ENGINEER NAPIER IN BAD WRECK

In reading the report of the terrible head-on collision, which occurred on Saturday when a passenger and freight train on the C.N.O. collided about two miles south of Lake Joseph, and near Parry Sound, many Lindsay citizens were grieved to hear that among those injured was Mr. John Napier, engineer of the passenger train.

For a number of years Mr. Napier resided in Lindsay and had an excellent run out of Lindsay on the Grand Trunk. He was very popular with his fellow employes and with all who knew him, so that the news of the accident was received with sincere regret.

A repair train southbound to clear the track of a freight wreck, disregarded orders and collided with passenger train No. 1 from Toronto. W. Hudson, fireman on the passenger train, was killed, and Engineer Johnstone of the auxiliary, Engineer John Napier of the passenger, and Fireman Awe of the auxiliary were injured. The injured trainmen, who are suffering chiefly from scalp wounds, are reported to be resting easily. It is stated that the passenger train was late, but had made up some of the time lost. The auxiliary train crew, not knowing this, had continued on their way, and had expected to make the next siding before its arrival.

Notwithstanding the fact that the passenger train was traveling at 35 miles an hour, and the auxiliary train at 20 miles an hour, none of the passengers were injured, and none of the coaches left the track. This was a very extraordinary, but fortunate occurrence. Fireman Hudson, the man killed, was caught between the engine and tender, and badly crushed. He died within ten minutes of being released. A relief train was rushed to the scene from Parry Sound, which is 20 miles north of the scene of the accident, and the injured removed to that point. They are reported to be doing very well.

Mr. Malcolm Murchison, who left this district some thirty-four years ago, is now visiting his old associates of which very few are now left but who are glad to see him in such robust health. He has taken up a residence in British Columbia, and is delighted with his social surroundings, and things in general in that country. He formerly was a resident on the place now occupied by Mr. Thos. Ferguson.

Mr. and Mrs. E. Thurston, of Balsam Grove, were visitors to her mother's home, Mrs. D. Spence. Mr. and Mrs. J. H. Wilson were visitors at the home of Mr. and Mrs. M. Moynes on Tuesday of last week. Mr. M. Moynes was transacting business in Lindsay on Saturday last.

Mr. A. Currins, and his sister, Marion, of Ops, was visiting at the home of Mrs. J. Currins last week end.

Hon. A. G. Mackay denies that he is going to leave the legislature or that he is to become solicitor for the C.N.R.
