W. C. T. U.

The regular fortnightly meeting of the W. C. T. U. was held on Thursday, the 1st inst. After devotional exercises, the minutes of the last meeting were read by the secretary and approved by the meeting. The treasurer reported eight new members and an increase in funds of \$3.75. A lengthy discussion then took place regarding the relation of the W. C. T. U. to charitable purposes, the outcome of which was, that measures were adopted by the union to relieve the wants of deserving parties in the village who were found to be in need. Next followed a very touching reading, "Speak a word for Jesus," by Mrs. Spencer, after which another discussion arose, the subject this time being, "The advisability of getting a series of lectures on Temperance, for the winter evenings." The matter was postponed, however, for consideration at some future meeting. A vote of thanks was tendered Mrs. Cave for the use of her organ at the open meeting. The meeting closed with prayer. The open meeting held on Wednesday evening was the most largely attended of any yet held. The programme, which was a long one, appeared to give general satisfaction. Refreshments were served during the evening and all seemed to enjoy themselves thoroughly. Several took advantage of this opportunity to become members of the union.—[PRESS COR.]

Holloway's Pills are the medicine most in repute for curing the multifarious maladies which beset mankind when dry, sultry weather suddenly gives place to chilly, drenching days. In fact, these Pills offer relief, even if they fail of providing an absolute remedy in all the disturbances of digestion, circulation and nervous tone which occasionally oppress a vast portion of the population. Under the genial, purifying and strengthening powers exerted by this excellent medicine, the tongue becomes clean, the appetite improves, digestion is quickened, and assimilation is rendered perfect. These Pills possess the highly estimable property of cleansing the entire mass of blood; which, in its renovated condition carries purity, strength and vigor to every tissue of the body.
