Two Immigrant Boys Abused by Farmers in Kent County—One Lad Working with Feet Frozen

Chatham, Ont., Jan. 5.—With his feet so badly frozen that it is likely both may have to be amputated, his back covered with blue and red sores, an immigrant boy of tender years, who had been put in the care of a farmer of Tilbury East, was brought to this city to-day by Inspector Kinder.

Another immigrant boy, who also worked for another farmer in Tilbury, and who showed signs of recent abuse, was brought in with him.

Information for cruelty to children will forthwith be laid against both farmers.

From present appearances this seems to be one of the most revolting cases of cruelty to juveniles on record locally. One little boy, 13 years of age, had his feet so badly frozen that it is feared he will lose them. Inspector Kinder, of the Barnardo Home, is hurrying him to Toronto to-day in order to prevent, if possible, the setting in of blood poisoning. There is a large hole in one of his heels.

When Inspector Kinder visited the place in Tilbury east yesterday where the boy was staying, he found him out in the cold, doing a man's work on a crosscut saw with the farmer, with whom he was staying, at the other end of the saw. He was working with his frozen feet encased in No. 10 shoes, and every step he took made the big boot rub the raw flesh of his foot.

Economic Feeding By Hy. Glendenning

"If we are to carry on winter dairying successfully, we must feed our cows well. Almost anyone can give advice as to what feeds to give in order to produce milk but the question which the dairyman asks is, 'what feeds can I give that will yield the milk and produce a profit at the same time.' As in all other business, farmers ought to look upon their farms as an investment, and winter dairying is simply a matter of dollars and cents.

I do not know of any way of feeding dairy cows that will yield such large returns for so little outlay as the use of corn ensilage and alfalfa hay combined with a few roots. Clover hay contains only 6.8 per cent. of digestible protein while alfalfa hay contains 11 per cent. Alfalfa will provide all the food elements necessary, but we need succulence in the ration as well. This is provided by silage or roots. A combination of corn ensilage, alfalfa and roots gives us the three elements which are necessary for a good ration. It has bulk, succulence, and the proper balance of the nutrients; in addition it is cheap.—Farm and Dairy.

What Profit per Cow in 1910?

Business men of Canada will shortly take stock, close their books for another year's trade, and figure out how they stand financially, as a result of their hard labor and enterprise. How many farmers are preparing their 1910 balance sheet, which will act as a sign post for 1911 transactions? Perhaps the steers paid well, while small fruits and poultry brought in a good supply of cash. But did each cow in the herd earn a good profit, or are some being kept as thankless guests? It would not take them long to decide which of all those cows that they have on their farms would be a sensible resolve to keep only such cows as will make good returns? Determine that your herd shall show an increase of forty per cent. in the milk yield inside three years, you can easily gear the whole herd up a notch or two if some poor cows are beeded. The scores of dairymen who are now reaping large profits from their cows, their success invariably to the time, when they commenced keeping milk and feed records of each cow separately. Blank forms are supplied free on application to the Dairy Commissioner, Ottawa.

HYMENEAL

GREEN—MACDUFFIE
 Wednesday afternoon the marriage of Miss Lizzie MacDuffie, daughter of Mrs. MacDuffie, of Cedar Brae Farm, Woodville, to Mr. William J. F. Green, of Toronto, took place, the Rev. Mr. Mann officiating. The bride was given away by her brother, Mr. Alexander MacDuffie, and wore a beautiful gown of alicia blue silk, and carried a bouquet of bridal roses. Mrs. Green will be at home to her friends at 18 Marion-st., Toronto, after the 2nd of February.

MACARTNEY—SHARPE
 A pretty wedding took place at 1.30 p. m. on Wednesday, Dec. 28, at the home of Mr. and Mrs. James B. Macartney, Beaver, Man., when Eleanor May youngest daughter of Mr. and Mrs. David Sharpe, Lindsay Ont was united in marriage to Mr. Alvin Earle Macartney, of Beaver.

The ceremony was performed by Rev. Mr. Courtney of McGregor. The bride was assisted by her friend, Miss Myrtle Moore, formerly of Toronto, but now deaconess at the Alfred-st. mission Winnipeg, and the groom by Mr. F. McLaughlin, immediately after the wedding dinner, the

THERE ARE FEW PEOPLE Who Have Never Experienced A HEADACHE.

