brief, and to the Point

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order. Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics. But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy. Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

CASTORIA
