NEW YEAR

 business promises big for our school—The Central Business College of Toronto—and big for our students, because of our new equipment, improved courses, and better plans than ever for securing situations at good salaries for our graduates. Our Catalogue is mailed free on request. Students are admitted any time. Write W. H. SHAW, Principal.

New S.W.P. Specialties

NO. 1. A powdered dancing wax, done up in perforated topped cans, ready to use, and so prepared that although in a fine dry form will not raise from the floor in dust.

NO. 2. FLAXOAP—this is a new linseed oil soap, made from pure linseed oil and potash, and used for general cleaning purposes. It is the only cleaner we can recommend for linoleums or any varnished surfaces and can be used for all purposes that ordinary soap is used, with better satisfaction.

Everything in the Sherwin-Williams line is guaranteed. You get satisfaction or your money refunded.

J. G. Edwards & Co.

Mr. Archer Baker, European agent of the O.P.R. at London, is dead. A boy who says he is Cyril Wallis of Hull, England, but whose parents are somewhere in Canada, is at the Children's Shelter, Toronto.

SUNLIGHT SOAP

ALL OVER THE WORLD
 thousands of housewives use Sunlight Soap in preference to any other, because it cleanses the clothes more thoroughly, and at half the cost without injury to hands or fabric. Follow directions.

BETTER RAILWAY ACCOMMODATION
Haliburton People Want Two Trains Daily

The Board of Trade at Fenelon Falls, met on Monday evening and discussed matters pertaining to the movement that is being made to secure better railway accommodation. Mr. McLean read a report of the work done by himself and Mr. McCallum as a committee appointed to meet and interview business men of the country north of the Falls, for the purpose of ascertaining their views and collecting data that will assist in bringing the matter to a satisfactory conclusion. Mr. McLean also read a draft of the detailed complaints and suggested remedies to be submitted to the Railway Commission, in which the various faults of the service on this division are set forth in a way that can leave no room for doubt that radical improvements are urgently and immediately needed, and are as a matter of simple justice due to this district, which has suffered so long in silence.

The principal request made will be that the morning train from Haliburton will be run as a passenger and express train exclusively, and connect at Lindsay with the eight o'clock flyer for Toronto; and that the mail train leaving Lindsay at eleven o'clock shall go through to Haliburton, leave the mail car off and return to Lindsay, catching the six o'clock for Toronto, and returning to Haliburton on fast time after the arrival of the evening train from the city.

BOUGHT NEW HOUSE.
 Dr. Nesbitt has completed the purchase of Judge Harding's house on Bond-st. A handsome price was paid for the same.

HORSE BUYING.
 Messrs. Weese and Isaacs have been around lately looking up horses. Mr. Weese buying all classes. Mr. Isaacs got a carload of the heavy horses for the West, and shipped them on Wednesday. Prices varied according to age and quality, reaching as high as \$400 for a well-matched pair of heavy extra good horses. The farmers of the neighborhood are getting high prices for everything raised, and are prospering.—Bobcaygeon Independent.

Blood Was Bad.

From impure blood comes Pimples, Boils, Ulcers, Tumors, Abscesses, Festering Sores, Rashes, Constipation, Head-aches, etc.

Get pure blood and keep it pure by removing every trace of impure morbid matter from the system by using

BURDOCK BLOOD BITTERS.

Mrs. Fred. Biggs, Kingston, Ont. writes:—"I was completely run down my blood was out of order, and I used to get so weak I would be compelled to stay in bed for weeks at a time. I could not eat, was pale and thin; every one thought I was going into consumption. I tried everything and different doctors until a friend advised me to use Burdock Blood Bitters. I did not have one bottle used when my appetite began to improve. I used six bottles. I gained ten pounds in two weeks. When I began to take it I only weighed ninety-three pounds. It just seemed to pull me from the grave as I never expected to be strong again. I will tell every sufferer of your wonderful medicine."

For sale by all dealers.
 Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

'Caygeon Curlers are Enjoying Many Good Games

Bobcaygeon, Jan. 13.—Geo. Johnson, who left last April for British Columbia, and who spent the greater part of his summer in the mountain section returned home for a visit before Christmas, and left again to resume his duties on Monday. George is a good sport, and while in B. C. captained a baseball team, playing independent ball, and which nearly always came out best. We extend to him our best wishes for a successful and prosperous year.

Fenelon Falls and Bobcaygeon hockey team clashed for the first time here Tuesday evening with the latter winners by 8 to 4. It was a good clean game and in every respect a credit to the players.

Bobcaygeon curlers are at it these evenings — at what? The bonny game, for sure. Why 'twould do you good to see them. Four sheets of ice and them (the curlers) all with stonies and brooms and sweaters and their tams, and asweepin', and athrowin' o' their stanes, one acallin' out, "Now take the broom, laddie," while over in another corner you hear "Seepher, sweepher, sweepher, hard: get her in behind that guard." At another place you hear a mighty smash as one has made, a "running shot," and still a mightier cheer as his opponents stone, which had been lying shot, is cleared from the circles. Young men, middle aged, and gray hairs, all on the same rink; clergymen, bankers, merchants, everybody at it. Could hockey, football or baseball compare with such? Talk about advertising our Kawartha Lakes as a summer resort only, when such a good winter sport as curling could be equally well, or better, enjoyed by our tourists. Would it not be a could thing to encourage an effort to make Canada's sporting grounds not only ideal in summer, but in winter also? We can—sure, we can!

The Church of England is holding parochial mission services for the next ten days. Rev. J. Bennett Anderson is the evangelist, and is a pleasing and entertaining speaker.

