A Siberian Comfort

There is no sphere of existence that hasn't its compensations. In bleak Siberia during the long winters each native sleeps with his feet on a dog. A Hot Water Bottle is an improvement on the Siberian plan for keeping the feet warm. It affords a lot of comfort at very trifling cost, and it's odd that anybody would be without one. We have a good assortment of Hot Water Bottles, the dependable guaranteed kind, and are making very satisfactory prices on them.

THE ONTARIO BANK

A Good Start for Boys

One of the greatest helps to a successful business career is to possess the SAVING HABIT. One of the best aids to helping a boy to acquire this habit, is to start them early in life with a Savings Bank account. Encourage them by duplicating THEIR OWN SAVINGS. A few dollars spent as an incentive to save while he is young will be worth more than hundreds given to him when he is of age. We have many such accounts in our books. Try one for YOUR BOY. \$1 will make a start. It will be a pleasure to explain our methods.

...LITTLE LOCAL LINES... News of Town and Country Briefly Told

—At the business meeting of the Eastern Victoria Dairymen's Association on Friday last, in order to arrange meetings at the various places throughout the province, it was decided to ask the Government to give an additional grant of \$500. The intention is to hold four or five dairy meetings throughout the province in order to furnish the agricultural community with what they need and deserve. In connection with the Dairymen's Association, Mr. Derbyshire, M.P., announced his intention of retiring in favor of Mr. Dargavel, Ontario, next year. While we hold Mr. Dargavel in the highest esteem and think he is a capable man, after his long connection with the association we would regret to see any change made in the presidency of the association, as Mr. Derbyshire has proved to be one of the best presidents we have ever known to be connected with any agricultural institution. People who attended the association meeting a few years ago, were stimulated to make greater advancement in the dairy industry than they had thought of. If a change must be made then we endorse the nomination of Mr. Dargavel all the way.
—The report of the Eastern Dairymen's convention in this issue on Page 6 is from advanced proofs kindly furnished us by the editor of the Weekly Sun, Toronto.
—A new story, "Cap'n Eri," is commenced in this issue of the Watchman-Warder. It promises to be one of the most interesting serials we have published. Read it.
—The 24th annual meeting of the Lindsay (Presbyterian) W.F.M.S. held in Sonya on Jan 9th was a most successful one. Reports were read showing advancement along several lines. The total amount of contribution for the year amounted to \$2284.74. This is \$264 better than last year. Four new mission bands were reported, making a total of 171 while the auxiliaries now number 26. The mission band secretary was empowered to visit the bands during the coming year in order to stimulate the youthful zeal in the important work to which they have given themselves. Rev. J. Griffith, B. A., of Honan, China, was present and gave a strong address on "China and its Needs." The next meeting will be held in St. Andrew's church, Lindsay on the first Tuesday in June.
—Students entering the Federal Business College on Monday next, Jan. 22nd will have time to complete one term before Easter. Day and evening sessions.
—Rev. Arthur Lea, M.A., from Japan, will give an illustrated lecture on "Our Eastern Ally," and missionary work in the Land of the Rising Sun on Friday evening in St. Paul's school house. He will also preach at Cameron and Cambrian and Lindsay on the evening of Sunday next. All are invited.
—The Parkdale Athletics and the Lindsay Miglets met last Friday in the first junior O.H.A. game of the season. Both of the teams were in the best form and the game was fast and furious from the start. Owing to the Toronto team arriving at 8 o'clock, the game did not start until 8:30. The first goal was scored by McDougall of Lindsay, on a pass from Stoddard. Then Bidpath evaded the score. Lynd again scored for Parkdale, and at half-time it was 2 to 1 in favor of Toronto. Shortly after half-time Bidpath scored again for the Parkdales. This made Lindsay say ginger up. Stoddard and Wilson scored for the town, which made the game a tie, 3 all. The pace was very fast and Lynd scored again for Toronto. The Lindsay boys did their best but could not even up, so the game went to Toronto with a score of 4 to 3. During the game Seely, Lynd (3) and Ramsay of Parkdale were ruled out by Sullivan, Stoddard and McDougall and Wilson, of Lindsay met the same fate. Wedd, of Parkdale and Ramsay of Parkdale, were both temporarily forced to retire, the former breaking a skate and the latter with cramps. Menzies was laid off from Lindsay's line to even up. Mr. E. A. Ford, of Peterboro, was a very competent referee.
—An enthusiastic meeting of the Lindsay Port and Pet Stock Association was held Tuesday evening. Many new members were present. The general routine of business was gone through with. No want of enterprise was evident. Many entries had been made from Toronto and other places. The reports of the various committees were most encouraging. Enough fees were now on hand to ensure the prize list being completed. The railways have agreed to give special fares from outside points on the second day of exhibition, Feb. 1st. Speakers conversant with poultry have been secured. Lindsay's first show is bound to be a success.
—At W. Martin's World's greatest production of "Uncle Tom's Cabin" will appear at the Academy of Music Wednesday Jan. 24. No other play ever written is better known in all parts of the Dominion to all classes of people than "Uncle Tom's Cabin" not even the plays of immortal Shakespeare, for the play of slavery hamlet in this broad country. It has been played steadily and constantly for the last half century, and it is estimated that it is being played somewhere in this land of ours on every day in the year. Even in the south it is seen. It has developed a distinct class of players who are called "Uncle Tommers" in derision by other actors and actresses because they spend their entire time playing the characters of "Uncle Tom." But this refers to the cheaper representations of this old play. It has been given as handsome and as expensive mounting as have ever been seen in any play as played by the Al. W. Martin Company, the play leaves nothing to be desired, either in scenery, electrical effects or in players. A chorus of twenty and a quartette are with the company and will be seen in plantation pastimes and festivities exactly as they were seen in the old and new time. Refrains and dances will be sung. Every scene used in the four acts of the drama is carried complete by Mr. Martin. Every dramatic role both black and white being assumed by white artists of well-known reputa-

