IMPRESSIONS OF FIRST DAYS OF THE TORONTO LEGISLATURE

Notes of What the Opposition Has Been Doing in the First Week of the Session

A Toronto correspondent writes: Press Gallery Ontario Legislature, Jan. 20th, 1902.

Though the session has not passed the period of ten minute meetings, it is evident to all that not in years has the Opposition been in such splendid fighting trim. The Conservatives present a solid front to the foe and as each session goes by, it becomes more evident that in the man from Morrisburg the Ontario Conservatives have at last discovered that which has been their crying need for years, a leader.

Mr. Whitney's criticism of the speech from the throne was sharp and incisive. With a tinge of sarcasm he noted the care which had been taken to avoid troublesome questions in the speech that is of course simply the Government announcement of policy and an outline of what may be expected during the session.

He feelingly remarked on the earliness of the session which has been necessitated in order to avoid calling into the force that abortive legislation, by which Government tried to prolong its own life.

He asked Mr. Ross what had become of the great dressed beef trade he was going to establish, and in connection called for North Dakota was."

Mr. Whitney again raked up the Government on these election performances with which they outraged the public feeling, public morality and the most sacred institutions of the country.

The Government was silent as to North Waterloo and West Elgin, but until the great wrong which had been done until something is done to efface the marks of disgrace upon the political history of this province by reason of the iniquities the Opposition would never be silent.

Mr. Whitney's entire criticism is pronounced by old parliamentarians to have been the able and complete brief summing up of a Government position that has been heard in the house in years. In other ways the Opposition has shown its ability to stick to their own brands.

It is now over two years since E. A. Little, the Conservative member for Cardwell called the attention of the Government to the necessity of a Committee on Agriculture and Colonization. Like other Opposition suggestions that were received with scorn by the all-wise people who occupy the government benches. However, though apparently laughing at Mr. Little's idea they had treasured it away for use on future occasions and today we find it blossoming forth as a Liberal improvement and the

Committee of Agriculture and Colonization has been appointed. Last session, W. H. Hoyle, member for North Ontario introduced a bill providing that when there were no cases on the docket for the courts conducted in county towns that there would be no necessity for summoning the jurors, thereby saving the county all the way from \$1,000 to \$1,600. This bill coming from a Conservative source went the way of most of the measures suggested by the Opposition. This year after Mr. Hoyle had re-introduced his bill the Attorney-General trots out one which has in view the same and the only recommendation of which is that it has a Liberal sponsor.

These are two cases in which the Government has appropriated Opposition ideas, ideas which put into the form of legislation would have been of benefit to the country before now but which the country had to struggle along without until the Liberals could put them into such shape as would redound to their credit rather than of the Opposition. But this session has already provided an example of how unwillingly the amendment to the law no matter Government is to accept any law or how much good that is introduced by a Conservative.

A year ago the Government introduced measures that were intended to do away with what is commonly known as "Scrap-iron Assessment." This assessment allowed the plants of street railways, telephone companies, etc., to be assessed at what they would bring as old metals. It was so manifestly unfair that the Government was forced by the Opposition to attempt a remedy. They refused to accept a bill prepared by the Assessment Commission, a body of their appointment which would have remedied the evil and substituted a measure which was laughed at by the courts no longer ago than Friday.

One of the first acts of the Opposition members of the present session was Mr. Foy's bill to correct the wrong which the Government committed a year ago. The Government refused to adopt the measures and Premier Ross's lame excuses are the laughing-stock of Liberals and Conservatives alike.

Prohibition too is troubling the Government, though frequently questioned the premier dodges the issue. When he finally answers the question it is generally conceded that he will some difficulty reconciling the position he takes with his former position as one of the officers of the Dominion Temperance Alliance.

ON CRUTCHES.

Even if you are obliged to use crutches Dr. Hall's Rheumatic Cure can fix you up. This was the experience of John J. Peters, Sharbot Lake, Ont. He suffered with rheumatism in his legs (sciatica) for a year and had to creep about on crutches all the time. Fortunately he tried Dr. Hall's remedy and it only took three bottles to cure him completely. This great blood purifier is put up in bottles containing ten days treatment. Price 50 cents at all drug stores or The Dr. Hall Medicine Co., Kingston, Ont.

Stops the Cough And Works Off the Cold

Laetive Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

LINDSAY BEATEN AGAIN

Port Hope Puck-Chasers Beat the Locals on Their Own Ice—Score 4-1

Last Friday night's game was a sad blow to the local supporters of hockey who were laboring under the impression that Lindsay had a septette capable of making a good showing against any intermediate team in the business. It makes no difference how strong a team may be in the business, without combination play they cannot win games. This was clearly demonstrated last Friday night. With the possible exception of once or twice, no more than two Lindsay players ever figured in a rush and it was a too frequent occurrence for one man to struggle single-handed with the whole Port Hope team. It was also the opinion of a number of people that our defence played too far forward and when Callaghan and Dennison changed places for a few minutes, the latter was clearly a man out of his position.

