The money stringency cry has tightened the purse strings very unnecessarily and especially in this community where the crops are an average and the prices on many products doubled.

Our country is solid and as productive as ever. The banks have repressed the speculative spirit and it is well for Canada that they have. Confidence is being fast restored and there is no doubt but the spring will see Canada and especially this District, where solid industries surrounded by a thriving people and progressive farmers, flourishing as heretofore.

We have always reduced our stock during January on account of February First being our inventory day, when we determine the business done in the six months gone past. However we have determined that this will be

The Most Aggressive Sale in Our History

All Surplus Stock to the extent of Ten Thousand Dollars must be Cleared and we know that to accomplish this we must Sacrifice profits and IN MANY CASES COST PRICES WILL NOT BE CONSIDERED.

Prior to our taking over the Peterboro business we held a similar sale and it satisfied the public as few sales do. This will be another such a sale, only prices will be far lower and the savings speak much louder than on any former occasion. We do not employ any sales agency to operate our sales and draw a percentage of the receipts. We want this percentage to go into the pockets of our customers and earn for us their confidence and good will in a greater measure than ever. All our sales are originated and planned in our advertising department and have the backing of our twelve years doing business among the people of this district

What we advertise we always do. The prices we quote are genuine and backed up with our Fifty Thousand Dollar Stock of as carefully and well bought Dry Goods as there is in the trade to-day.

We will be marking down and repricing throughout our store from now until sale day, but that every article will receive a new price.

WE WILL BE COMPELLED TO CLOSE ALL DAY MONDAY, JANUARY 6th.

SALE COMMENCES AT 9 O'CLOCK TUESDAY MORNING, JANUARY 7th

and will continue all during the month of January, but we would advise your coming early as some lines will not be sufficiently large to last the full length of the sale

The prices we will quote during this sale will be so low that the present prices asked by manufacturers will not permit us to replace them for spring, but we have said everything must have a reduced price for this occasion and we will not protect the best selling article in the store. You simply take your choice, make the selections to suit yourself and save money on every ten cent piece you spend in the store.
