THE CANADIAN VICTOR

Tom Longboat has again demonstrated that he is what all Canadians believed him to be, the greatest long-distance runner in the world. His defeat of Shrubbs disposes of the only man he had to fear.

Alfred Shrubbs was the winner of the one-mile English amateur championship in 1903 and 1904, both inclusive, he was the holder also of the four miles and ten miles championships.

During the same four years he also won the Southern Counties, the Nationals, and the International cross-country championships. He won the championship of France at the mile and three miles

In 1902, 1903, and 1904. In 1904 he was the holder of more important championships than any other man that ever ran in England. He holds all the records from two to twelve miles, and the hour record of 11 miles, 1,136 yards, made at Glasgow in 1904. In October, 1905, after returning from an Australian visit, and when on the eve of setting out for Canada, he was notified that the committee of the Amateur Athletic Association had suspended him for breach of the amateur laws.

Much credit is due to Longboat, who has upheld the reputation of Canada. He defeated one of the best runners the world has ever heard of.

**CONSUMPTION A HOUSE DISEASE**

Consumption is a house disease. House life, then, whether it be the home or shop, is the important factor in the propagation and spread of the disease. Important, because in these two places, the home and the work place, men and women spend practically both their waking and sleeping hours. Important, for the reason that in both the home and the shop are produced and maintained, through ignorance of the simplest rules of health, those conditions that tend to impair physical vigor and at the same time produce the germs of disease and death.

**THE TORONTO GENERAL TRUSTS CORPORATION**

In another column of this issue will be found the report of the proceedings of the Twenty-seventh Annual Meeting of the Toronto General Trusts Corporation held at its head office, corner Yonge and Colborne-sts., Toronto, at noon on the 3rd inst.

The profit and loss statement shows gross profits for the year of \$275,150.89, which, together with a balance of \$22,168.78 brought forward from 1907, makes a total credit of \$297,319.67. Against this is charged the total expense of management, etc., in all, amounting to \$143,968.81, leaving a balance to carry down of \$153,350.86. Out of this sum the directors paid in dividends \$75,000; wrote off the balance at debit of safe deposit vaults, \$5,938.50; increased the reserve by \$50,000, and carried forward a balance to the credit of profit and loss of \$22,417.16.

The assets under the control of the Corporation have been increased during the year to the extent of about two million and a quarter, making a total volume of business under the care and management of this corporation of over \$85,000,000.

An analysis of the assets and liabilities statement would seem to make very clear the fact that while the corporation in the matter of investments, keeps strictly within the terms of the trustee investment act, not only with regard to the trust funds under its control, but its own capital account, it secures at the same time for the beneficiaries the estates and its clients generally the

highest possible revenue return, as shown in the very large percentage the mortgage investments bear to the total amount invested by the Corporation.

**THE GREAT CURE**

It is at last being recognized that in the cure or prevention of great social and civic evils the greatest and most effective of all remedies is publicity. This word is rapidly taking foremost place on the stage of our vocabulary, of reform, and indicates more and more the coming of a new method of setting right the wrongs of the world, and straightening out the crooked things. Great are the strength and the significance of publicity.

Publicity operates along the line of a common recognized law. It is well known that the sunlight has great curative qualities. It has been demonstrated that the germ of tuberculosis will linger for years in the dark, with power to do evil, but that it will perish in an instant in the sunlight. And similarly the germ of social evil will last for years in the darkness of public ignorance, but by a single revealing flash of publicity its power and its very existence are doomed. Corruption will not stand, says the Hamilton Spectator.

"My youngest boy, 3 years old, was sick with fever last June, and when he got better the doctor prescribed Scott's Emulsion, and he liked it so well that he drank it out of the bottle, and is now just as plump and strong as any child of his age anywhere... two bottles fixed him O.K." - MR. JOHN F. TEDDER, Box 263, Teague-Freestone Co., Texas.

