NEW DOMINION BILL PROVIDING FOR A THOROUGH INSPEC-YEARS.

Ottawa, Jan. 2 .- Two bills intro- tion duced by the Minister of Agriculture just belore the vacation, have been printed. The bill to encourage the establishment of cold storage ware houses for the preservation of per ishable food products provides that the Government may enter into contracts with persons for the construction and maintenance of such warehouses, and may pay, as a subsidy, 30 per cent. of the cost of construction and equipment of this grant; 10 per cent, is to be paid on completion of the warehouse, and 5 per cent. for four years. Such warehouses are to the fees charged for storage are to effisf-in-Caunch

CRITICIZES COL. HUGHES' AC-TION ON RAILWAY RATES

Editor Watchman-Warder. Sir,-You will have noticed that Mr. Maclean, M.P., for South York, try of Old Country people and for- has again introduced his bill to refrom 3 cents to 2 cents, a mile, and that it has received its second reading without a division. Mr. Borden, looks now as if Mr. Maclean's persistent efforts were about to bear fruit distance of a 2-cent rate.

section men (paid only 98 cents a ia was the only man in the House have compelled all railway companies in the Dyminion to give them free transportation, not only during the have raised their indemnities is left is to compel the hotels board them free. In face of all this they insist on their consitituents cents per mile.

Fortunately this is not a party prevent cities and towns question, but a direct issue between emptying their sewage into the railways and the people-a question on which there is a conflict of opinion between our member and his eader. I would, therefore, suggest that a mass meeting of the people of Victoria be called and this measure of vital importance to us all, be fully considered while Mr. Maclean's Bill is before the House.

#### A GREAT SEED BOOK

FERRY'S 1907 SEED ANNUAL NOW READY FOR FREE DIS-TRIBUTCON.

Ferry's great Seed Book is now ready for distribution. This is the book that every farmer wants and waits for. It makes no difference what other catalogues are received, farmers are not satisfied until they get Ferry's, because it contains better and fuller information.

Ferry's Seed Annual is really more than a catalogue. It differs from the usual seed catalogue inasmuch as it really helps each farmer or gardener to choose intelligently the varieties best suited to his particular needs, The wise selection of varieties results in bigger, better paying crops. The experience gained in fifty years of successful seed growing is thus at your command.

For freshness, purity and reliabilithemselves. They are known all over have confidence in the name of Ferry, and know for a certainty that their seeds can be relied upon. They know that evety package has behind it the reputation of a house whose business standards are the highest; in the

Just drop a postal to D. M. Ferry & Co., Windsor, Ont., and they will send you a copy of their 1907 Seed Annual. It is absolutely free.

#### **Government May Establish** Two New Agricultural Schools

It is reported that the Government is considering the advisability of asking the Legislature at the coming session to vote a sum of ney to be used in the establishment of at least two agricultural schools for different sections of the older parts of the Province. One story to the effect that the districts which these institutions will be es tablished have already been selected, and that announcement on this point will be made when the vote is asked. Mr. and Mrs. F. Thompson, Cameron; in the preliminary phases of the Ag-It is said that the establishment o

the two schools will be entered upon and a good start made during the coming spring.

#### The Indian Population The Indian population of Canada

at the end of the fiscal year amounted to 109,394, a net increase of 1,757 compared with the previous year. Ontario is set down as having an increase of 2,878, but this is largely owing to gain by transfer of Indians formerly shown in Keewatin and of Indians hitherto not shown at all. The total number of births was 2,511 and of deaths 2,329, the net gain from natural increase being 182, or 91 less from the same source than a year ago. The income derived exclusively through the exertions of the Indians themselves has passed the five million mark and exceeded that of the previous year by over half a million dollars. The mortality, which was rather heavy last year, is attributed in part to the mildness of the winter, which is a questionable benefit to a who have to struggle for existence and are subject to pulmonary and more or less kindred diseases. The tendency to traffic in the sale liquor to the Indians is noted in the annual report, and this warning is issued :- 'Indications, have been observed during the year that a salutary lesson taught those concerned in this traffic along the lower St. travel over the lines of the Temiska- sum of about \$6,000 a mile, it is Lawrence a few years ago is fast ming and Northern Ontario.
