Lindsay Team Tied Fenelon Falls Seven

A picked team from the town league drove to Fenelon Falls last evening and played the team of that village a friendly game of hockey. The score at half time was 4-2 in favor of Lindsay and at the finish 7 all. The ice was not in the best of condition and the game was rather slow. Only a small crowd was present, the Lindsay boys not arriving until 9 o'clock. A return game will be played in Lindsay in the near future. The Lindsay lineup was as follows: Goal, McGrath; point, Newton; cover point, McConnell; centre, Yarrow; rover, Lane; right wing, Burke; left wing, Dougan.

One of Fenelon Township's Oldest Settlers Passed Away

The death of Isaac G. Moynes, which occurred last Saturday, Feb. 20, at the old homestead in Fenelon township, recalls a figure which will be in the memory of not a few Lindsayites, especially the older residents who have witnessed the progress and advancement of Lindsay from a pioneer hamlet to a village, and from a village to the present flourishing town. It was many, many years ago that the deceased gentleman—for he was a gentleman of the highest rank, esteemed and respected by all with whom he came in contact—first settled in Canada, in the banner county of Victoria. His quiet, unobtrusive manner of living, his modesty and integrity of spirit, and his many other excellent qualities won for him the good will of citizens in town, and also of the neighbors in the country.

At that time the town of Lindsay was little better than a swampy cedar marsh, that is one section of the town. There were practically no houses west or north of William-st., while the town was cleared to a certain extent east and south of William-st. Lindsay was then known as Purdy's Mills, the name being derived from the fact that two brothers—the Purdys—were given a large tract of land on condition that they started up a grist mill and a saw mill. This they did, and a scene of much activity was presented. About that time the old locks were being built by the Government.

Some years later Mr. Thomas Moynes and wife moved to Lindsay and took up their residence in the dwelling they now occupy on Regent-st. At that time there were only two houses on the street, while at present there are several houses on Regent-st., and the surrounding streets are also well built up. Mr. and Mrs. T. Moynes, who are both octogenarians, can recall many incidents of the pioneer days of the Lindsay citizens.

VERY LARGE FUNERAL. The funeral of the late Isaac T. Moynes, which was held on Monday, Feb. 22, and which was attended by a large number of Lindsay friends and relatives was one of the largest ever witnessed in the township. It is said that the funeral procession was about half a mile in length, while a large number of other friends gathered at the house to pay their last respects to a much-respected neighbor and friend. The funeral services were conducted by the Rev. Mr. Tonkin, of Cambridge, pastor of the Zion Methodist church, of which church the deceased was a strong adherent. The pall bearers were: Messrs. Jos. McFarlane, W. Campbell, Thos. Robinson, Douglas Brown, Jas. Jackson, and H. Paley.

Supt. Hammond's Salary Increased—Rate for Schools

Superintendent Harry Hammond was given an increase in salary yesterday by the Water Commissioners. He has been getting \$55 a month, and this will be increased to \$65 per month. Mr. Sinclair wanted the increase to be five dollars a month instead of ten and voted against the motion, but it was carried. The full number of members were present at the meeting. The returns of the pumping for January showed that 13 1/2 million gallons of water were pumped, as compared with 12,342,000 in 1908. During the month 78,900 pounds of coal had been consumed, while last year 71,900 pounds had been used. The financial statement for the past year was read and adopted by the board. Discussion arose over the metres used and the best kind to buy. Mr. Hammond's salary was next touched on, and Mayor Begg moved, seconded by Mr. Brady, that he be given an increase of \$10 a month. "I propose cutting that in two," said Mr. Sinclair. The motion carried, however. The trustees of the schools in town using water will be notified that 12 1/2 cents per pupil will be charged during the year. The schools affected are: The Collegiate, the Union and east ward schools, and the convent. Mr. Sinclair introduced the matter of sprinkling the streets next summer. An early arrangement will be made with the town. The commissioners may charge the town a flat rate for water, water the streets and charge the town for it, and use the town team or hire another team. E. Collins, a farmer up the river, has been watering his cattle in the river and thereby causing a nuisance. Proceedings will be taken against him at once by the Board. The Board then adjourned.

Table with 2 columns: Item, Amount. Includes Flat rates, Meter rates, Miscellaneous rates, Lawn rates, Grand Trunk Railway, Hydrant rental, Special arrears, Sundries, Outside work, Stores, REVENUE FOR 1908, CHARGES AGAINST REVENUE, Salaries, Fuel, Maintenance and repairs, Bank interest, Debenture interest, Insurance, General expense, Surplus of 1908.

Is Mr. Fee Overseer of New Locks and Dam?

Has R. M. Fee been appointed overseer of the new locks and dam about to be built in Lindsay? There is a persistent rumor around town to this effect, but it cannot be confirmed. Mr. Fee himself has nothing to say about the matter.

Another Doctor

The large house built by Mr. Jas. Chalmers on the corner of Cambridge and Wellington-sts., it is understood, has been sold to Dr. W. J. Wilson, of Norwood, a son of Dr. J. P. Wilson, pastor of the Cambridge-st. Methodist church. Dr. Wilson, jr., will move in shortly and will continue his practice in Lindsay, as a physician.
