Why Not?

Could not some effort be made by which Professor Goldwin Smith and other speakers who are to address the people at Woodville shortly could be induced to visit us here. Commercial Union.

To those who favor the scheme now being brought forward and known as Commercial Union it will be a pleasure to know that the West Victoria Farmers' Institute has arranged to have Prof. Goldwin Smith, Valency E. Fuller, Esq., of Hamilton and Mr. A. F. Jury, all able exponents of the subject, speak in the basement of the Presbyterian church shortly. The date has not been definitely fixed as yet. Prof. Goldwin Smith's name is now a by-word in the homes of the people of Canada, and it requires only the announcement of his coming to insure for him a hearty welcome. The scheme which he and his fellow workers are now engaged in advocating is of such vast moment, particularly to the farmers of this country that everyone who can should endeavor to gain a full knowledge of it. The day may not be far distant when it may become the question of a vote and to give voice intelligently, as every man should endeavour to do, it is necessary to hear both sides of the question. There are no better speakers in its favor than the gentleman we have named above and we have no doubt a large audience will greet them.
