Eczema Tortured A Child. About three years ago I had to leave school with sore hands. My teacher said it was Salt Rheum or Eczema and told me to see the doctor.

Mother got some medicine, but it did me no good. After I had suffered with the itching and burning about three months, mother thought she would try Burdock Blood Bitters. I only took two bottles, when my hands got completely cured. —Emma Sheridan, Parry Sound, Ont.

PROWESS OF SAMSON

CAUSES DR. TALMAGE TO PREACH ON THE DUTY OF THE STRONG.

A PHYSICAL BOY AND MAN HERO.

The Preacher Devotes His Sermon to Consider the More Serious Side of Samson's Life, and the Duty of Using Health and Strength for the Benefit of Mankind and Glory of God.

Washington, Feb. 11. — In this discourse Dr. Talmage sets forth the responsibility of those who are strong and well, as in a former discourse he preached to the disabled and "the shut in;" text, Judges xiv, 1. "And Samson went down to Timnath."

There are two sides to the character of Samson. The one phase of his life, if followed into particulars, would administer to the grotesque and the morbid. But there is a phase of his character fraught with lessons of solemn and eternal import. To these graver lessons we devote our sermon.

This giant no doubt in early life gave evidences of what he was to be. It is almost always so. There were two Napoleons—the boy Napoleon and the man Napoleon—but both alike; two Howards—the boy Howard and the man Howard—but both alike; two Samsons—the boy Samson and the man Samson—but both alike.

There he stands, looming up above other men, a mountain of flesh, his arms bunched with muscle that can lift the gate of a city, taking an attitude defiant of everything.

Behold also in the story of my text illustration of the fact of the damage that strength can do if it be misused. It seems to me that this man spent a great deal of his time in doing evil — this Samson of my text. To pay a bet which he had lost by the guessing of his riddle he robs and kills 30 people.

Behold also how a giant may be slain of a woman. Delilah started the train of circumstances that pulled down the temple of Dagon about Samson's ears.

Behold also in the story of my text illustration of the fact of the damage that strength can do if it be misused. It seems to me that this man spent a great deal of his time in doing evil — this Samson of my text.

I hear the groan of the giant as they take his eyes out, and then I see him staggering on in his blindness, feeling his way as he goes on toward Gaza.

How often it is that you do not...

And physical energy indicative of spiritual power! If a clear head is worth more than one dizzy with perpetual vertigo, if muscles with the more than those drawn up in chronic "rheumatics," if an eye quick to catch passing objects is better than one with vision dim and uncertain, then God will require of us efficiency in proportion to what he has given us.

Behold also in this giant of the text and in the giant of our own century that great physical power must crumble and expire. The Samson of the text long ago went away. He fought the lion. He fought the Philistines. He could fight anything, but death was too much for him.

Behold also in the story of my text illustration of the fact of the damage that strength can do if it be misused. It seems to me that this man spent a great deal of his time in doing evil — this Samson of my text.
