

FUR COATS

Are A Necessity

When you can buy them at the Prices We Have Put on Them

You may not understand just why we make such a great sacrifice as we do at this season of the year. The mild weather conditions of the earlier part of this winter are responsible for the slower movement of this line of goods. We would sooner have COST PRICE OR A LITTLE LESS than to carry them over. This situation applies equally to our large stock of Overcoats as well.

Cameron Carnival Was Big Success

Cameron, Jan. 23.—On Saturday evening, Jan. 20, Cameron held its first carnival on the new skating rink. Despite the stormy evening and the bad roads a good crowd was in attendance. For fancy costume Miss M. Anderson, as Canada, took first prize and Miss F. Anderson as Valentine, took 2nd prize, while Miss E. Wood, of Cambray as Indian maid, was awarded the prize for character costume. The comic costumes were all good, but after some consideration the judges decided in favor of Sammy Anderson as 1st prize winner, and Sidney Smith as 2nd. In the ladies' race Miss E. Owens, Cambray took first and Miss Weldon, Cambray, took 2nd. In the boys' race Master Clifford Perrin took 1st and Master Roy Sims took 2nd, while Mr. L. Owens was the winner of 1st prize in the mile race, and Mr. P. Tamlin 2nd. Then followed the couple race in which Miss Owens and Mr. H. Wood succeeded in winning 1st prize and Miss Weldon, and Mr. Tamlin 2nd. The ice was in first-class condition except for the light snow which kept falling, but this did not prevent the crowd from enjoying themselves to the fullest extent. 'Powles' Corners, Zion, and Cambray, were well represented and it is to be hoped that ere long the young folk will again be permitted to take part in another carnival.

H. B. Kenny, of Bowmanville, and those who were there all agreed that the lecture was excellent, being impressed by the numerous good thoughts expressed as well as by the many witticisms given. The solos by Rev. W. R. Archer, of Woodville, and also the music rendered by our own choir and male quartette were much appreciated and enjoyed and all went away feeling that the evening was well spent. Rev. W. R. Archer, of Woodville, was the guest of his cousin Mr. G. W. Hardy on Monday. Messrs. W. J. and J. A. Wright were summoned by telephone to Toronto on Monday morning last to see their sister Mrs. Robert Lore, who died that same day. The many friends here extend their sympathy to the family in their bereavement, as Mrs. Lore was well known and liked here, having spent her earlier years in this neighborhood. Jewell, secretary was handed in, the resignation being accepted.

Mrs. M. E. Calder was elected to the office. A resolution was passed to the effect that a letter conveying the thanks of the members of the branch to Mrs. Jewell be sent to her as a slight token of appreciation of her services as secretary during the past four years.

The visiting committee was re-appointed. The report of the Women's Institute Convention sent by Mrs. Cluxton, of Bobcaygeon, district secretary, was read by Miss S. Martin and was much appreciated. The President read a paper entitled "Character" by Dr. Boyd, of Bobcaygeon, which showed the effects of Heredity, Environment and Education on the development of character. A discussion then took place on the subject, "How are we benefited by meeting together." Some of the members thought the social side of the meetings were the greatest benefit; others favored the continuing of the roll call, after the members had demonstrated that the institute meetings were a benefit. Poultry Diseases & Remedies

the upper or lower surface. A scab forms over this opening, but the continued formation of pus repeatedly forces open the wound.

For treatment, remove the scab or lance the swollen area and thoroughly clean and disinfect the cavity with a diluted solution of carbolic acid or hydrogen peroxide. Keep the sore well greased with carbolated vaseline until healed.

HEN TURKEYS BEST.

The hen turkeys sell first, and medium sized carcasses sell best in market. The market turkey should be shorter in legs and neck than is ordinarily the case and very full in the breast. A compact body, meat and fat, rather than a large size and coarse structure.

FOR JEWISH HOLIDAYS.

The quality of poultry for the Jewish holiday trade must be better than at any other season. They prefer large fat fowls, the larger, the better. Those weighing eight or nine pounds are most desired. For the dressed poultry trade these are too heavy, four or five pounds being best. One reason why the Jews wish very fat poultry is that they use the grease in the place of lard, the latter being a product of swine, which is forbidden food to them.

LILQUID LICE KILLER. A good liquid lice killer is made by dissolving in ordinary kerosene all the crude naphthalene flakes it will take up. The solution is an excellent disinfectant for use about poultry houses, as well as a lice killer. Used on the dropping boards and roosts it will destroy and prevent red mites, and will also kill disease germs and seeds of worms and other parasites.

FAILURE IN POULTRY.

Because there are failures with poultry is no argument that the business is a failure. There are lots of people who never make a success of anything they undertake. Work out your own salvation and never mind what the croakers have to say.

EGGS AS FOOD.

Eggs and milk are two of the most valuable food products in nature, not only as luxuries, as they surely are, but for the intrinsic value as nutrition. They are equally good mixed or unmixed, and are the chief elements in the richest dainties of the table.

It's a wise plan to stir up the nest material when you gather eggs. A hen's egg occasionally slips down upon the straw and if not found it may be hidden for a month. Then the hen may stir it up and you may sell it for a strictly fresh egg laid while you wait.

Cameron Residents Remembered by Friends

Cameron, Jan. 22.—A very pleasant time was spent at the home of Mr. and Mrs. Roblin Anderson last Thursday evening, when a number of their relatives gathered and presented them with a very pretty clock. The address is as follows:

Mr. and Mrs. Roblin Anderson, Thomas and Annie.—We, a company of your relatives, have assembled at your home this evening to express our love and appreciation for you, to show our sense of loss in your departure for the west, to wish you a safe journey, and then trust success and prosperity in your new home and associations.

We wish your remembrances of us to be as pleasant as possible for we have so much good to remember of you. It is our hope that Henry and his bride may soon have an opportunity to visit us, for we are sure Henry's choice is one we shall all esteem. This clock is to keep you in daily hourly remembrance of the warm hearts you are leaving behind you, and may God grant that time will deal gently with all of us till we meet again in the west or the east, and may His grace support us till we are all assembled safe at home again. Signed in behalf of the friends, Mr. Jno. Patton and Mrs. James Blatchford.

Mr. and Mrs. Anderson made suitable replies and the remainder of the evening was spent in games, after which a dainty lunch was served, and the assembly broke up about 3 o'clock in the morning well pleased with the night's enjoyment.

Cameron, Jan. 23.—Mr. H. Eyres is now busy fixing up his saw mill and getting ready to cut up logs for the neighbors and others who may favor him with their patronage.

Mr. Wm. J. Campbell and Mrs. Campbell, of Swift Current, Sask., are visiting at Mr. Campbell's mother and also at other friends in the neighborhood. All the old friends and acquaintances of Mr. Campbell are very much pleased to have him in their midst again. All are very much pleased to learn that Mr. Campbell is making good in the west.

The Orangemen of L.O.L. 589, Cameron, gave an oyster supper on Friday evening, 19th inst., to the members and their friends. They report a most enjoyable time which was very much enhanced by the presence and performance of Mr. Wesley Hewie, of Lindsay.