tion. The role of Uncle Tom is in the hands of Mr. Frank Leo, the well known minstrel star, while Wilmoth Rhodes assumes the role of Topsy, the child who never was born. The company is a large one, numbering fifty white people, including a grand concert band and orchestra, which don't fail to hear.
—Arrangements are being made by the management of the Y.M.C.A. to bring the Fifth-Eaton Concert Co. to the Academy of Music on Jan. 30. This company is one of the best that are touring the Dominion, and if satisfactory terms can be arranged, lovers of this kind of entertainment can be assured of a delightful evening.
—Mr. D. R. Montgomery, of Bobcaygeon visited Lindsay last Saturday. He reports a fine cut of timber for Messrs. Carew and Jos. Maundering. He also states that Mr. Joe Kelly has cut a large amount of timber for Mr. Carew. Early in the season the swamps were in good condition, but are in a bad state just now.
—The sale at Fanning's Repository attracted a great crowd. Mr. Jackson, the auctioneer, was in great form and handled a great quantity of horses, robes, vehicles, etc. The prevailing prices, while not above the bargain hunter, were still satisfactory to buyer and seller. The monthly sales are evidently popular; and here to stay.
—Everything was lovely at the sleigh party on Tuesday night at the Greenway, under the chaperonage of Mrs. Thos. McConnell, was voted by all a grand success, three large sleigh-loads and a single being required to convey the party to their destination where the gaieties were commenced and kept up until 1:30 a.m., when after the grand march and a hearty vote of thanks to the host and hostess, the return trip was made and reached Lindsay at 3 a.m., everybody feeling good and all on the job next day. The Greenways were heard to say that the larch always hangs on the outside for the bunch from Lindsay. The party was in honor of our two Doukhobor friends from Saskatchewan and an Indian Head. The slight inclement of the weather no doubt prevented the Douks from removing their clothing.—Com.
—Messrs. Mackenzie & Mann will spend over two and a half millions this year in rolling stock for their railways.
—The annual meeting of the Victoria Grange will be held on the 25th inst at 1 p.m., at the crochery. The election of directors for the season and other business will be transacted. Mr. J. W. Mitchell, superintendent Kingston Dairy school, will be present and deliver an address. Everyone interested in dairying wives and daughters.
—The annual ball under the auspices of the railroad men will be held in the council chamber next Wednesday January 24th. A special orchestra has been engaged and a delightful evening is promised to the many who intend being present.
—The Peterboro Review says: There is a strong feeling in the city and county that a poultry association should be formed in this district and a move in that direction will likely be made at an early date. An association has been formed at Lindsay and a show will be held at the end of the month. A few years ago the Ontario Government commenced a policy of centralization in connection with the poultry associations, which resulted in the smaller organizations being merged into the Eastern and Western Poultry Associations, holding shows annually at Ottawa and London respectively. These shows are controlled by a few professional men, and the amateur poultryman stands no show. About seven years ago a poultry association existed here but owing to the lack of financial assistance from the government it went to the wall. During its existence this association did much good and prominent poultrymen think it should be revived. The Government makes large grants to the Eastern and Western Associations it is felt that it should do something to aid a local organization. A deputation may go to Toronto shortly in connection with this matter.
—Edward Butterworth, Uphill, in renewing his subscription writes: "As far as comedy papers are concerned, the Watchman-Warder is second to none I have read."
—A man in the south ward saw a robin the other day. That's nothing for a man in the north ward saw pink cats swimming. Probably the character of the beverage decides the nature of the vision.

