13 CHILDREN IN THREE YEARS

An Oklahoma City despatch says: M. Jackson of this city and his wife within three years, and all are living. That fact became known here through Jackson's complaint to the State authorities that the health of his family was endangered by the lack of heat on a recent afternoon in the railroad station in Boynton, Okla., a suburb of this city. It was in rectifying the suffering his wife and children had undergone that Jackson disclosed the unusual increase in his household in the last five years. No less than five babies were deposited in the Jackson home by the stork on one day two years ago. Altogether the Jacksons have fourteen children. The eldest of the lot is a boy 14 years old. For nine years after his birth he was the couple's only child. Then in the summer of 1906, came bouncing twins. Just a year later triplets, as healthy as their predecessors, arrived, and twelve months afterward another trio of infants put an appearance on the scene. The neighbors ceased congratulating the proud parents and marveling over their nine youngsters when another year, 1909, brought a whole quintet of hale and hearty little ones to Mrs. Jackson, who herself is a woman of excellent constitution. There was nothing wrong with the physical well-being of any of his flock, Jackson states in his complaint against the railroad, until an afternoon a few days ago, when the whole family was cooped up in the waiting room in Boynton. They were obliged to remain there more than an hour, the father alleges, before the train they were to board arrived, and in that time several of the children caught bad colds, and all of them suffered greatly. It is believed the authorities will reprimand the railroad company.

Curling Games and Other Items From Bobcaygeon

Bobcaygeon, January 4.—Now that Christmas and the elections are over, and with the new year started on its way, we can again return to our daily duties, and for after that means something, for after the festive occasions and the strenuous times over elections, the daily round seems but commonplace, and one has to exercise his New Year's resolutions right straight off before the re-action sets in. The New Year passed off quietly, but pleasantly. The Church of England held watch night service the previous evening, and rang the old year out and the new year in. Rev. F. L. Barber, rector, conducted service. Monday morning bright and early candidates were out with horse and cutter hustling out the votes to the town hall. Mr. Bottom did not go out himself, but apparently the teacher would win, while Mr. Brooks with Black Prince looked after his own end, and came out second best. The vote stood Bottom 175, Brooks 20. There was a good vote polled—199 voters marking ballots. Only on one other occasion has this been equal. The council are all new men, and taking it on the whole the council looks good. They are A. E. Bottom, reeve; and Dr. Thorne, Gerald Murphy, Jas. Capstick, and E. J. Broad, councillors. Besides elections the curlers held forth at the rink both morning and afternoon. In the morning the annual president-vic-president game was played, and E. J. Broad, president, beat Geo. Moore for vice-president, 16 to 6; Herb Mark for vice-pres. 12 to 8; W. A. Davis for pres. lost to Dr. Fallis for vice-pres. 7 to 9; Rev. W. G. Smith for pres. lost to E. J. Broad for vice-pres. 10 to 9. This leaves the present winner by 11 shots. In the afternoon the annual Bachelor-Benedict games were played, and it really was a shame the way the young fellows put it over their benedict friends. Richard Nichols lost to H. D. Boyd by 16 to 6; Dr. Fallis lost to Geo. Moore by 24 to 10; and H. Mark lost to Bruce Walker by 10 to 9, thus doubling the score by 50 to 25. The rink was open in the evening for skating, and right royally enjoyed. In the evening after the election returns were received Mr. Brooks, delegate candidate for reeve, got the band together and serenaded the successful candidates in turn, and at each place they were received with thanks, taken in and used right royally. There was also a basket social held in the town hall that same evening under the auspices of the orange lodge, so that although the day was quiet there was something doing every minute, and when the shades of night drew on rest was sweet and sleep refreshing. Schools re-opened again Wednesday when all the old teachers were back in their places except Miss Thompson. Miss Davey takes her place as teacher of the junior classes. One other event of the new year we most forgot to mention, so long you since since hubby and his old girl faced the altar that it has not the same significance now as of yore, but yet the youngsters will so determinedly play with little cupid that it eventually leads them to that same place. It was on that same day that Miss Edith Hayes, daughter of Mr. and Mrs. James Hayes, and Mr. Wm. F. C. Jackson, only son of the late William Jackson, were united in the bonds of matrimony by Rev. W. E. Honey. The ceremony was performed at the home of the bride's parents, the happy couple leaving an afternoon train on their honeymoon. Mr. and Mrs. Jackson will reside in Bobcaygeon. A very sad and unexpected death happened this afternoon when Mrs. James Bick died from heart failure. Her usual good health, and as usual went about her duties this morning. About ten o'clock she complained of not feeling well, and called in Dr. Boyd, who advised her to go to bed and get perfect rest. About four this afternoon she felt a little weak and called in Mr. Bick for a little tea, and almost at the same time fell back in his arms dead. Her death comes as a great shock to the village.

