

Jabesh Snow, Gunning Cove, N. S., writes: "I was completely prostrated with the asthma, but hearing of Dr. Thomas' Electric Oil, I procured a bottle, and it done me so much good that I got another, and before it was used, I was well. My son was cured of a bad cold by the use of half a bottle. It goes like wild-fire, and makes cures wherever it is used."

Mr. Wm. Boyd Hill, Cobourg, writes: "Having used Dr. Thomas' Electric Oil for some years, I have much pleasure in testifying to its efficacy in relieving pains in the back and shoulders. I have also used it in cases of croup in children, and have found it to be all that you claim it to be."

In these days of oleomargarine, it takes a smart man to find out "on which side his bread is buttered."

Holloway's Ointment and Pills.

This Ointment affords the shortest, safest, and easiest path to soundness in all kinds of skin diseases, scrofulous affections, scorbutic maladies, ulcerations, eruptions and inflammations. There is nothing deleterious in the composition of Holloway's Ointment, but on the contrary, its ingredients possess the most soothing, purifying and strengthening qualities, so that it can be used with perfect safety by persons of all ages. The delicate skin of infants is not irritated by its application, and it is equally adapted for subduing the tedious ulcerations attacking the aged. In all constitutional, chronic, and complex affections, Holloway's Pills should be taken whilst his Ointment is being used, in order that all baneful matter may be expelled from the system.

A lady writes: "I was enabled to remove the corns, root and branch, by the use of Holloway's Corn Cure."

A BRANTFORD paper says:—Last evening the Rev. Dr. Cochrane, on making the usual announcements from the pulpit, made some excellent and practical comments on the subject of making announcements from the pulpit; and also to some other matters of practical importance. He stated that if he were to read all the notices and invitations handed to him to be published, the congregation would need about fourteen days in the week, instead of seven, to attend to all these demands made upon their time. Some of these notices he did not believe in, but there were others which were consistent with the work of the church. Still he thought that all announcements outside of the special business of the church should be made public through the advertising columns of the press, and be paid for, as other advertisements are, and should not be made from the pulpit, as the sacred desk could hardly be considered a fitting and appropriate place from which to issue advertisements. Dr. Cochrane is right, and we commend his views to the pastors of churches in this vicinity.

Worms cause feverishness, moaning and restlessness during sleep. Mother Graves' Worm Exterminator is pleasant, sure, and effectual.

Is there anything more annoying than having your corn stepped upon? Is there anything more delightful than getting rid of it? Holloway's Corn Cure will do it.

ORILLIA hotel keepers charge the following rates:—Board and lodging, two dollars a day; team over night in a stable, one dollar; single, fifty cents; hay for team, forty cents; hay for one horse, twenty five cents; shed room for one horse fifteen cents. They intend to boycott the merchants who voted for the Scott Act, and buy their provisions from outsiders.

Persons of sedentary habits, the greater part of whose time is passed at the desk, or in some way bent over daily tasks, cramp the stomach, weaken its muscles, and incur dyspepsia early. Their most reliable and safest medical resource is Northrop & Lyman's Vegetable Discovery, the Great Blood Purifier, and which is especially adapted to Indigestion, Biliousness, Constipation and Poverty or Impurity of the Blood.

Mr. C. E. Riggins, Beamsville, writes: "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seems to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

The St. Mary's "Journal" and "Argus" says: "The St. Mary's Carriage Manufacturing Company not having sold the whole 100,000 shares or had full returns from agents have deemed it advisable to postpone the division of profits, amounting to \$106,000 to Wednesday, December 31st, 1884, when the same will positively take place. Shares are \$2.00 each, and can be secured from H. A. L. White, Secretary, St. Mary's Ont."

Prof. Barrett of St. Lawrence county, N. Y., speaking of pulmonary diseases, says: "not one death occurs now where twenty died before Down's Elixir was known. For fifty years of constant success places Down's Elixir at the head of the long list of cough remedies."

The reason why Arnica & Oil Liniment is so popular with the ladies is because it not only is very healing and soothing but is odor is not at all offensive.

SEND THEM IN.—Dozens of interesting events—great and small—are lost sight of every week for the want of some one to report them to the press. Are there visitors in your neighborhood? Send in their names to the press. Tell us about the changes. Farmers or houses? Church socials or meetings? Write an account for the paper. Races, fires, floods, deaths, weddings, accidents, are interesting items? Send them to the paper, and the editor will thank you and return the favor some day. Write only what you can vouch for on honor, and above all try to please rather than annoy or injure anybody. It is an honor to be a contributor to the press.

Don't suffer with indigestion, use Baxter's Maltine Bitters.

Purge out the lurking distemper that undermines health, and the constitutional vigor will return. Those who suffer from an enfeebled and disordered state of the system, should take Ayer's Sarsaparilla to cleanse the blood, and restore vitality.

How often we do hear of the sudden fatal termination of a case of croup, when a young life might have been saved by the prompt use of Ayer's Cherry Pectoral! Be wise in time, and keep a bottle of it on hand, ready for instant use.

These plates are printed in colors, on fine plate paper, and will be issued monthly to our subscribers, free of charge.

In these sketches an effort is made to hit off not only the facial expression, but the general figure as well, each subject being some characteristic pose. Wherever possible the drawing will be made from life, so as to ensure accuracy in these respects. At the same time a staid matter-of-fact portrait is not aimed at, but that far more attractive and unique thing—a caricature embracing a likeness. Each portrait is accompanied by a brief biographical notice written in a spirit to correspond with the picture.

When we call upon Canadians to encourage this enterprise we are after all not asking them to do anything vast. They already have in Grip abundant value for \$2 per annum, and has already stated the Gallery, which alone is worth more than the amount of subscription, is a free gift. All we request therefore is that those who are not already upon our list shall subscribe for Grip. We decline to argue as to whether \$2 per year can be spent in any better way intellectually. There is no question to argue. The intelligent citizen of Canada who has that amount per year to invest for his mental pleasure may safely take our word on this point, he will certainly find nothing to buy for the money which will be so satisfactory as a receipt for a subscription to Grip.