THE LINDSAY ICE RACES

The greatest and best Winter races were held under the auspices of the Lindsay Trotting Association on Tuesday and Wednesday with Mr. J. Carew, president in the stand. Notwithstanding the bad weather on Tuesday the racing proved very exciting. On Wednesday milder weather prevailed and records were smashed to pieces. The free-for-all was the greatest ever seen in this country. There was a large number of entries for this class, and a large crowd of spectators witnessed the second day's racing. The free-for-all could not be excelled on the grand circuit. The grand finish of Looking Glass brought everybody to their feet, driven by Honest Charlie Kennedy.
In the 2:30 class on Wednesday the sympathy of the whole public was with Mr. D. McMahon, of Peterboro, owner and driver of "Harry Direct," who drove an excellent race and would probably have been the winner of the race had he not driven a little wide. A chorus of twenty and a quartette are with the company and will be seen in plantation pastimes and festivities exactly as they were seen in the old and new time. Refrains and dances will be sung. Every scene used in the four acts of the drama is carried complete by Mr. Martin. Every dramatic role both black and white being assumed by white artists of well-known reputa-

tion. The role of Uncle Tom is in the hands of Mr. Frank Leo, the well known minstrel star, while Wilmoth Rhodes assumes the role of Topsy, the child who never was born. The company is a large one, numbering fifty white people, including a grand concert band and orchestra, which don't fail to hear.

He also states that Mr. Joe Kelly has cut a large amount of timber for Mr. Carew. Early in the season the swamps were in good condition, but are in a bad state just now.
—The sale at Fanning's Repository attracted a great crowd. Mr. Jackson, the auctioneer, was in great form and handled a great quantity of horses, robes, vehicles, etc. The prevailing prices, while not above the bargain hunter, were still satisfactory to buyer and seller. The monthly sales are evidently popular; and here to stay.
—Everything was lovely at the sleigh party on Tuesday night at the Greenway, under the chaperonage of Mrs. Thos. McConnell, was voted by all a grand success, three large sleigh-loads and a single being required to convey the party to their destination where the gaieties were commenced and kept up until 1:30 a.m., when after the grand march and a hearty vote of thanks to the host and hostess, the return trip was made and reached Lindsay at 3 a.m., everybody feeling good and all on the job next day. The Greenways were heard to say that the larch always hangs on the outside for the bunch from Lindsay. The party was in honor of our two Doukhobor friends from Saskatchewan and an Indian Head. The slight inclement of the weather no doubt prevented the Douks from removing their clothing.—Com.

—The Peterboro Review says: There is a strong feeling in the city and county that a poultry association should be formed in this district and a move in that direction will likely be made at an early date. An association has been formed at Lindsay and a show will be held at the end of the month. A few years ago the Ontario Government commenced a policy of centralization in connection with the poultry associations, which resulted in the smaller organizations being merged into the Eastern and Western Poultry Associations, holding shows annually at Ottawa and London respectively. These shows are controlled by a few professional men, and the amateur poultryman stands no show. About seven years ago a poultry association existed here but owing to the lack of financial assistance from the government it went to the wall. During its existence this association did much good and prominent poultrymen think it should be revived. The Government makes large grants to the Eastern and Western Associations it is felt that it should do something to aid a local organization. A deputation may go to Toronto shortly in connection with this matter.
—Edward Butterworth, Uphill, in renewing his subscription writes: "As far as comedy papers are concerned, the Watchman-Warder is second to none I have read."
—A man in the south ward saw a robin the other day. That's nothing for a man in the north ward saw pink cats swimming. Probably the character of the beverage decides the nature of the vision.

THE LINDSAY ICE RACES

The greatest and best Winter races were held under the auspices of the Lindsay Trotting Association on Tuesday and Wednesday with Mr. J. Carew, president in the stand. Notwithstanding the bad weather on Tuesday the racing proved very exciting. On Wednesday milder weather prevailed and records were smashed to pieces. The free-for-all was the greatest ever seen in this country. There was a large number of entries for this class, and a large crowd of spectators witnessed the second day's racing. The free-for-all could not be excelled on the grand circuit. The grand finish of Looking Glass brought everybody to their feet, driven by Honest Charlie Kennedy.
In the 2:30 class on Wednesday the sympathy of the whole public was with Mr. D. McMahon, of Peterboro, owner and driver of "Harry Direct," who drove an excellent race and would probably have been the winner of the race had he not driven a little wide. Both races yesterday were hotly contested, and Mr. McMahon came in a good second, and everybody gave him a hearty cheer. In the final heat of the free-for-all when Looking-Glass sulked at the eighth post everybody cheered when Charlie Kennedy came up and won the race.