**SCOTT'S EMULSION**

is the greatest help for babies and young children there is. It just fits their need; it just suits their delicate, sensitive natures; they thrive on it. Just a little does them so much good and saves you so much worry. You owe it to them and yourself to make them as strong and healthy as possible. SCOTT'S EMULSION will help you better than anything else; but be sure to get SCOTT'S. It's the best, and there are so many worthless imitations.

**ALL DRUGGISTS**

Mr. Tedder has just written another letter about his brother-in-law's children. Let us send you his letter and other information on the subject. A Post Card, mentioning this paper, is sufficient.

**HALL-CAMERON**

At the residence of Mrs. John A. Cameron, 292 Stewart-st., Peterboro on Wednesday, Feb. 3, by Rev. Robt. Pogue, of St. Paul's Presbyterian Church, Mr. Adam Hall to Miss Sarah E. Cameron, both of Peterboro.

**McVITTIE-BRADSHAW.**

A pretty house wedding was performed at the home of Mr. and Mrs. R. A. Bradshaw, 3, by Rev. Robt. Pogue, of St. Paul's Presbyterian Church, on Wednesday afternoon, Jan. 27, by the Rev. J. A. Donnell, when Miss Mary D. Bradshaw became the wife of Mr. Norman C. McVittie. Both parties are residents of Halleybury, though Mr. McVittie comes from Bradford, Ont., originally. The house was very prettily decorated with roses and carnations. The bride's dress was of elephant grey material, princess style, and she was supported by Miss Violet Telfer, of Toronto, as bridesmaid. Mr. R. A. Bradshaw, jr., acted as groomsmen, and only relatives of the family were present. After the ceremony a repast was served at which about fourteen sat down. The happy couple were the recipients of numerous choice presents and they left by the 6.12 train for Toronto and other points in old Ontario.

Mr. and Mrs. McVittie are visiting in Lindsay, the guests of Mr. and Mrs. Arch. Bradshaw, Wellington-st.

**CAMPBELL-McILLHARGEY.**

The wedding of Gertrude Mable, daughter of Mr. P. B. McIlhargey, of town, to Mr. Lochlin J. Campbell, of Riverview, Thursday, took place on Feb. 9 at seven o'clock in the chapel at St. Joseph's Academy. The ceremony was performed by Venerable Archdeacon Casey, in the presence of the immediate relatives of the young couple.

The bride wore a blue tulle dress and a pale blue hat, and was attended by Miss Mamie Langway, who was dressed in grey with a black picture hat. Mr. John Campbell, brother of the groom, acted as best man.

After the ceremony the wedding breakfast was served at the home of the bride's brother, Mr. Chris. McIlhargey, Elgin-st. The bride and groom leave to-night for London, Ont., and other Western points. On their return they will reside in Cambridge and will be at home to their friends after April 1.

Both Mr. and Mrs. Campbell have a host of friends in Lindsay and in the surrounding country, and many presents testified to the esteem in which they are held.

**OBITUARY**

**LATE MRS. HOLMES**

The funeral of the late Mrs. F. R. Holmes was held from the family residence, 47 Russell-st., to the Riverside cemetery Friday afternoon the body being placed in the new vault. The services were conducted by Rev. Mr. Wilson, assisted by Rev. Mr. Wallace.

**LATE JOHN BUTLER.**

The funeral of the oldest man in Lindsay, the late John Butler, took place Sunday afternoon from the residence of Mr. John Collins, Durham-st. The funeral was largely attended, deceased being well known throughout the town and country. The pall-bearers were: John Flury, Doan, A. McPhee and John Curtin. The funeral took place to St. Mary's church where services were held, thence to the R. C. cemetery for interment.

**ALBERT ASHMAN.**

On Sunday, Feb. 7, 1909, the death occurred at Fort William, of Mr. Albert Ashman, formerly of Hartley, but for the past eight years a resident of Vonda, Saskatchewan. The deceased was on his way home, and was accompanied by the Rev. Mr. Gilbert Smith, of Brechin, but the Grim Reaper came before the destination was reached. Mr. Ashman leaves but one child, Mrs. William Macdonald, of Lindsay, besides an aged mother, and a number of sisters and brothers to mourn his loss. The remains are exhumed home Tuesday morning, and will be interred in Eden cemetery near Cambridge.