Headaches effect all ages and both sexes alike, but the female sex is naturally the more effected through the higher nervous development and more delicate organization of the system.

Burdock Blood Bitters has, for years, been curing all kinds of headaches, and if you will only give it a trial we feel sure it will do for you what it has done for thousands of others during the past thirty-five years.

Mrs. C. Meadows, Clarkburg, Ont., writes:—"For years I was troubled with sick headache and dizziness, and was also constipated. I was advised to try Burdock Blood Bitters. I only took three bottles of the medicine; now I feel like a new woman. I find I am completely cured, and I can truthfully testify that it is the best medicine I have ever used."

Burdock Blood Bitters is manufactured only by The T. McLean Co., Limited, Toronto, Ont.

THE QUEEREST EVER.

A Muff That You'd Probably Not Recognize if You Met It.

Mr. Ephraim Gifford, one of Emily's old and esteemed residents, passed to his eternal reward Friday morning at the ripe age of 87 years and 8 months. Mr. Gifford was born in Bowmanville, and has since lived in Toronto and Woodville, moving to Emily about four years ago, where he has lived with his son-in-law, Mr. John Green, until his death. He was a stone mason and tanner. The deceased leaves to mourn the loss of a father, the following children, Mrs. Annie Ellen, at Coldwater, Mrs. John Graham, Emily, and Garner, in Toronto. One son, Thomas, at Pontypool, died about one year ago.

The funeral will leave Mr. Gifford's residence, lot 2, concession 14, at 9.30 Monday morning and proceed to the G.T.R. station, Lindsay. Interment will take place at Woodville cemetery. Service will be held Sunday afternoon at 2.30.

Aches, Pains and Rheumatism?

ZAM-BUK WILL GIVE YOU EASE.

Have you a bad attack of "general aching"? You know your limbs ache, muscles seem to have become tired out, your back aches, now and again a twinge of rheumatism strikes you here and there. Your chest feels tight, there is a pain between your shoulders, and altogether you need toning up. Cold is responsible for this condition, and a vigorous application of Zam-Buk will put you right. Take a hot bath, if possible, and then rub your chest and the aching limbs well with Zam-Buk.

Mrs. B. Gerle, 76 Berkley street, Toronto, writes, "I cannot speak too highly of Zam-Buk. A few weeks ago I was suffering from a bad cold, which had settled in my throat, chest and limbs. I tried all kinds of remedies, new and old, and found very little relief until I used Zam-Buk. On applying this to my throat and chest I found such ease and relief from the tightness and soreness I determined to use only Zam-Buk. I also rubbed it on my limbs where I felt the rheumatic pains. In three days from the time I first began applying Zam-Buk I was free from the cold in throat and chest, and also the rheumatism in my limbs."

Zam-Buk will also be found a sure cure for cold sores, chapped hands, frost bite, ulcers, blood poison, varicose sores, piles, scabs, ringworm, inflamed patches, babies' eruptions, and chapped places, cuts, burns, bruises and skin injuries generally. All druggists and stores sell at 50c. box or post free from Zam-Buk Co., Toronto, upon receipt of a check or postal note, and also substitutes.

The Lindsay Markets

The market was poorly attended last Saturday. Grain prices are generally higher than last week. The price of hogs has increased. Shorts, retail \$1.15. Buckwheat 45c bus. Flour, Manitoba, \$2.95. Rolled Oats, retail, \$2.45. Shorts retail, \$1.15. Bran, per cwt. \$1.10. Fall wheat 83c bus. Spring wheat 78c bus. Goose wheat 78c bus. Large peas 90c bus. Small peas, 75c bus. Barley 48c to 50c bus. Oats 33c bus. Cream per quart 25c and 30c. Creamery butter 28c. Dairy butter 25c. Eggs per doz., 35c. Honey 12 1/2 lb. Cheese 17c pound. Calf, 20c pound. Celery 5c bunch. Onions, \$1 a bus. Parsley 5 cents bunch. Sage 5c per bunch. Mint, 5c bunch. Head cheese 10c per lb. Potatoes 60 to 65c bag. Live hogs \$7. Little hogs, per pair, \$8. Veal 6 to 15c per lb. Lamb 14 to 16c lb. Beef, hind qr. \$9, front qr. \$8. Pork 15c. Rib roast, 14c. Birdlin steak, 18c. Spare ribs 10c a lb. Beef cattle, \$5 to \$6.75 per cwt. Hides, \$7 to \$8.50. Chickens 20c pair. Hens 90c pair. Ducks, \$1.10 to \$1.20. Turkeys 20c lb. Geese, 14 and 15c lb. Pea straw, \$1.50 per load. Straw, \$4 and \$5 load. Hay per ton \$7 to \$9. Apparat, 10c bush. Turnips 30c bush. Carrots, 40c bus. Apples 80 to 90 a barrel.

