One says, "I have Great Faith in Cuticura Remedies." Another, "They Always Bring Results."

recent cures which I have made by the use of the Cuticura Remedies, Last August, Mr. - of this city came to my office, troubled with a severe skin eruption. At first I could not understand the nature of the case. I finally traced it to his occupation, as he was a painter and decorator. It was dermatitis in its worst form. It started with a slight erup-tion and would affect most parts of his body— thighs, elbows chest, back and abdomen— and would terminate in little pustules. The itching and burning was dreadful and he would almost tear his skin apart, trying to get relief. I recommended all the various treatments I could think of and he spent about fifteen dollars on prescriptions but nothing seemed to help him

"In the meantime my wife who was con-tinually suffering with a slight skin trouble and who had been trying different prescrip-tions and methods with my assistance, told me she was going to get some of the Cuticura Remedies. But as I did not know much about Cuticura at that time I was doubtful whether it would help her. Her skin would thicken, break and bleed, especially on the fingers, wrists and arms. I could do nothing to relieve her permanently. When she first applied the warm baths of Cuticura Soap and applications of Cuticura Ointment she saw a decided improvement and in a few days she was completely cured. "I lost no time in recommending the Cuti-cura Remedies to Mr. ——, and this was two months ago. I told him to wash with warm baths of the Cuticura Soap and to apply the Cuticura Ointment generously. Believe me, from the very first day's use of the Cuticura Remedies he was greatly relieved and to-day he is completely cured through their use. I have great faith in the Cuticura