Former Lindsay Young Man Acted as Deputy Santa

The following clipping from a paper printed in Los Angeles will be read with interest by Lindsay citizens, owing to the fact that the gentleman referred to, Mr. F. B. Silverwood, is a son of Mr. W. A. Silverwood, of Lindsay, and formerly lived here. Mr. Silverwood, Jr., is one of the largest clothing merchants in the above city, and is well and favorably known. The clipping appeared in the Los Angeles Record previous to Christmas: A message was received Thursday at the Record office from old Santa Claus that will gladden the hearts of the Los Angeles newboys. The message states that old Santa will make a visit to the Record office on Saturday morning and leave a big sack of Christmas candy to be distributed among the newboys of this city and requesting the Record to attend to the distribution. Of course the Record is glad to do anything that will add to the happiness and help the newboys in anyway, and agreed to round up all the boys and line them up for the big treat. So, every newboy in Los Angeles is hereby notified that old Santa has a fine big one-pound box of candy ready for them at the Record office, and is invited to call Saturday morning to receive it. All newbies of the city, regardless of the paper they sell, are entitled to a box. It happens that old Santa comes again this year in the form of Mr. Frank B. Silverwood, the big clothing merchant of this city, whose charity, though little advertised, is nevertheless very extensive. Mr. Silverwood last Christmas donated \$500 in cash to the local newbies by opening bank accounts for 500 boys. This year he is giving 1000 boxes of fine candy and has arranged to place additional deposits to the bank accounts of the boys who in the past year have shown a spirit of saving by themselves depositing some of their earnings in the bank. The Los Angeles newboys are greatly indebted to Mr. Silverwood for his constant aid and efforts to help them get a start in life, and are unstinted in their praise and gratitude toward him. His aid and example are sure to have much to do with making successful and useful citizens of the little merchants of the streets and a credit to the social and business life of the next generation.

Fenian Raid Veterans to Receive Money Grant

Peterboro Review: As the result of interviews with the Minister of Militia, Hon. Col. Sam Hughes, the Fenian Raid Veterans are likely to receive grants of money from the government instead of land grants, in fact a bill has been introduced to give the veterans the land. There are twenty-three veterans in the surrounding district, and their association has as its president Col. Miller. Some time ago a memorial was forwarded to the new Minister, who promised as he did when here after his appointment, that the matter would receive his serious consideration. The majority of the veterans have reached an age when the money grant would be preferable to the land. None of them, however, who went from Peterboro, forget the transportation to the front, when some of the volunteers left here in a cattle car, while others who entrained in a car that had been used for the shipment of flour, looked rather strange to the people of Cobourg, who fed them the following morning.

What About Those New Resolutions?

The new year began at midnight on Sunday last. If you intend to make a good resolution as you have in your mind, begin it NOW. Every day is as important as any other. Think of yourself earnestly, honestly and try to control yourself and try to make yourself do what you know that you OUGHT to do. A spider, with but a fraction of mental force, often succeeds after a thousand failures in swinging his web across a chasm. Failure is only an added reason FOR TRYING AGAIN. We conquer ourselves if we will. We can make ourselves useful to ourselves and to others IF WE WILL.

What it Costs to Maintain Residence of Viceroy

When His Royal Highness the Duke of Connaught has spent one year in Canada he will be entitled to a salary of \$50,000 from the Dominion Government. The salary of a Sir Thomas Shaughnessy, a Chas. Hays, or the income of a mercantile prince. For, be it known, he is one of the few men who receive a salary of nearly \$50,000 a week. Nor is this his only revenue; the heating and lighting of Rideau Hall the official residence in Ottawa of the Viceroy. Certain fixed social functions which precept and tradition declare which General to observe, constitute one of the heaviest drains upon his private exchequer. A series of gaieties take place at Rideau Hall during each Parliamentary session, including the State dinner on the King's birthday, the brilliant reception in the Senate Chamber at the opening of Parliament, State ball held usually in the month of May, to say nothing of numerous dances, many of them at Christmas time. Saturday afternoon skating and tobogganing parties in the winter time, dinners and other official and semi-official entertainments. The total amount of such and dramatic events held under Vice-Royal patronage are numerous. CITIES DEMAND ATTENTION. This rather formidable role of festivities make up only a comparatively unimportant part of gubernatorial obligations. It is not alone in the capital that the Governor-General entertains: Montreal, Toronto, Winnipeg and Vancouver have claims upon his conversation. Earl Grey, predecessor of his Royal Highness, was wont twice a year to spend several weeks in Canada's commercial metropolises, occupying the handsome residence of Lord Strathcona, where receptions and dinners are held aplenty. His Excellency Earl Grey also maintained a house in Toronto during the spring meet of the Ontario Jockey Club. When the court of the Viceroy is transferred to any city other than Ottawa the staff and attaches of the household are necessarily included. It may incidentally be observed that the expenses of this constant round of social functions is personally borne by the Governor-General. PUBLIC ENTERTAINMENTS. With regard to the patronage of public entertainments it might be said that this is quite voluntary. As a general rule it is given to any concert, recital or dramatic performance of a deserving charity, or to any amateur or professional artists who are numbered among the friends of the Governor-General. Of the multitude of entertainments he so lends his favor to during a season, the Governor-General attends less than fifty per cent., but whether he appears in person or not the expense remains a constant quantity. All distinguished visitors to the capital are invited to Rideau Hall, which nestles among many cedar and pine trees to the east of tall chimneys and many delightful ramifications. Frequently all strangers, eminent in affairs of church or state, renowned in scholarship, literature or discovery, spend part, if not all, of their stay in Ottawa as guests at

