How We Help You Rise

WE NEVER GUARANTEE POSITIONS TO ANY ONE, but the training we give will thoroughly qualify you for the position of your choice, and make it easily obtainable. However, employers so frequently ask us to recommend trained workmen, and so many students desire and merit our assistance in promoting their interests with present or prospective employers, that we have established a Students' Aid Department to attend especially to this work. We make no charge to students or employers for assistance. The following letters are fair samples of such correspondence as we are daily receiving from our successful students:

Assistance by Students' Aid Department

"I received an advance of three dollars per week over my former salary since enrolling in your Schools, and to this end your reports to my employer of my progress were of decided benefit."—P. S. Todd, Ottawa, Ohio.

"I am glad to state that I have been placed in a position of foremanship at the plant of Swift & Co., and thank you very much for your methods of assisting me to gain this position so rapidly."—George Hitzeman, Kansas City, Kan.

"About a month ago, I secured a position with the Albion Electric Light Co., through your assistance, and, in a little over two weeks was promoted to second engineer. I consider my advancement due to the knowledge secured in the Stationary Engineers' Course, and the reports of my progress sent by you to my employers."—Frank G. Clay, Albion, Mich.
