OAKWOOD

No sadder accident has occurred in this community for a long time than that which happened last Friday forenoon on Mr. James' farm, just north of the village, when his son William, a young married man, came to an untimely end. It chanced that while he and his brothers and some visiting friends were swinging in the barn that the deceased was thrown from the swing and received injuries which resulted in death. Despite the efforts of medical assistance the spark of life was extinguished in less than twelve hours from the time the accident occurred. The funeral took place on Sunday, attended by a large concourse of sorrowing friends to Little Britain cemetery. The deceased was only 24 years of age and leaves to mourn him a widow and three children. The bereaved have the heartfelt sympathy of the entire community in their sad affliction. Miss Vera Tait is ill with an attack of pleurisy.

The Misses Jacket have commenced dress-making above the Thorndike store.

We have an ideal reading-room, considering what it has been and where situated. The store has been partitioned off and in the southern part which has received a much needed coat of paper is it now located with entrance from the western door. The revival meetings are in progress with a somewhat brighter outlook than they formerly possessed. The "Sons of Temperance" is the name of a society which has lately been organized here in the village.

CAMBURAY

The patrons of the Cambury Cheese Factory will meet on March 11th, to decide on the disposal of the whey this year. Every patron interested should be present as the whey may be sold that day by auction.

LITTLE BRITAIN

Mr. Corners is suffering from inflammation in his right eye. We hope for his speedy recovery.

Ja grippe is going the rounds in the neighboring villages but thus far Britain has escaped with a few mild cases.

Mr. J. Rich, Britain's enterprising tailor, is getting comfortably established in the corner store formerly occupied by Mr. J. B. Weldon. He has a nice stock of spring tweeds.

Mr. R. Greenway has moved from the old homestead on the 6th and is now a resident of Britain. His son William, to whom all things are now new, will be general manager on the farm.

Wednesday, 27th inst., is the date set for a monster gathering at the residence of Mr. and Mrs. J. H. Wickett, the occasion being the marriage of their eldest daughter Alma to Mr. James Rich. We take this early opportunity of extending to the young voyagers our best wishes.

FENELON FALLS

Mr. Chisholm of Deseronto spent Sunday at the Falls.

Mrs. J. Austin returned last week from a visit to her daughter Mrs. O. Kleahn of Desborough.

Mr. H. Puley of Kimmount spent a few days at the Falls this week. The many friends of Mr. G. Graham are glad to see him out once more after his very severe attack of typhoid fever.

The business carried on in Jordan's block for some time back by Mr. A. J. Graham of Lindsay was closed last week and the balance of the stock removed.

In the recent examinations at the Toronto Conservatory of Music the Misses Wilson of Ontario Ladies' College, Whitby, daughters of Dr. A. Wilson of Fenelon Falls, took honors in the department of theory and counterpoint. Miss Lillian also passed her intermediate examinations with honors. We congratulate the young ladies.

The W.F.M.S. of St. Andrew's church held a most successful social in the lecture room of the church on last Friday evening. Refreshments were served, games enjoyed and over \$13 taken at the door.

The talk of the day is that the Rathbun Co. are coming to Fenelon Falls in the spring and we trust the report is correct and that times will be lively here this summer.

A very large crop of ice is being harvested this winter. The ice is thick and very clear and hotels, business men and private parties in both village and rural districts are laying in a good store of it.

The first carnival of the season and a hockey match between Lindsay seniors and Fenelon Falls took place on the ice here Wednesday night. We will give full particulars next week. The hockey team play Keene on the latter's ice tomorrow (Friday) evening. We will give the score of our victory next week.

The annual convention of the West Victoria Teachers' Association will be held in the P.S. Fenelon Falls on Thursday and Friday, March 7th and 8th. These conventions are always good and well attended and as the committee have secured the services of Wm. Scott M.A., Prin. of Toronto Normal School, and E. A. Hardy, B. A., for these sessions, there will no doubt be a large attendance. Mr. Scott will deliver a lecture in Dickson's Hall on Thursday evening on which occasion music will be furnished by local talent.

Last Friday the children of St. James' Sunday school were taken for a sleigh ride by the rector and officers of the school. Five large sleighs and the rector's cutter left Twomey's Hall about 3 p.m. and drove around for a couple of hours visiting among other points Mr. G. Martin's shanty in Somerville. After the drive refreshments were served in Twomey's Hall and a pleasant evening spent, so that the children left for their homes about half-past eight in the evening delighted with their winter outing.

A party named Belch, whose friends reside somewhere in the township of Fenelon was detected passing confederate bills on Saturday evening. He passed bills in the village to the amount of \$35. Then he departed for Somerville but was found in Bobcaygeon on Sunday by Constable Brock and brought to the lock-up. On Monday he was examined by Jas. Dickson J.P., who sent him to Lindsay for trial. He was granted his first trial in Lindsay and has been sentenced to stand his trial at the spring assizes.

FLEETWOOD

Miss Tottie Brown has returned home from Lindsay. She spent a very pleasant week visiting friends. Mrs. Bradburn of Fleetwood spent Saturday and Sunday visiting friends at Janetville.

It is with great regret that we chronicle the death of Mrs. McCrorie, who died on Tuesday night, Feb. 19. Her end was peace. The remains were taken to Graham's burying ground for interment. The family have the sympathy of the entire community in their sad bereavement.

HARTLEY

We are glad to say that Archie McEachern, champion bicycle rider, who has won a great many prizes and who has certainly moved the Canadians to the front in that line of sport, made a short visit at his home. He is a fine sturdy looking fellow and no wonder he is a favorite among the Americans.

The pie social on Feb. 22nd could not help but be a success with so many fine looking girls in attendance.

Mr. and Mrs. J. Stoven from Port Perry, who are on their wedding tour were the guests of Mr. Wm. Manning.

FINGERBOARD

Our public school is closed on account of so many cases of scarlet fever among the scholars.

Mr. John Moose is confined to the house with la grippe.

Mr. Ernest Bolton of Port Perry accompanied by his mother spent a few days recently with Mrs. Jas. Frise.

Master Al. Dowson who has been sick with scarlet fever is convalescent.

Mr. W. D. Rodgers and son Addison of Toronto are spending a few days with his daughter Mrs. Richard Moose who still remains in a very dangerous position with typhoid fever.

Miss Cora Mark is said to be improving after a severe attack of scarlet fever.

The Oath of Allegiance

Judge Dean has been appointed by the Dominion government a Commissioner for administering the Oath of Allegiance, and all magistrates and others who are required upon first assuming office to take such Oath of Allegiance are requested to renew the same to the person of His Majesty King Edward VII. at their earliest opportunity by presenting themselves before the above-mentioned Commissioner.—9-1.

The Small Pox Scare

For the past few days a visit from a man with the small pox has caused the leading sensation. As numerous stories are likely to go abroad and as likely false as true ones it is as well to briefly state the case. A man named W. H. Skel is a traveller for R. M. Beal's tannery. On Thursday last he returned from a trip that included the Sudbury district, which has several cases of small pox. He was stopping at the Simpson House. Feeling unwell he went to Dr. McAlpine who at 11 o'clock Sunday night, the second time he saw him, declared his symptoms to be those of small pox and told him he would be isolated in the morning, however he left the Simpson House and took the train for Toronto via Whitby. Word was promptly sent to the provincial health authorities who the same day put him in the Isolation Hospital. As a result of his stay at the Simpson House it has been closed and the people living there will be kept in for 14 days. This has been done as a precaution although the doctors agree that the disease is not contagious at the stage at which it had developed in this man.
