SCROFULA

and all scrofulous diseases, Sores, Erysipelas,
Eczema, Blotches, Ringworm, Tumors,
Carbuncles, Boils, and Eruptions
of the Skin, are the direct result of an
impure state of the blood.

To cure these diseases the blood must be
purified, and restored to a healthy and
natural condition. AYER'S SARSAPARILLA has
for over forty years been recognized by emi-
nent medical authorities as the most power-
ful blood purifier in existence. It frees
the system from all foul humors, enriches
and strengthens the blood, removes all traces
of mercurial treatment, and proves itself a
complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores.
"Some months ago I was troubled with
scrofulous sores (ulcers) on my legs. The
limbs were badly swollen and inflamed, and
the sores discharged large quantities of
offensive matter. Every remedy I tried
failed, until I used AYER'S SARSAPARILLA,
of which I have now taken three bottles,
with the result that the sores are healed,
and my general health greatly improved.
I feel very grateful for the good your
medicine has done me.

Yours respectfully, MRS. ANN O'BRIAN,
148 Sullivan St., New York, June 24, 1882.

All persons interested are invited
to call on Mrs. O'Brian; also upon the
Rev. Z. P. Wilds of 78 East 54th Street,
New York City, who will take pleasure
in testifying to the wonderful efficacy of
Ayer's Sarsaparilla, not only in the cure
of this lady, but in his own case and
many others within his knowledge.

The well-known writer on the Boston Herald,
B. W. BALL, of Rochester, N.H., writes, June
7, 1882:
"Having suffered severely for some years
with Eczema, and having failed to find relief
from other remedies, I have made use, during
the past three months, of AYER'S SARSAPARILLA,
which has effected a complete cure.
I consider it a magnificent remedy for all
blood diseases."

Ayer's Sarsaparilla

stimulates and regulates the action of the
digestive and assimilative organs, renews
and strengthens the vital forces, and speedily
cures Rheumatism, Neuralgia, Rheumatic
Gout, Catarrh, General Debility, and
all diseases arising from an impoverished or
corrupted condition of the blood, and a weak-
ened vitality.

It is incomparably the cheapest blood medi-
cine, on account of its concentrated strength,
and great power over disease.

From Our Correspondent.

An interesting parlor social was held at
Mr. A. McKenzie's on Friday evening last,
and was a success on every respect. To say
that those present enjoyed themselves im-
mensely is only expressing it in a mild way.
Several dialogues were rendered in a manner
which reflects credit on those who partici-
pated in them. After indulging in the
various social games customary at those
exceedingly friendly meetings, the different
members of the party dispersed to their
several homes well satisfied with the social
intercourse of the evening. The proceeds
which amounted to something over ten
dollars, will be applied in replacing the very
primitive looking pulpit in "the decent
church that tops the neighbouring hill."

Several of the leading sports of our vil-
lage decided to have a regular hunt for deer
on the far-famed and romantic plains of
Carden, so after procuring all the necessaries
for such an expedition they proceeded
on Monday the 17th inst to these celebrated
hunting grounds. They secured quarters
for the night in Mr. Armstrong's shanty,
where Mr. and Mrs. Armstrong, who are
out there at the present time, endeavoured
to make them as comfortable as possible
after the fatiguing chase of the day was over.
After being absent a few days the thoughts
of the sport worked to such an extent on
our Doctor's mind, (Dr. Wood) that he
could resist it no longer, so he decided to
join the party. After packing up a fair
supply of liniments and surgical instruments
in case his services might be required in a
professional way he proceeded on his journey
but, happily for the party and I will say
unfortunately for the doctor he found them in
splendid condition mentally and physically.
Unhappily for the Doctor he was there but a
few hours when he was called away to
attend to his professional duties. With the
first peep of day our hunters were on foot,
when, after taking some much needed exer-
cise to supply them up preparatory to the
go as you please race, also a substantial
breakfast necessary for great physical en-
durance, they proceeded to the slaughter.
After the fatiguing chase of the day was
over they repaired to their night's quarters,
where after giving an account of the won-
derful shooting done by each of them in the
day just passed, also in the days of their
youth, "Now far back in the past; of the
wonderful springs made by the deer after
being mortally wounded, of the enormous
tracks seen, of the magnificent looking bucks
seen disappearing behind some boulders or
clumps of bushes just as some particular
person was preparing to draw a bead on
him, etc., etc., they retired for the night
to dream till morning of skipping across the
plains with marvellous speed; of springing
with amazing dexterity of legs and huge
boulders, of desperate encounters with
wounded bucks when attempting to sever
the jugular, of waiting patiently behind
some obstacle for the appearance of a deer
and then lay the mortification of seeing
him gliding by a half a mile off. They
were fairly successful as they succeeded in
securing several deer.

Glenarm.
From Our Correspondent.

SORRE.—The Presbyterians of this com-
munity have decided to hold a grand soiree
on Christmas Day, which promises to sur-
pass anything of the kind ever held in this
place as the managing committee is com-
posed of some of the most energetic young
men of the congregation who will faithfully
endeavor to make it a grand entertainment.
There will be an excellent programme which
will be entirely carried out. There will also
be vocal and instrumental music rendered
by an efficient choir, able lectures will be
given in the evening by some of the best
lecturers in the Province of Ontario, and by
some of the most talented clergymen of the
Presbytery of Lindsay. A cordial invitation
is extended to the granger friends to come
to the tea, and also an invitation to all de-
nominations to come to Glenarm where they
will be served a real presbyterian tea during
the evening.

BUILDING.—Our enterprising shoemaker
Mr. Wm. Thornbury, has erected a neat
stable.
THE PULPIT.—The Rev. J. G. Manley,
agent for the Bible society occupied the pul-
pit of the Presbyterian church on Sabbath
the 16th inst., and preached an eloquent
sermon in English to a large congregation.
The pastor preaching an able sermon in
Gaelic.

Holloway's Ointment and Pills.

A frequent cause of gout and rheumatism
is the inflammatory state of the blood, at-
tended with bad digestion and general debil-
ity. A few doses of these Pills taken in
time are an effectual preventive against gout
and rheumatism. Anyone who has an at-
tack of either should use Holloway's Oint-
ment also, the powerful action of which,
combined with the operation of the Pills,
must infallibly effect a cure. These Pills
act directly on the blood, which they purify
and improve. Having once subdued the
severity of these diseases, perseverance with
the Ointment, after fomenting the affected
joints with warm brine, will speedily relax
all stiffness and prevent any permanent con-
traction.

A Great Discovery.

Mr. Wm. Thomas, of Newton, Ia., says
My wife has been seriously affected with a
cough for twenty five years, and this spring
more severely than ever before. She had
used many remedies without relief, and be-
ing urged to try Dr. King's New Discovery,
did so, with most gratifying results. The
first bottle relieved her very much, and the
second bottle absolutely cured her. She
has not had a good health for thirty years.
