Terrible Effect of La Grippe

How many people there are who know from bitter experience the evil which follow in the train of La Grippe! The whole system is run down, appetite entirely fails, there is a continual feeling of languor and weakness, and life seems scarcely worth living. In many cases the lungs are attacked and the victim gradually declines, until prematurely carried off by the

What would not the sufferer give to know of a SURE remedy-of some medicine that would not only arrest the disease, but build up the wasted system, and restore permanently the lost health and strength; in a word, give new life and hope? SUCH A TONIC IS PSYCHIN Mrs. Hope (nee Cattle), of Morpeth, writes: "My lungs were in terrible state, I had had La Grippe, and it had settled on my lungs. I kee steadily getting worse, and got so low that I was confined to bed, and con

not even ait up. I consulted several doctors, but they said nothing could be done for me. Then I started taking PSYCHINE and it has certainly done wonders. I am now as strong as I was before my sickness, and can truly say that PSYCHINE saved my life." Such testimony as this is convincing. If you are suffering in a similar way, and have almost despaired of ever recovering the health you once enjoyed, why not send for a sample bottle of PSYCHINE and test it for yourself? There is no reason why you should not be restored PSYCHINE has proved the sovereign remedy in hundreds of other cases. Why not in yours? PSYCHINE is sold by all druggists and dealers at 50c. and \$1.00 a bottle. LIFE IN EVERY DOSE.
