The annual meeting of the Beaverton Branch of the Upper Canada Bible Society was held in Knox Church on Monday evening last. The Treasurer's report showed that upwards of \$78 had been collected by the ladies of the above named branch during the past year. Mr. Frazer, agent for the Society gave an able and interesting address on the need of the still further efforts of the Society to send the Gospel throughout heathen lands. He was followed by short addresses from our local ministers.

Mr. Campbell soon recovered himself, but Mr. Donnelly fared worse, several of his ribs being broken. The horse was caught some miles further on.

Hallow'een.
The boys as usual on Hallow'een night performed all kinds of extravagant pranks to the annoyance of their victims. When is this senseless riot and malevolent desire for destruction to cease? In trouble.
The sleight of hand man with the imposing looking fez who did this town a couple of weeks ago met with trouble last week in Uxbridge. The "Journal" says: A dead-beat conjuror named Seeton, who held forth here a few weeks ago, returned to town on Monday and somehow managed to obtain liquor enough to become intoxicated. Like other fools he had to make an exhibition of himself, flourishing a revolver in a manner decidedly unpleasant to those who happened to be standing in the vicinity. He was arrested on a charge of violating the Blake Act, which prohibits the carrying of firearms, but on being brought before a Magistrate was only fined \$1 and costs for being drunk.

Hodgson's Fall Dress Goods are now to hand and having bought them for cash before the advance in prices, are 20 per cent. less than other houses are selling at.

483 Seigneurs St. Montreal May 2, '87.
After ineffectually trying many of the so called remedies for catarrh, I made a trial of Nasal Balm which gave me instant relief, and since commencing its use I daily note the beneficial changes it is producing after a few applications. It changes the unpleasant odor of the virus in the throat and the poisonous secretions over which every breath must pass. To any thus troubled it is a priceless medicine.—E. A. CARDINAL.

Bradford "Witness."—An Orillia young lady rather than obey the wish of her parents by marrying a man who drank, silently fled on the day set for the marriage. In Brief, and to the Point

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order. Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics. But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy. Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.
