

eral and general machinery with neatness and despatch. The Carpenters' shop is also complete with labor saving machinery of a character calculated to do the greatest amount of work in the shortest space of time. The Blacksmith and Moulding Shops are perfect in every particular. During the year 1878 this firm have made a very large amount of agricultural machinery which has been shipped to all parts of the Dominion as well as supplying the home demand. It is their intention to manufacture still more largely during the coming year than heretofore no small part of which will be 100 Improved Fanning Mills and 400 Flows, some of which will be of a pattern heretofore not made by them. We recommend farmers generally to examine these interesting works for themselves to whom Messrs. White & Bro. will be pleased at all times to extend a cordial welcome.

**THOS. CLOUSTON,**  
Our village Painter, is too well known to require many comments as to his abilities as a workman. During the past season Mr. Clouston has done a large amount of house-painting, and we think everybody has been well pleased with his work.

**D. McNabb.**  
During the past year has stocked a Lumber Yard in this place, and it is a decided acquisition to the business of our town; he has sold in that time half-a-million feet of Lumber and hopes to double this amount next year. At present his men and teams are busy cutting and skidding logs for next season's business. He is prepared to sell Bills for Barns, Sheds, Stables, &c. at \$8 per thousand, (good common lumber) at the mills, Bolsover. He will be happy to hear from those about to build. Lumber can also be furnished in Woodville, with cost of teaming added.

#### THE CASH SYSTEM.

The subscribers while grateful to a discerning public for the liberal patronage bestowed on them in the past, beg to announce that on and after the first day of January, 1879, their books will be closed and positively no credit given—excepting as per special arrangement—believing that the true National Policy consists in the adoption and carrying out by individuals of the "Pay as you go" system. Having tried the credit system to our hearts' content, we pronounce it an unmitigated evil—as it affects buyer and seller, especially the latter.

Our Mr. Campbell has returned from Montreal, where he made special purchases of general Dry Goods, Clan Tartan Dress Goods, &c. together with a choice lot of Fruits and General Groceries, which buyers should inspect before purchasing, as hard pan prices will be quoted for cash.

Soliciting under the new regime a continuation of the favors so liberally bestowed on us in the past, and wishing our numerous friends and patrons, in spite of the hard times a "Merry Christmas and a Happy New Year," we remain,

**A. C. CAMPBELL & Co.**  
P. S.—Accounts are now ready and as we want money, parties interested are requested to call and settle forthwith.

Owing to a press of Christmas advertising matter considerable local correspondence has been unavoidably crowded out.

The Nomination for Township Reeve and Councillors, will take place in the Town Hall, Woodville; on Monday, December 30th.  
Fruit Cakes of all descriptions. Tartlet shells made to order, at Berrie's.  
Mails close at Woodville Post Office on and after Thursday next, as follows: Midland, north and south, 1:45; Nipissing, south, 1:45; Nipissing, north, 10:30.  
Beware.—We notice by our exchanges that thieves are operating in different parts of the country taking harness and other articles from farmers' stables. Keep your premises well secured for fear they might pay you a visit.

**Bells.**—During the present season of sleighing we have noticed several parties out sleigh driving without having bells attached to their conveyances. They are perhaps not aware that such a proceeding is punishable by law.

The finest grades of American Watches, with coin silver cases, from \$15 to \$20. A first-class Swiss Lever, with coin silver cases, warranted, for \$10. Watch repairing a specialty.—L. MAYBER.

**Road Making Extraordinary.**—One day last week rumors were heard, which after a little investigation turned out to be correct, that some parties were preparing to gravel the road leading through the long swamp, directly east of this village placing it directly on top of the snow which had just fallen, causing an entire suspension of traffic. We do not know whether this was done under the instructions of the Commissioners appointed by the two townships, or not, but in our opinion it seems a most ridiculous waste of township funds, besides showing an extraordinary amount of ignorance and carelessness. If the road is left as it is, it will be impassable both during the winter and the coming spring. We hope the proper authorities will investigate the matter and try and have it remedied.

One thousand pairs of Boots and Shoes, fresh stock, arrived at Rod. Campbell's, this week, felt and leather. Cheap for cash.

Readers it will pay you to read every advertisement in this paper, and when you come to town, go to the advertisers for the goods you want. As a rule business men who use printer's ink liberally are the most liberal with their customers.

**A MERRY CHRISTMAS AND A HAPPY NEW YEAR.**—This is Gunn Bros. wish, and for proof call and see their choice stock of presents.

**Accident.**—Mr. Tobias Hodgson met with a painful accident last week. While cutting up some beeves the butcher knife slipped and came across the back of his left hand severely cutting it and severing the cord of the middle finger.

**MIRTH.**—Christmas is the time when husbands can gladden the hearts of their wives by their generosity, when wives can show their sympathy and affection for their husbands, by presenting them with New Year Diaries and Moustache Cups, when Romcos and Juliets can give expression to their love, and when parents can make their children universally happy. In conclusion we would direct your attention to Gunn's advertisement for Xmas presents.

**Unfortunate Windows.**—During the past week Jas. A. Mitchell & Co. have lost two windows by the excessive use of dog. Parties come into the shop and forget to let their dogs out when going out themselves, whereupon the dog leaps through the window. We hope the parties owning the dogs will be made to pay for the damage, when they will be more careful in future.