THE CONSERVATIVES SWEEP P. E. I.

Charlottetown, P.E.I., Jan. 8.—The Conservative Government achieved a remarkable victory, quite beyond precedent in its sweep at the provincial elections to-day. For some weeks past the general opinion had been that the Conservatives would win, but it was still thought by many that eight or ten Liberals at least would be returned, and even the most sanguine never expected to capture every seat but two. The standing of the parties in the next house is 28 Conservatives and 2 Liberals. The Liberals elected are: Hon. John Richards, of Biddford, Leader of the Opposition, and his colleague, A. McWilliams, of West Cape, both in the Second District of Prince. All the other seats in the island have gone Conservative. HYMENEAL. WELLS—MOLLON. The residence of Mr. and Mrs. Ephraim Mollon, of Eden, Mariposa, was the scene of a quiet but very pretty wedding on Dec. 27th, when their eldest daughter, Beatrice Loella, was married to Robert Arthur Wells of the same place. The ceremony, which took place at 3 o'clock, was performed by the Rev. F. Howard under an arch of evergreens, neatly decorated with pink and white, as was also the parlor and dining room. The bride, who was given away by her father, looked charming in a gown of cream wool Dechene trimmed with silk and overlaid with ribbon, and wore a beautifully embroidered veil with wreath of lily of the valley and carried white carnations. The bride was assisted by her sister, Miss Edith, who was attired in mauve, and carried pink carnations. The groom was supported by Mr. Locklin McInnis while Mrs. B. Jewell, of Linden Valley, played the wedding march. The occasion was the presence of the No. 1 team, noticeable feature of four grandmothers of the contracting parties, all ladies well advanced in years. After congratulations were passed the happy company sat down to a sumptuous wedding dinner, after which the evening was spent in music and games. The presents to the bride were useful and costly, the groom's gift being a beautiful silver cornet. The bride's going away dress was of brown satin cloth, with hat to match, richly trimmed with ribbon and willow plumes. The happy couple will reside in Mariposa. PORT MCNICHOLL. The Warrier has received a copy of the Port McNicholl Pioneer, which is the first paper to be published at the Canadian Pacific's new Georgian Bay seaport. The Pioneer will be issued weekly, and is very attractive as to style, as well as being bright and new.

O'Loughlin & McIntyre Cash and One Price.

DAIRY BUSINESS OF PAST YEAR

Cambellford, Jan. 3.—Five hundred men interested in the production of cheese and butter in eastern Ontario were in attendance at the thirty-fifth annual convention of the Dairyman's Association of Eastern Ontario, which opened here this morning. In his opening address President Henry Glendinning of Manilla said that during the eleven months ending November 30, 1911, there were exported from Canada 1,659,261 boxes of cheese, valued at \$18,067,450, and 134,600 packages of butter, valued at \$1,395,607 in butter over the entire year of 1910. "We should remember that our export trade is only about 25 per cent. of our total dairy production," said he, "and that the home consumption of milk, butter and cheese is growing every year. The public are realizing more and more the value of milk and its products as a food." President Glendinning said that dairy conditions during the past season had been what might be termed sectional. West of Belleville was marked by the clovers and grasses being largely destroyed in the spring, followed by very hot and dry weather that produced poor pastures and light crops of hay and grain. The eastern sections did not suffer to any great extent from spring frosts and winds, and they were blessed with an abundance of rain, which gave them one of the best seasons in the history of the dairy industry in Ontario. The price of cheese, he said, reached a record figure in September—fifteen cents per pound on the cheese boards. This was, he said, the highest figure in the history of the cheese trade in Canada. But the income to the farmer was much less than the casual observer might be led to infer from the ruling high prices at that time. WILL OPPOSE ROOSEVELT. Washington, Jan. 4.—"Nothing but death can keep me out of the fight now," said President Taft in a statement reported to have been made by him to White House callers, and to have added that he had no objection to the statement being made public. It undoubtedly was intended to set at rest all reports that Mr. Taft would withdraw from the race for the Republican nomination for President in favor of Colonel Theodore Roosevelt. The President is said to be thoroughly aroused to the gravity of the situation in the Republican party.

