

**District Gleanings.**

Mr. Robert Howie, freight clerk at the G. T. R. station, Gait, has disappeared, and an audit of his books reveals the fact that he was between \$400 and \$500 short in cash. The Guarantee Company will bear the loss.

It was a Beeton lady, who, on changing her dress after a tea party, had to get into it with a button hook.

A little girl three years old, daughter of Mr. W. R. Plunkett, Orillia, died on Monday of last week from the effects of taking a mouthful of lye, which she thought was berry juice.

The Anderson Fish and Trading Company, of Midland, of which James Anderson was Manager, has failed. The failure comes at a bad time of year for fishermen and some Collingwood people are heavy losers.

The Tara "Leader" tells of the death of a little child in Bruce County, the other day under peculiar circumstances. Coming in from the field the father of the child picked a couple of burrs of his clothes and threw them on the floor. The little one picked up one of them and put it in his mouth and it slipped down into his windpipe. It could not be dislodged and from the effects of it the child died next morning.

About three months ago Fred Logan mailed a letter to Calcutta, India, with the request that it be returned via Hong Kong, China. The letter reached the Pickering postoffice the other day, having gone completely around the world in 96 days. It was supposed to go around in 90, but was delayed somehow. The letter looks quite ordinary, but it has been in some queer places and in many different hands since it started. The postmaster put a new envelope on the letter, which he addressed to the "Postmaster, Pickering, Ontario, Canada, U. S. A."

During the storm on Wednesday of last week, a tree near Mrs. M. Davidson's residence, east of Omeme, was struck by lightning. Mrs. Davidson and two of her daughters received a severe shock from the electric current and did not feel better for some days after. Mr. George Clement, who was standing at the "Herald" office door, at the time of the flash also received a slight shock. The clap of thunder and flash of lightning were very startling.

We are informed on the very best authority, says the Port Perry "Standard," that of two wells cleaned in this vicinity within the past few weeks, one contained no less than fourteen dead and one living toad, seven frogs and a chicken. The contents of the other were nineteen toads, four chickens and a snake. Is it any wonder some people are sick? Is it not a greater wonder that some people are living?

The Newmarket "Era" sensibly thinks it should be an established rule on all trains, that those getting off a car should do so by the front platform and those boarding a train, should enter the car by the rear platform. This would put a stop to all the crowding and confusion which is now so common.

Eighteen hotelkeepers and liquor-sellers of Peterborough were fined \$50 and costs each last week for violation of the Scott Act.

The quickest passage ever made from land to land across the Atlantic was made by the Allan steamer, "Parisian." From Tory Island off Melville, to Belle Isle, took 4 days, 17 hours and 10 minutes.

An inoffensive old man, named Jonathan Robinson, living on the 2nd concession of Adelaide, about four miles from Strathroy, has been brutally murdered. The circumstances surrounding the murder are shrouded in mystery, as it was currently believed that he was visiting in Michigan, he having stated that such was his intention. He had not been seen since the 18th inst., and was only accidentally discovered by the little children of Mr. Harris, on whose farm the murdered man lived. The top of his head was crushed in, as though from a blow of an axe, and his throat was cut from ear to ear. Both arms were broken. No clue has been discovered as to the murderer.

The seven year old son of Mr. Ancl Mills of Lindsay, while practicing on a horizontal bar, fell and sustained such severe internal injuries that death ensued. The little fellow did not say anything about the accident to his parents until the day after it occurred, when it was too late to save his life.

A saw fifty feet in length with 480 teeth is being put into the new Keene mills at Penetanguishene.

Mr. Albert Collins, of Rigfoot Farm, 10th con. Markham, met with a most serious accident a few days ago. Mr. Collins was in the act of feeding his horse, telling him to "stand over" at the same time giving the animal a slap with his hand, when the vicious brute kicked him in the face, smashing his lower jaw in three places, and producing a cut along the chin into the bone about four inches in length. Mr. Collins' brother and Mr. Ramer, who were close at hand when the affair happened, carried him into the house and immediately sent for Dr. Knill, under whose skillful care the injured man now is. The doctor states that the case is a serious one, but has hopes of his recovery.—Sun.

Typhoid fever in a most malignant form prevails in Kingston. There are now over one hundred and forty persons prostrated with this disease.