Rev. H. W. Foley attended the Sunday school convention at Valencia on Wednesday, and reports a good meeting.

Miss May Johnson returned to her school at Minden on Wednesday.

The Loyal Orange Lodge district meetings was held here on Tuesday, when the business was transacted. A good time and attendance is reported, Mr. Wm. Gamble, the District Master, being re-elected master.

We understand that Mr. H. M. Harris is starting up a job-printing office.

Why Many a Man Makes a Failure of Life

NOT BECAUSE HE LACKS THE BRAINS OR ABILITY, BUT BECAUSE HIS LIVER IS SLOW.

An inactive lazy liver makes plenty of men and women seem intellectually dull. They really have the "go," but are weighed down, pulled down by a sluggish condition of the system. In consequence lots of good chances are lost, enjoyment missed and pleasures refused—all because of a poor working stomach, and a disordered liver.

Men and women, wake up your livers, give relief to sluggish kidneys—they are working hard, but can't keep on forever doing duty for both the kidneys and liver.

Let Dr. Hamilton's Pills help you—let them drive those poisons from the blood that depress your mind and brain.

Let Dr. Hamilton's Pills give you such inward wholesomeness that body and spirit will tingle and glow with health and ambition.

You can depend on this—that Dr. Hamilton's Pills clear the skin, brighten the eyes, purify the blood, send energy, vim and good spirits circulating to every part of the body.

No other medicine makes people so healthy or keeps you always at your best like Dr. Hamilton's Pills. They are mild, curative and safe. 25c. per box, at all dealers, or The Catarrh-ose Co., Kingston, Canada.

Visitor From Victoria B. C. is in Town

The British Columbia country with beautiful climate, has a strong hold on a former well-known resident of Janetville, in the person of Mr. W. J. Hanna, of Victoria. Mr. Hanna was born in Janetville, but some twenty years ago decided that he could do better in the gold region country and moved to Victoria where he is at present engaged in the real estate, building and undertaking business. Mr. Hanna is at present paying a visit to his old home, having arrived home on New Year's Day to visit his mother, Mrs. Jas. Hanna. Mr. Hanna was also here two years ago. He states that Victoria and Vancouver are progressing rapidly, and that recently in one month some 12,000 people arrived in Vancouver to live and this throng was greatly augmented by several hundred tourists who visited and spent considerable of the time in Victoria.

Mr. Hanna, while in town, looked up his old friend, Mr. Geo. A. Jordan, and in renewing acquaintances many old stories were recalled and retold.

A special officer was stabbed by an Italian at a "sacred concert" in New York.

AGED PRESIDENT DEAD.
 Mrs. John Marsales, of Hamilton, died on Monday night, Jan. 10. Mrs. Marsales was one of the first settlers of Guilford, and leaves a husband and a large family, most of them married. Deceased was 70 years of age.

Nine lives were lost in the recent snowstorm in New York.

Children Cry FOR FLETCHER'S CASTORIA

How the Frost Fence "Gives" and "Takes" Like a Spring

ANY "coilless" Fence is liable to snap in certain weather conditions. But the Frost is a coil Fence. In Winter, when steel Wire contracts, Frost only "gives" their surplus, instead of snapping like "coilless" Fence.

And in Summer, when the Wire expands, that surplus returns to the Frost coils, instead of sagging and causing the Fence to lose its shape.

And no matter how often contraction or expansion is caused, the Frost Fence always acts the same, like a Spring.

Merely Excuses

Lots of other Wire Fences have a Tension, Curve or Kink, as an excuse for "Give" and "Take." But the number of these "Give" and "Take" is limited. They cannot keep it up. It isn't in the Wire or the method.

Both the Frost Field-Erected and the Frost Woven Fence have extra provisions for "Give" and "Take." But no others have it. You simply cannot find another Fence which will retain its shape like the Frost.

Make Our Own Wire

We are the only Fence Makers in Canada who Make and Galvanize Wire exclusively for Fence purposes.

Wire, to give satisfactory service in Canada, should be made especially to fight off the peculiar Canadian climate, which simply knocks the very life out of most Fences. But all Wire is not made with Canadian conditions in view.

The Wire formerly used for the Frost Fence was made in the States. But we had it made especially for us. It gave better satisfaction than most Wire, but we wanted far better.

For that reason we decided to Make and Galvanize our own Wire. So we built a Mill for Wire-making, and another for Galvanizing, and installed the most modern Machinery in use.

Then we obtained the services of one of the most Expert Wire-Makers in America. A man with 25 years of Wire-Making experience back of him.

The new Frost Wire is Annealed so scientifically that it possesses the proper temper for Canadian conditions.

Every inch is of uniform temper, and stronger than any other No. 9 wire.

It will not snap, regardless of peculiar Canadian weather variations.

Send for free Booklet and samples.

W. G. BLAIR & SON
 Two Doors West of Pym House

ALMOST KILLED.

A serious accident was narrowly averted on Saturday morning at the railway crossing on Kent-st., when the "Klondyke" flyer almost ran over a couple of ladies who were driving to town. The horse was just about to cross the track when the train came along. The ladies evidently did not hear the train as they were muffled up. Had the horse crossed the track instead of turning around as it did, the two ladies would no doubt have been seriously injured or killed as the train was running at a fair rate of speed. When the ladies saw the train they pulled the horse around quickly and were dumped into the snow, only a few feet from the wheels of the engine and injuring them slightly. The animal ran up Victoria-ave., upsetting the cutter and breaking it into matchwood. The names of the two ladies could not be secured.