At 8.40 when Referee W. B. Lillie of Toronto blew his whistle, and the teams lined up it was apparent that Port Hope had the advantage in weight. It transpired later that they knew more about combination play and were in better condition. From start to finish the game was a series of off-sides interspersed with cheers and jeers from the spectators. Both teams indulged in considerable body-checking and slugging. The referee was impartial and frequently disciplined the players, but in spite of all, the game bordered nearer at times, to an exhibition of shinny than hockey.

Play started after several attempts were made to face-off. The puck travelled towards the Lindsay goal where it was lifted over the boards. An off-side and a rush by Port Hope Brown makes some beautiful lifts. Taylor and Parkin figure in a nice piece of work. Taylor lifts his stick too high and goes off the ice for two minutes. An off-side. McMillan is given three minutes rest. Lindsay rushes Port Hope. Lawrenson ordered off the ice for 3 minutes. Callaghan then makes a pretty lift and lands the puck in Port Hope's goal after 15 minutes' play. A series of off-sides and McMillan ties the score in 5 minutes. Lindsay presses Port Hope. Boney gets hurt. Coleman runs into Callaghan and bounces back against the ice. The shock makes him somewhat dizzy. Taylor makes into McMillan and knocked him down for which the referee gave him one minute on the fence. Half-time and the score was 1-1.

The second half starts with more off-sides. Dennison makes a play followed with a rush by Shannon and Parkin, but Port Hope's defence was always there to relieve. A rush by Port Hope and Boney scored in 5 minutes. Lindsay storms Port Hope's goal. An off-side in front of the net. Boney sent to the fence. Shannon and Parkin working hard. McMillan goes off. The spectators call for Lindsay to score. They call with the request—lifting the puck through the net but the goal was not allowed and Port Hope in the midst of the confusion scores—making down the ice and scores—making it 3 to 1. Lindsay had scarcely recovered from the shock when Boney again scored. The game then settled down to hard, rough play. Dennison was sent to the fence and when time was called the score was 4-1.

Port Hope has a strong, well-balanced team. Their defence was especially good, and cannot be broken by one or two players. They are hard checkers and stick closely to combination play.

For the home team Parkin worked especially hard. Shannon and Taylor gave McMillan and Lawrenson a hard game but the latter were too heavy for them. They deserve great praise however, as these men are old lacrosse players and are always in condition. Callaghan and Dennison worked hard. The former was handicapped by not having his own skates. Burke and Gross put up a strong game. The team:—
Port Hope—Goal, Mercer; point, Bourne; cover point, Brown; forwards, Boney c., Coleman, r., Lawrenson, r.w., McMillan, l.w., Taylor, l.w.
Lindsay—Goal, Gross; point, Burke; cover point, Callaghan; forwards, Parkin, c., Dennison, r., Shannon, r.w., Taylor, l.w.
Time keepers—Mr. Henwood, Port Hope; Mr. Guthrie, Lindsay.
Umpires—Mr. Mitchell, Peterboro; Mr. Neelands, Lindsay.
Referee—W. B. Lillie, Toronto.

NOTES

Despite the counter attractions there was a good crowd.

We thought we had ourselves located on the hockey map.

What's the matter with inviting Orilla and Barrie down some evening for an hour or two?

Peterboro and Port Hope see that their men are properly looked after before and during a game. Our boys could finish better if they had a little more attention at half-time.

Port Hope and Fenelon Falls are small towns—but they have good hockey teams. E. R.

A LINDSAY MOTHER

Gives Sound Advice as to Treating Infant Indigestion.

Nothing is more common to childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution, or more likely to pave the way to dangerous disease. Among the symptoms by which indigestion in infants and young children may be recognized are loss of appetite, nausea, crutches, coated tongue, bad breath, vomiting, hiccupping and disturbed sleep. Indigestion may be easily cured, and Mrs. F. K. Begbie, Lindsay, Ont., points out how this may be done. She says:—"When my baby was three months old she had indigestion very badly. She would vomit her food just as soon as she took it, no matter what I gave her. After feeding she seemed

to suffer terribly and would scream with pain. She seemed always hungry, but her food did her no good, and she was thin and delicate. She was very sleepless and suffered also from constipation. We tried several medicines recommended for these troubles but they did her no good. Finally I saw Baby's Own Tablets advertised and got a box at Mr. Morgan's drug store. After giving them to her she began to improve in about two days, and in a week's time I considered her well. She could sleep well and the vomiting ceased; her bowels became regular and she began to gain weight. She is now a fat, healthy baby, and I think the credit is due to Baby's Own Tablets and I would not now be without them in the house."