**Eminent Speakers at Missionary Banquet**

J. A. Patterson, K.C., and T. W. Gibson, deputy minister of mines, will deliver addresses at the banquet to be held in the interests of the Laymen's Missionary movement in St. Andrew's church on Monday, Feb. 15th. **PE-RU-NA CHEERFULLY RECOMMENDED FOR COLDS AND CATARRH.**

A Prominent Canadian Gives His Experience With the World-Famous Remedy For Catarrh.

Chronic Catarrh Always Begins With An Ordinary Cold.

So Says Dr. Hartman, the Greatest Living Authority On Catarrhal Diseases.

The first effect of a cold is a thickening of the mucous membranes of the nose and throat. This gives rise to a discharge, or at least a stiffness of the nasal passages. Sometimes fever accompanies the first attack, also a feeling of languor, dullness and aching of the bones. If no attention is paid to it, the mucous congestion is liable to spread down into the larynx, producing hoarseness and into the bronchial tubes, producing a cough.

Even when this occurs, many people pay no attention to it. Under such circumstances, the congestion is liable to become chronic, producing a condition of the mucous membranes known as catarrh. Catarrh lasts an indefinite time. Catarrh is essentially a chronic condition and does not leave except something is done to relieve it.

What should be done when a person catches cold is to take a few doses of Peruna.

Taken at the onset, Peruna would break up the cold and prevent all the train of symptoms which usually follow. But, even in cases where the cold has been neglected and hoarseness or a cough has developed, Peruna can be relied upon to give prompt and permanent relief.

The frequency of coughs and colds in the winter makes Peruna a popular remedy for these ailments. A number of the best people of various countries have given testimonials as to the value of Peruna in such cases.

Followed Dr. Hartman's Advice—Restored to Health.