Good Cows Profitable

(To the Editor of The Watchman.)
 Dear Sir,—I am sending you an account of what my cows made me in the year 1910. In the first place, I keep four cows, pure bred Jerseys. The returns would have been much better if they had all freshened at the beginning of the year, but so as not to be misunderstood, I will give you the time they came in. The first cow came in June 15, 1909, and has milked ever since; the second one February 25, 1910; the third April 20, 1910; and the fourth May 1, 1910 so you see they have not had the benefit of the whole year. I might state, before going further, that we make all our own butter.

We use no separator and feed no ensilage. So you will no doubt think that I am behind the times; but that may be a matter of opinion. Every time we churn, we book the amount, and, as we have our regular customers, we know what price we are going to receive, which is also booked,

and at the end of the year it is easily made up in the number of pounds and the money received. Well, the 1910, they produced 1555 lbs. of butter, which sold for \$358.56, making a total of over \$88 per cow, for butter alone. I might also add that no account has been kept of milk and cream used in the house.

Outside of butter, I have realized, from the sale of calves, (none kept over a week old) skimmed milk, and buttermilk, the sum of \$80 which brings the total amount due to the credit of the cows, \$438.56, or over \$108 per cow, which I think a very good showing when you take it into consideration that I am only an amateur in the business and am not using what dairymen and professional would term, balanced returns and all the other fads now in general use.

Yours truly,
 DENNIS HAWKINS.

HERE'S A REAL NOVELTY.

The Natty Fur Edged Veil is the Latest.

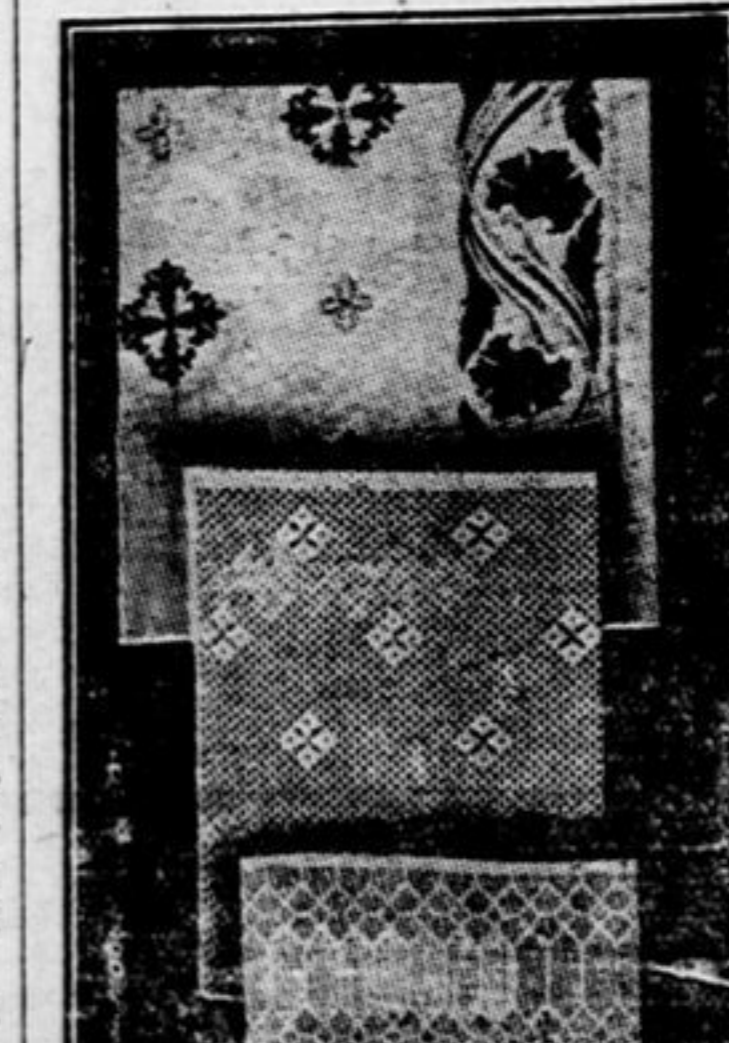

FRENCH LACE VEIL EDGED WITH MARABOU.
 To make the eccentric hats of the season more bizarre in their effect come the fur edged veils. As the illustration shows, they are worn loosely about the face and are edged with fur or marabou.

