## The Legislation of That Township Con sider Important Motters

A regular meeting of Ors Council was held on Monday, Feb. 16. All members were present. After the reading and adortion of the minutes of last meeting, the Clerk read the following \_\_\_\_\_\_

Communications;

From John McSweyn, solicitor, giving timely advice and suggestions on municipal matters.

a memorial to the Minister of Railways and Canals orging the speedy completion of the Trent Valley Ca-

Fenelch Boundary Survey.

Mr. John Brock, owner of lott 29, cended by each Commissioner. con. 2, Ors, addressed the Council re the boundary survey recently made adjoining his land, stating that the criginal stine posts marking the n. w. and n. e. corners, respectively, of his farm were disregarded by the surveyor, who based his operations from some rosts on the Fonelon side of teh boundary, notwithstanding the fact that Ors was surveyed before Fencion. The result is that the line on the Fenelon side of the boundary is ercoked, and a straight line between the two rosts referred to on the Ors side would leave the boundary read barely three rods wide for some distance along the centre of the second concession. Mr. Brock, continuing, said the surveyor had put or some stakes in his field at intervals, presumably four rods from the Fenelon boundary, but he did not feel justified in moving his fence to at present. said stakes, being of orinion that the lines run do not properly locate the read. He further stated that if it can be proved that his posts are not properly placed, and that a portion of his land is on the road allowance, he is quite willing to yield it up. Retve McLean explained that com-

plaint had been made to both Fenelon and Ops Councils that said houndary was narrow in some places, and after communicating with Fenelen Council on the matter Ops Council passed a resolution authorizing Fenelon Council to have the roadway properly located and that Ops Council would pay half the cost of the survey. The cost was \$8, and if Fencion Council find that the road is not properly located they will no canbt attend to it.

Omemee Road Derutation. For some time past a number of farmers whose lands are needlessly cost of by the Omemee road on the as by the railroad, have been urging the Council to close said road across those two concessions. A large deputation attended Council on Menday for that purpose, only one of whom expressed himself as opposed to the closing of said riece of road
