SOCIETY OF FRIENDS. SOCKS FROM OMEMEE.

Recently the Society of Friends objected to the names of religious societies being used as trade brands. Representative Palmer, of Pennsylvania, is the author of a bill to prevent the use of the name "Quaker" upon a trade brand for goods sold in interstate commerce. Those favoring the bill are not so much opposed to the Quaker figure which appears on packages, but object most strongly to the Quaker figure now being used on a bottle which contains what the proprietors call "Quaker whiskey."

Wedding Bells

ALGER-MAGEE.

On Wednesday, Dec. 30, 1914, a quiet but very pretty wedding was solemnized at the home of Mr. and Mrs. Robert Magee, Viscount, Sask., when their only daughter Ruby was joined in the holy bonds of matrimony to Mr. Wilbert Alger, of North Bay, Ont.

Precisely at 8 o'clock amid the strains of Lohengrin's wedding march, played by Mrs. Shaw, the bride entered the drawing-room on the arm of her cousin, Mr. R. Day, and took the vows that made them man and wife. The ceremony was performed by the Rev. Mr. McConnell, of Estow, Sask.

The bride looked charming in her gown of white duchess satin trimmed with shadow lace and pearls, and carried a sheaf of white carnations and lilies of the valley. The drawing-room was artistically decorated for the occasion with pink and white carnations.

Only the intimate friends of the contracting parties were present. Among those from a distance were: Mr. and Mrs. B. Day, of Markinch, Sask.

The bride was the recipient of many costly and beautiful presents, showing the high esteem in which she was held. The groom's gift to the bride was a substantial cheque and to the organist, Mrs. Shaw, a beautiful pearl brooch.

After partaking of a sumptuous lunch Mr. and Mrs. Alger left on the evening train for an extended honeymoon and before returning to their home in North Bay will visit Saskatoon, Winnipeg, St. Paul, Minneapolis, Chicago and Toronto. The bride traveled in a prune colored suit of broadcloth with hat to match.

Increase In Crime in Ontario

The annual report of the Provincial Police Department shows marked increase in crime during the year 1914. There was an increase of 153 prosecutions under the Liquor License Act, with an advance in fines of \$4,216. Huge seizures of liquors in which the value of the goods was \$2,500, 740, compared with \$3,870 in 1913. It must be inferred in the carrying out of the law in the latter case there must have been a laxity on the part of overseers in 1913 or greater attention to business in 1914.

The total fines imposed in the various cases handled by the police in all branches amounted to \$54,571.

There were in all 1,598 cases handled by the Provincial force.

12,000 KILLED IN ITALY.

Rome, Jan. 13.—The worst earthquake in many years visited Italy today, affecting principally a district which centred at Avezzano, about 60 miles east of here, but which even damaged many landmarks in Rome.

Early reports of the dead at Avezzano may be misleading owing to the fact that telegraph and telephone communication is practically at a standstill, all wires having been shaken down. It is said there are 8,000 dead there, and some make it even more, but this can hardly be as the population of the town is only slightly in excess of 8,000.

In the province of Abruzzi it is reported that there are 18 dead and about 20 more deaths have been reported in scattered towns between here and Avezzano.

Conservative estimates of the number killed place the total at 12,000. It is further estimated that 20,000 were injured.

LOSS OF LIFE HEAVY.

If later reports confirm the first estimate of the dead, the present will be the worst earthquake in fifty years with the exception of the Messina earthquake in 1908, and an earthquake in India in 1905, when 20,000 lost their lives. In the Messina disaster 76,483 lost their lives, and 100,000 were injured.

The shock which preceded the simultaneous cave-in of thousands of buildings in the huge area affected lasted for several seconds. At Avezzano the earth rocked violently, cupolas fell from houses, then roofs tumbled in, then outer walls began to part. Simultaneously scores of fires began in the historic town. Hundreds of persons were buried alive.

Mr. George Carr, a veteran railwayman from Brockville, dropped dead at the home of his son in Toronto.

Letter from G.T.R. Man at Salisbury

Salisbury Plain, Eng., Dec. 27. (To the Editor of The Warder.)

Dear Sir,—I would like if you could allow me a little space in your paper to let the people of Lindsay know how the Lindsay boys spent Christmas Day on the plains in their new huts and among a great deal of mud, of which we have been in ever since we came to England.

Well, Christmas Day was a bright and beautiful day and, we were not forgotten for we had turkey and plum pudding, and also the lieutenant gave each one of us a package of cigarettes and matches, for which we gave him three cheers and wished him a Merry Christmas, and a Happy New Year and he returned the same. Well some of our boys are away on pass; some have gone to Ireland, Scotland and London, so next week is our turn to go on pass, for only a percentage can go at a time and after next week no more passes are to be given as all are geared to get ready and be prepared to go to France, as we will be going shortly I expect.

Now as regards to our huts, they are going to be very nice to what our tents were. The size is about fifty feet long and twenty-two feet wide and they are sheeted outside with sheet iron and the inside with heavy cardboard and a good coal stove, which we never let die out. In our huts there are thirty-three transport men and eight pioneer men so you see it is filled up, but not with ourselves for a lot of us have a lot of company otherwise.

Our life since we left dear old Lindsay has been anything but a pleasant one. We have had a lot of ups and downs, especially since we came to England, but we expect it to be a great deal worse. Our tents were a good imitation for cheese cloth, for every time there was a heavy rain it beat right through as if it was a screen, and believe me it rained often. Our horses, poor things, we had to move them every two days for they would be standing in about ten inches of mortar.