Baby's Own Tablets is the only medicine for little ones sold under an absolute guarantee that it contains neither opiates or other harmful drugs. These Tablets are a certain cure for all the minor ailments of childhood, such as sour stomach, indigestion, constipation, simple fevers and diarrhoea. They break up colds, prevent croup, and allay the irritation accompanying the cutting of teeth. Price 25 cents a box.

Eldon Council Proceedings

The Eldon township council for 1902 is composed of the following members: Donald Jackson, reeve; and Donald McPherson; Donald B. McArthur, Colin N. McDonald and Lachlan McQuarrie, councillors.

The first meeting was held at Lorneville on Monday, the 13th of January. The members were all present except the reeve. Mr. McPherson was appointed chairman. Several applications for the office of auditor were before the council.

On motion of Mr. McDonald, seconded by Mr. McArthur, W. A. Larcker, and Amos Howlings were appointed auditors at the salary of \$5 each.

On motion of Mr. McArthur, seconded by Mr. McQuarrie, Mr. Morrison was appointed assessor at the salary of \$60.

On motion of Mr. McDonald, seconded by Mr. McArthur, Archibald A. Campbell was appointed a member of the board of health for the ensuing year.

A communication was received from Messrs. Larkin & Sangster, contractors on the Trent Valley Canal, requesting the council to take measures to open Munro-st. in Kirkfield. The council passed a resolution to let the work to be done in Kirkfield, and that the street was obstructed by a fence built across it by Alexander Munro.

On motion of Mr. McDonald, seconded by Mr. McArthur, the clerk was directed to write Alexander Munro requesting him to remove the fence complained of.

The sum of \$13.90 was directed to be paid to Mrs. John Morrison for the support of Mrs. Daly, an indigent woman, and a resolution was passed for sending Mrs. Daly to the Home for the Aged, Lindsay.

The following accounts were directed to be paid:—A. Carmichael for gravel, \$1.60; Jos. J. Cave, for printing, \$1.50; W. J. Fry, for plank for Kirkfield sidewalks, \$21.35; deputy returning officers (4 at \$7 each) \$28; J. Cameron for distributing ballot boxes, \$8; Municipal World for blank forms, \$5.63; P. Graham for gravel pit lot 18, con. 10 (balance) \$100; J. Munro for culvert on Nelson-st., Kirkfield (balance) \$10; J. Munro for right of way across lot 43, S.P.R. \$2; W. J. Mitchell, rent of hall for magistrates' courts, \$9; Jos. V. Staples, rent of hall Dec. 30th and Jan. 13th, \$3; Geo. Lytle, balance printing contract \$28; Home for the Aged for Donald McKay, \$18.30; J. L. McEachern for Marion McArthur, \$3.75; Township of Thorah to balance expenditure on town line, \$11.67.

A resolution was passed granting the sum of ten dollars in aid of the Sick Children's Hospital, Toronto.

A resolution passed directing that the following indigent persons be paid \$3 monthly, namely: Ann Carmichael, Sarah Shaw, Catherine McMillan and Duncan Logan. A special charity grant of \$5 each was made for Sarah Shaw and Ann Carmichael for firewood.

The accounts for vaccine matter, from Dr. Ross of Kirkfield and Drs. McKay and Grant of Woodville were again before the council for consideration, the council declining to pay the accounts.

The council then adjourned to meet again at Lorneville on the 5th day of March next.

Laxton, Digby and Longford Council Proceedings

Council met on 13th January, signed their declarations of office and took their seats. Minutes of former meeting were read and confirmed.

Moved by Mr. Davey, seconded by Mr. Campbell, that a bylaw be passed appointing municipal officer for the current year and bylaw No. 224 was passed, read a first, second and third time appointing R. Sootheran, and John Bailey auditors and Mr. William Halladay assessors.

On motion of Mr. McDonald, seconded by Mr. Perkins, Mr. James Campbell was appointed sanitary inspector and Dr. James Grant Medical Health Officer for 1902.

Moved by Mr. Perkins, seconded by Mr. McDonald that the reeve give his written fees for suit of Corporation re Russell—Carried.

Moved by Mr. Campbell, seconded by Mr. Davey, that the clerk be and is hereby instructed to subscribe for six copies of the Municipal World for the use of Municipal officers.—Carried.

Moved by Mr. Campbell, seconded by Mr. McDonald that the reeve give his order on treasurer for \$7 for

WE'RE KNIFING PRICES

BUT IT'S ONLY THE PRICES THAT SUFFER

You get the same correct styles, the same excellent qualities, as if you were Paying Full Price. Sounds odd, doesn't it? True all the same. It pays you to lose the profits and part of the original cost too. And it pays you to buy. Worst part of the winter is to come; you can wear heavy clothes for three months yet. Of course we're losing money, but we're giving you an opportunity to save it. And as it is never good policy to take anything for granted, we'll prove what we state by figures, and FIGURES CAN'T LIE.
