The school trustees, or the Police Commissioners should do something towards placing a sidewalk to the school. The present sloppy weather the sidewalk is simply impassable and the plowed field has to be used. It is monstrous to have children travelling through such mud, when the laying of even a single board walk would render it tolerably decent. If the school trustees had the interests of the school in view the state of affairs it would not be allowed to exist long.

Don't forget to get a set of those very cheap Vases at Gunn's.

The simple practice of washing with cold soft water and rubbing the cheeks briskly with a rough towel as a daily habit will do more to produce rosy cheeks than the best artificial inventions. Not only may a natural blush be thus secured, but the fulness of the cheek is sustained by the healthy flow of blood which feeds its muscular structure. The muscles of the cheek have very little action; they therefore become flabby and sunken at an early age in persons whose habits of life are such as to maintain little energy in the general system. The simple friction of the cheeks will do much to satisfy fair readers who may take the hint.

The largest stock of Xmas and New Year's Toys ever offered in Woodville just arrived at Gunn's. Call early for your presents.

An old lady named Mrs. Bell, of the 14th con. of Emily, met with a very painful accident at the Daly house on Tuesday morning, 15th inst. She intended going to Toronto by the 6.10 a. m. train. In walking the house at an early hour, she fell down stairs and broke her wrist, and received severe bruises about the head and body.

The Liver is the grand purifying organ of the system; when inactive or obstructed bad blood and ill health are certain results. Burdock Blood Bitters cure all diseases arising from disordered Liver, Stomach, Bowels or Kidneys, purifying, restoring and strengthening. It regulates the Bowels, cleanses and enriches the Blood, and imparts tone to every organ of the body. Trial Bottles 10 Cents.

Holloway's Ointment and Pills.—During every break of wintry weather exertions should be made by the afflicted to recover health before unremitting cold and trying storms set in. Throat ailments, coughs, wheezing, asthmatical affections, shortness of breath, morning nausea, and accumulations of phlegm can readily be removed by rubbing this line derivative Ointment twice a day upon the chest and neck. Holloway's treatment is strongly recommended with the view of giving immediate ease, preventing prospective danger, and effecting permanent relief. These all-important ends his Ointment and Pills can accomplish, and will surely prevent in sidious diseases from fastening on the constitution to display themselves afterwards in those disastrous forms that will probably embitter life till death itself is almost prayed for.
