

LINDSAY.

From the Worder.

FOR THE WOODS.—A large number of men passed through here during the week on their way to the lumbering woods.

COLLECTING TAXES.—On the 31st Oct. there were \$7,000 taxes collected in excess of the amount received for the corresponding period of last year.

THE NEW BRIDGE.—The Ontario Legislature, at its next session, will be asked to grant aid for the construction of a new bridge over the river Seneca at the foot of Bidart street.

VITAL STATISTICS.—There were registered at the Town Clerk's office for the month of October, 4 births, 2 marriages, and no deaths. It can be seen at a glance that the returns are not correct.

TOWN EXPENDITURE.—So far the expenditure of the town for the year, for all purposes, as per finance minister's official statement, is \$24,993.80. Should the expenditure exceed the estimates this year we will never again pay the slightest attention to professions of economy.

WHITBY.

From the Gazette.

THE fall wheat looks well in this section, although not so forward as some years.

DAME rumour hath it that a Doctor will be a candidate for the Mayor's chair next year.

THE tax collector is meeting with good success, about \$10,000 of taxes has been paid already.

THE Roman Catholic grounds are being improved and fenced in.

THE farmers are making the best of the beautiful weather, doing their fall plowing.

OVER fifty members of the Moulbers' Union attended the funeral of the late John Hall, who for many years had been employed in the Brown & Patterson foundry.

NEARLY A COLLISION.—On Monday morning on the Midland about 10:30, two trains, the Waukegan freight and the mixed, came very near colliding. Through some misunderstanding both trains going in opposite directions were allowed on the single track between Franklin and Bethany. However, the danger was noticed in time to avert a collision and the two engines stopped when they were within a few feet of each other.

BOYMANVILLE.

From the Statesman.

ABOUT 2,500 bushels of potatoes were shipped from Colours, per *Norcross*, to the States last week.

HALLOWEEN was celebrated here in the usual way by ignorant and mischievous young rascals, who degrade the night of which Burns wrote so poetically. At least two young men have paid dearly for their fun.

WEDDINGS are fewer in this town in proportion to the population than in any other town in Canada. Ministers generally are not favorable to the N. P.

FARMERS have had a favorable season for doing fall work.

THE threshing is in order. The latest is 40 bushels of oats in two hours.

THERE will be little or no clover seed for sale in this district this season.

THE area of fall wheat sown in this district is not half of last year's sowing.

UNBRIDGE.

From the Journal.

THE contractor for the extension of the waterworks has completed his contract, and there are now 1,300 additional feet of water-pipe added to our system of fire protection.

THE MARKET.—The inclement weather lately has interfered with the work of construction for the market building and skating rink but the job is being pushed forward as rapidly as possible. Skaters anticipate a good time here this winter, as the rink, when completed, will be the best in the county.

BRERA DEER.—The sudden death of Minnie Weeks on Saturday last, cast a gloom over the whole community. The little girl was apparently quite well two days previous to her death, but was stricken with inflammation, and passed away very suddenly and unexpectedly. She was a favorite with all who knew her, being much esteemed for her modest and amiable bearing. The funeral on Monday, was the largest that has been seen in Unbridge for some time, the children of the Public school attending in a body. Universal sympathy is expressed for the parents and family in this sad dispensation.

PETERBOROUGH.

From the Times.

THROUGH the efforts of the energetic President of the Millard, we notice that the Whiteby, Port Perry and Lindsay and Victoria Railway companies are also to come under the new amalgamation scheme. The meeting of the shareholders of the Millard takes place at Port Hope on 12th December next.

BOROUGH.—The Independent says

that Mr. Howson is still corresponding with Mr. Cox relative to the proposed branch of the Millard from Fowler's Corners to Bol's Cayceon. As soon as the meeting of the Company, on the 12th, has ratified the agreements with the Grand Junction and Nipissing, Mr. Cox will be at liberty to turn his attention in this direction. If Peterboro' would help, this village and that rising town might be united forever and ever.

WINTER SPORTS.—Through the kindness of the Rev. Father Lynch, the bowling alley in the rear of the Separate School building was placed at the disposal of the Lacrosse Club, to be used as a gymnasium and bowling alley. Some important alterations and improvements will be made forthwith, and the building will, it is expected be opened about the 15th inst. All who desire season tickets may procure them from the secretary, Mr. B. H. Fartye.

Mr. Wm. Lasher, builder and contractor, has taken a contract for the construction of a new hotel for Mr. D. G. Heathorn. The hotel adjoins the stable on Hunter street and is to be completed in three months. Work has been going on night and day, since Tuesday last. The building is to be a three story brick with a mansard roof, and is leased to Mr. John Sullivan, who now occupies the hotel across the road.

THEY ALL DO IT.—Everybody uses "TRABERRY" for the teeth and breath, the best, brightest, costliest little toilet gem extant. Try a 5 cent sample.

FARMERS READ THIS.

HONEY'S IMPROVED FANNING MILL.

We desire to call the attention of the farming community to the above well known Fanning Mill, now being manufactured at our works. We are prepared to give A WRITTEN GUARANTEE THAT OUR MILL IS ALL THAT IS CLAIMED FOR IT. It is a perfect cleaner, and chaffer. It will take out Wild Oats perfectly. It will take out all Cockle, Chess and other foul seeds, making a perfect sample of Market Wheat. It is a most perfect separator, and will separate all the large kernels from the small and shrunken grains. It is very rapid in its action. It separates all kinds of grain as well as seeds, and if Oats and Peas, or Timothy and Clover seed are mixed together and put through this Mill, they will come out perfectly separated. It will separate small and split Peas from large Peas, taking them from the chaff in the most perfect manner. The Honey Improved Fanning Mill and Separator, is acknowledged by all to be

The Best Mill Manufactured in The Dominion.

And in proof of this strong statement, we can furnish abundant testimonials from those having them in use. To intended purchasers we would say, come and see it for yourselves, and, we feel confident you will be entirely satisfied that they are all they are represented.
