PICKERING COLLEGE is well known as holding a first place among the educational institutions of the Province. Young people of both sexes receive a thorough practical education and at the same time are surrounded by all the moral influences and guarded care of a well-conducted Christian home. The College buildings are complete in every respect, and are noted for their beautiful and healthful situation.

The staff of teachers is large and thoroughly competent, being composed entirely of University graduates. There are four distinct departments:

- I. THE PREPARATORY for Junior Students.
- II. THE COMMERCIAL for those wishing a thorough business training.
- III. THE COLLEGIATE for those preparing for Matriculation in Arts, Law, Medicine, or Civil Engineering, for the primary examinations in Dentistry, Pharmacy, or Civil Service, or for any of the examinations for teachers. At the recent examinations for Second Class certificates all of the candidates from the College were successful.

INSURE.

This is the time of year you should get insured as there are so many dangers in dry weather of fires. Please read the following card of thanks from Mr. James Parson of Woodville, whose barn took fire from lightning on the 23rd of May. And if you want any business in that line give me a call as you always know where to find me. Remember I can do insurance as cheap as the cheapest, and I do business for several companies and cheaper as I don't charge the usual \$1.00 for policy fees, but the best Company is always the cheapest in the end.

J. C. GILCHRIST,

Insurance Agent.

Card of Thanks.

I hereby wish to express my thanks to the Citizen's Insurance Co. for their prompt and liberal settlement of my claim against them for loss to me by lightning on 23rd of May, 1884, and also to your agent Mr. Gilchrist for his kind assistance.

Signed, JAMES PARSON