Contrasting net and fur effects are the smartest.

New Curtain Materials.

As colonial and mission furnishings are those approved just now, the window draperies that accompany them are of a simple nature—expensive material may be used, but the effect must be that of simplicity; otherwise there is a jarring note. For these colonial rooms the sash curtain coming even with the window ledge is used.

The designs in the cut will give the housewife seeking for curtains an excellent idea of what is new in this line. The fillet design at the top of the illustration is a decided novelty. Swans and birds are the unique features of

Fetching Boxes For Gifts.

One girl who has more minutes than money is making attractive boxes to send away her Christmas presents in. While she undertakes the manufacture of her own boxes primarily as a means of saving the money that it would take to buy them, she wouldn't revert to the ready made kind now if she could, for her own are so much daintier and more original.

She makes them any size she wishes by cutting the sides from pieces of cardboard and covering them with the remnants of old bedroom wall paper which her attic holds. The papers are then laced together with gold cord or penny baby ribbon.

A similar way would be to cover ordinary pasteboard boxes that happen to be of suitable size with the flowered paper. The lid should be punched with a couple of holes, so that a ribbon could be put through and tied in a smart bow either with or without a sprig of holly.

Was Eve the First to Speak?

"Who spoke first—Adam or Eve?" This question is up for debate before a woman's club in Boston. "What language did she use?" This is another poser the learned females of the Hub have set themselves to decide. Recently at a feminine gathering in Washington the honor of being the first to utter human language was awarded to Eve. The subject was a favorite one with the members of the middle ages, and such an austere and philosophical writer as Dante has a long and learned essay on the subject. Dante, who had wide experience in matters feminine, seems to believe that Eve first uttered

An Oddity in Numbers.

Ask some one to write in order the numbers 1 to 9, leaving out 8. Then ask him which of the figures he has written he considers least well formed. Whichever one he decides is the worst multiply by 9 and use the result as a multiple for the line of figures. The answer will be expressed all in the one figure chosen as poorest. For example, suppose 3 is considered as imperfectly formed. We will multiply the line by 27, which is 9 times 3, thus:

DISTRESSING HEADACHE

Headaches are often the result of disordered kidneys.

Mrs. Hall, 84 Flora street, St. Thomas, Ont., says: "I suffered for years with headaches of a most distressing nature. They would come on suddenly and would last for days at a time. These were usually accompanied by spells of dizziness that would leave me unable to attend to any house duties. My back was weak and caused me much suffering through the night. I had been to a doctor for years, but all to no avail. Nothing benefited me and my condition was gradually becoming worse. I learned of Booth's Kidney Pills. One box gave me a complete and lasting cure. I have not had a headache or dizzy spell since, and I feel like a new person."

Booth's Kidney Pills are sold by all druggists, 50c. box, under a guarantee to refund your money if they fail to relieve any disease having its origin in the kidneys or bladder. Postpaid from the R. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by E. Gregory, agent.

Also sold and guaranteed by J. A. Wylie, Omeene.

Bishop Sweeney's Epiphany Appeal

Bishop Sweeney's annual Epiphany appeal for the work of missions was read in all the Anglican churches of the diocese Sunday, including St. Paul's church, Lindsay, and was an earnest endorsement of the great work of the Laymen's Missionary Movement. The amount aimed at for all purposes is \$85,000, and includes the diocesan missions, the work in the Northwest, and also in the foreign field.

This Lordship recommended a pulpit campaign of three Sundays during the Epiphany season, to be followed by a personal canvass of each parish to be conducted by a committee of laymen. Another suggestion is for the adoption of the week by duplex offertory envelope, by which it is hoped that neither the regular church expenses or missionary objects will be neglected.