SALARY INCREASES.

There was joy unbounded amongst the Bank of Toronto staff last week when the salary increases were announced, and had local opinion not been in vogue there is no telling where the jubilation might have ended; as it was much eating and rejoicing filled the celebration. We congratulate Manager Carry and the staff on the advances. We'll call in for a little advance for this—Millbrook Reporter. SKIP J. D. FLAVELLE has definitely decided to again visit the great western hospital in Winnipeg this winter, and will leave for that city with a strong rink early in February. His rink was decided on last evening and will consist of such stars as: Geo. A. Little, vice, L. V. O'Connor, second and W. E. Reesor lead. The rink will, no doubt, make a good showing and the Warder sincerely hopes will return to Lindsay with at least one of the big trophies. TORONTO INDUSTRIAL. Ottawa, Jan. 3.—The gigantic mobilization and review of cadet corps from every country in the British Empire will be one of the real features of the Canadian National Exhibition to be held in Toronto next September. Invitations were sent some time ago by His Royal Highness the Governor-General to the respective governments, and large contingents are already prepared from England, Scotland, Wales, Ireland, Newfoundland, South Africa, Australia and New Zealand. Colonel Hughes, Minister of Militia, will arrange for the mobilization of cadets from every province in Canada. ENGLISH, CHINA'S LANGUAGE. Now that they see the way clear to a realization of their longcherished ambitions for the establishment of a republic in China, leaders of the revolutionary movement in this country are discussing plans for the unification of the Chinese peoples through a common language. It is the intention to make English, which is already the diplomatic language of the Far East, the language of general use in China, but before this hope can be realized, there is much educational work to be done in converting the more than 100 different dialects into a language that can be understood by all Chinese. "LOVE'S FINAL VICTORY." The Warrier has received a copy of the above new book. This work endeavors to show that the spirit of enquiry, progress and liberal thought is breaking through the creedal barriers and illuminating the minds of the religious teachers of our times. It is a bold attack on one of the fundamental dogmas of orthodoxy—that of eternal punishment—couched in clear and forcible language. The author endeavors to show how the Bible has been misinterpreted and misunderstood by many. The author, though known to the readers of this book as "Horatio" only, is a leading scholar, author and minister of the Presbyterian church. The book is issued by the Austin Publishing Co., of Rochester, N.Y.

DEATHS.

COOK.—At Port Perry, on Thursday, Jan. 4, 1912, Mrs. Joseph Cook, aged 81 years.

BIRTHS.

MURDOCK.—On Friday, Dec. 29th, 1911, to Mr. and Mrs. William Murdock, Russell-st., a daughter.

A GREAT SINGER.

Mr. Arthur Blight, who is to sing at the Academy of Music on Tuesday, Jan. 15, has an enviable reputation as a singer in Canada and throughout the province. His singing is not only marked by technical excellence and a beautiful voice, but by intelligent and artistic interpretation. He is not only soloist in Bloor-st. Presbyterian church, but vocal director of the Ontario Ladies' College, Whitby. In speaking of Mr. Blight's last song recital in Association Hall, The Toronto Saturday Night says: "He again demonstrated his versatility of taste, musical understanding and emotional expression in a most attractive program." Mr. Blight lately sang in Dundas-st. Methodist church, London, and the press of London speak in the highest terms of his singing as being in possession of a remarkably fine and well-trained voice. Mr. Blight will be assisted at this concert in the Academy by Mrs. Ida McLean-Diworth, one of the leading sopranos of Toronto, of whom we shall have more to say in to-morrow's paper; also the unrivalled entertainer, Miss Jessie Alexander. We advise our readers to write their names on the subscriber's list at Gregory's drug store.

Brain food is something a man takes to feed his vanity.

CASTORIA For Infants and Children. The Kind You Have Always Bought

Bears the Signature of J. C. Ayer & Co., Lowell, Mass., U.S.A.

THE DOMINION BANK

HEAD OFFICE—TORONTO E. B. OSLER, M.P., President W. D. MATHEWS' Vice-President Capital \$4,700,000; Reserves \$5,700,000; Total Assets \$70,000,000 A Branch of this bank has been established in London, England, at 73 Cornhill E. C.