In regard to canteen prices I think these English people must think that the Canadians came out of a gold mine with a sack on their back filled with gold. They were telling us all the time in Valenciennes, "Oh wait till you get to England we will live high there for everything is so cheap," but I think we could buy cheaper in Canada than here.

I have been away once on pass and went to London for three days, had a good time and saw a lot of places of interest, such as Buckingham palace and the Government buildings and was away in one part one Sunday where I don't think a Canadian ever was before and had my boots shined. The police had to clear the road, for you could hear every one that came along say, "Oh there are two Canadians," and they all wanted to shake hands with us, which a great deal of them did. Well dear editor, I think I have said enough, so I think I had better close for now and hoping I have not said anything too hard to hurt anybody.

All the boys of the 45th Regt. join in sending their best regards to all and wishing all a Happy New Year. We remain, the boys from Lindsay.

No. 25,528, Pte. Geo. Wake, E Co., 14th Batt., 1st R. M. Regt., 1st Can. Contingent, Salisbury Plains, England.

P.S.—All the boys are fine and in good health. G. W.

WHAT MOTHERS NEED

Too many women struggle under pains and aches. They are not sick—but weak, nervous, irritable.

Such women need that blood-strength that comes by taking SCOTT'S EMULSION. It also strengthens the nerves, aids the appetite and checks the decline.

If wife or mother tire easily or look sun down, SCOTT'S EMULSION will build her up.

SHUN SUBSTITUTES.

Capt. Malcolm Named After Lindsay

A number of Lindsay citizens were interested in the news item which appeared in The Warder a few days ago concerning the departure of some 78 engineers (students of Queen's University) from Kingston to the Ottawa mobilization camp.

The engineers formed Nos. 1 and 2 sections of "A" company of the Canadian engineers who are mobilized at Ottawa, awaiting orders to proceed to the front, and were in charge of Capt. Lindsay Malcolm, who is a son of Mr. Malcolm, of the Collegiate Institute staff, Stratford, Ont.

Mr. Malcolm, sr., is well-known to a number of Lindsay citizens and to Principal Kirkconnell and Mr. G. A. Lucas of the L.C.I. He at one time taught school, it is stated, at Port Hope, and The Warder is under the impression that Mrs. Malcolm was either a Lindsay girl or a resident of the vicinity, hence the naming of their son Lindsay.

Mr. Vernon Lord, of Penelton Falls, Ont., son of Rev. Mr. and Mrs. Lord, is a member of the above corps of engineers.

MEMBER COUNCIL

The first meeting of the Omemee village council for the year 1915 was held on Monday, Jan. 11, at 11 o'clock, the reve and all members being present.

After filing their declarations of office Reeve Mulligan and his councillors made short, happy speeches in which they congratulated each other on reelection, and expressed the wish that the present year would be a prosperous one for the village.

On taking up business matters the old officers were all re-appointed, with the exception of assessor, Mr. John G. Beatty, receiving the appointment.

Council then adjourned to meet on the first Wednesday in February.

PATRIOTIC CONCERT

MESSRS. FLAVELLE AND JORDAN SPOKE AT PENELTON.

One of the best patriotic concerts of the season was held at Penelton last week, when a large audience assembled in the Methodist Church, the speakers of the evening being Messrs. G. A. Jordan and J. D. Flavelle, of Lindsay, and Rev. Mr. Brown, of Woodville.

The choir was occupied by Rev. Mr. Dafeo, of Manila, and during the evening excellent music was rendered by the choir.

Mr. G. A. Jordan was in good form, and delighted the audience with a crisp and interesting address on patriotic matters, while Mr. Flavelle followed with a weighty speech, bristling with facts. Mr. Flavelle made a capital address, and his remarks were listened to very attentively by all present.

DESERTERS CAPTURED.

Two deserters from the 2nd contingent were arrested last Friday in a Kent-st. hostelry. Lieut.-Col. Fee had been notified of their desertion from the 2nd contingent and was given a description of the men with the result that they were discovered and a force of six men was detailed to go out and take them prisoners.

One of the men escaped and crossed Kent-st., running through a store and out the back way, but was captured in the laneway by two of the soldiers. They will be sent back to Kingston and tried by courtmartial.

FIRST IN THE WEST.

The Warder has received a splendid calendar of 1915 from the Pacific Coast Fire Insurance Co., styled "The First in the West." The calendar gives a glimpse of the harbor and railway yards at Vancouver, B.C., along with Hastings-st., in the same city, also a large picture of an Indian chief, "The First in the West." Mr. David H. Wilson, M.D., is president and Mr. T. W. Greer, formerly of Lindsay, managing director.

Dr. Morse's Indian Root Pills

are made according to a formula in use nearly a century ago among the Indians, and learned from them by Dr. Morse. Though repeated attempts have been made, by physicians and chemists, it has been found impossible to improve the formula or the pills. Dr. Morse's Indian Root Pills are a household remedy throughout the world for Constipation and all Kidney and Liver troubles. They act promptly and effectively, and

MARCH WEATHER.

The change of weather expected of late would make one feel that January has been transferred to March this year. The recent rains and mild atmosphere was welcomed through the filling of many dry cisterns and cutting down the cost of fuel. A continuation of such a pleasing temperature when foodstuffs are so high would help in a small way to keep down expenses.

To prove that a sure thing isn't sure, play it to win.