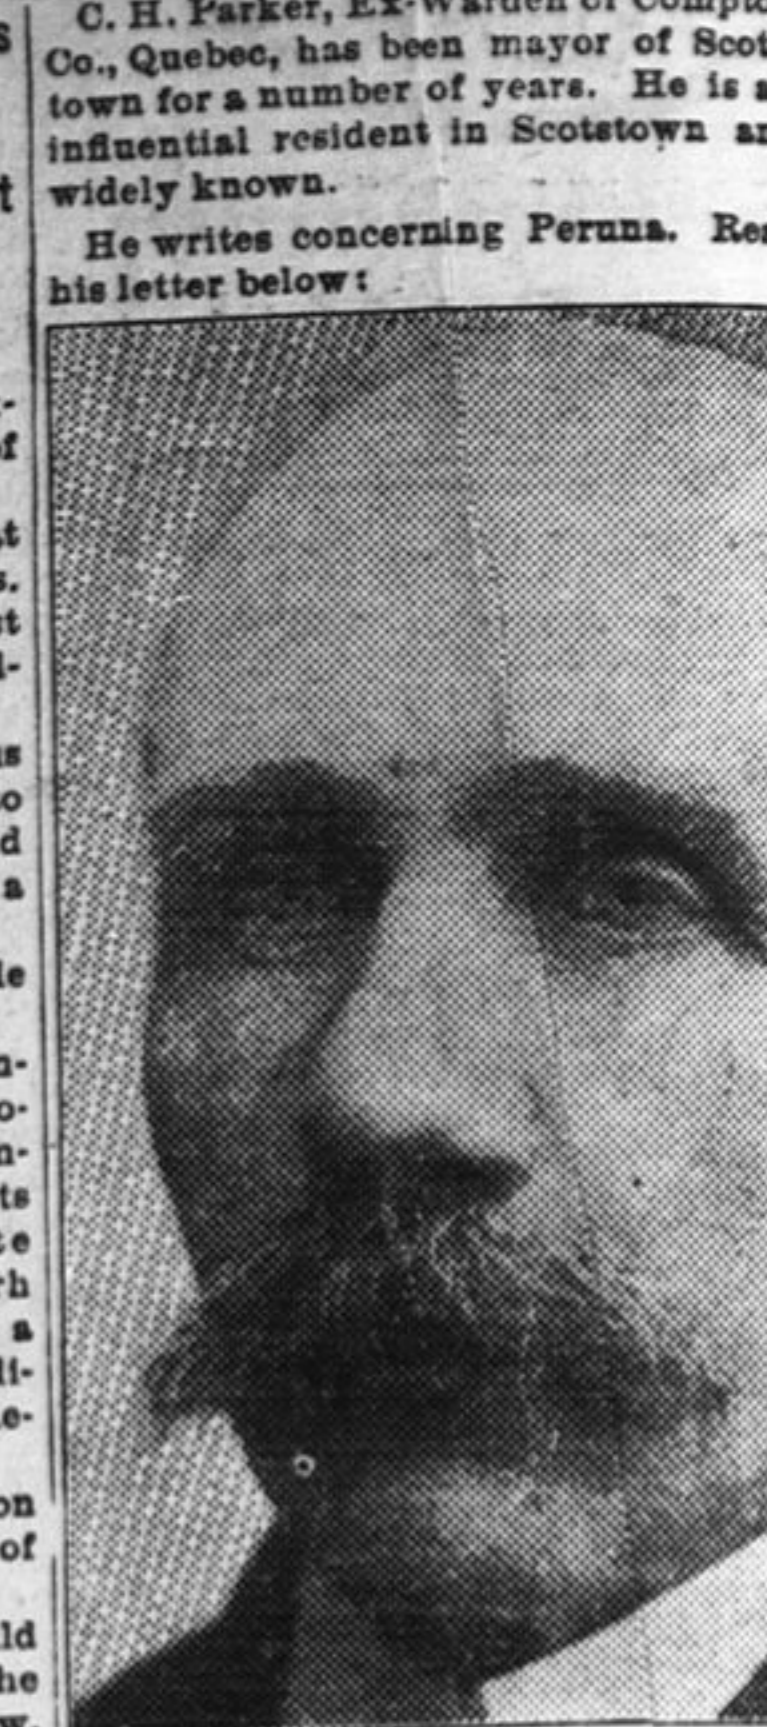

Mrs. Samuelle Vigneau, Ave. A. Berd, Isle de La Magdeline, Canada, writes: "I write to tell you that I am perfectly well. I took only three bottles of your Peruna according to your advice and the directions in your book and it restored my health."

"I had several attacks of colds from time to time and finally a severe attack developed into catarrh."

"I was advised to use your celebrated catarrh remedy, and after taking three bottles I find myself completely cured, and I no longer suffer from catarrh or colds."

"I can cheerfully recommend Peruna for colds and catarrh."

If Peruna had no other medicinal value than the promptness with which it relieves common colds, it would be well worth while for any family to keep it in the house constantly.

IN AID OF CHILDREN. A report has been prepared by J. J. Keiso, superintendent of the children's department, showing the number of children brought to Ontario from Great Britain during the past year. There are eleven agencies engaged in this work, and the total number of children brought to Ontario and placed in foster-homes was 1,988, made up of 578 girls and 1,365 boys. The largest number, 943, came from the Barnado homes, while the second on the list is the Catholic Emigration Association with 308.

**Lindsay Bantams Defeated Fenelon**

From Saturday's Daily. Seven Lindsay juveniles, all under 12 years of age, defeated seven small Fenelon Falls boys in a hockey game at the rink last night, the score being 7-0.

The little fellow put up a surprisingly good exhibition, and the sport should be encouraged. The Lindsay kids had the advantage of gymnasium training and possessed a little more stamina and wind, but the Fenelon youngsters were coming all the time. Quite a number attended the game the proceeds being for a philanthropic purpose. The promoters of the match deserve encouragement for their efforts in advancing the good old game through teaching the ethics of hockey to the little fellows. The line-up was:
